### Clinton Local Traffic Authority Workshop

Wednesday, June 26<sup>th</sup> 2019 @ 6 PM

Police Community Room

The purpose of this workshop is to allow vested stakeholders in the Commerce St. / Grove St. Triangle area an opportunity to voice their opinions, concerns, suggestions and comments to representatives of the Traffic Authority, concerning the parking and traffic safety issues that have become amplified by the increased volume of people visiting the two restaurants located at the end of those streets.

While this is not a regular meeting of the Traffic Authority, we will run the meeting utilizing a modified version of "Robert's Rules of Order". Everyone wishing to address the panel will be asked to sign in on a provided call sheet. Each person on the call sheet will be allowed five minutes to address the panel when called. The panel will hear each speaker without interruption. This allows for all persons to present their remarks in a civil and professional environment. If time allows, a second round of remarks may be heard as prescribed by the panel. The Agenda for the workshop is below:

1. Opening Remarks - Chairman Peter Niles, Chief Vincent DeMaio.
2. Clinton Town Code - Sections: 500-6 / 500-7 / 500-8 / 500-11 / 500-12 / 500-13.
3. Overview of Long-Term & Short Term Situations – Chairman Niles, Chief DeMaio.
4. Comments from Participants:
5. Adjourn:

It is very important to the Traffic Authority to receive input from the residents and business owners in the area, so that we can provide that information to the other Town Boards and Commissions which may be part of any long-range planning for future development of the area. We are committed to making informed decisions, which will balance the interests of both residents and commerce.

We look forward to speaking with all of you on Wednesday.

SERVICE. HONOR. INTEGRITY. PROFESSIONALISM.
