

COMMENTS FROM THE CLINTON HISTORICAL SOCIETY  
ON POTENTIAL DEMOLITION OF HISTORIC BUILDINGS ON MAIN STREET  
7/5/2016

The Clinton Historical Society is deeply concerned about the potential loss of the historic barn and two 18<sup>th</sup> century houses on West Main Street which are slated to be demolished to make way for the new CVS drive-through pharmacy.

Two of the buildings date from the 1740s, and all three have architectural features and characteristics that we know, realistically, will not and cannot be replaced. Although we understand that all progress involves change, we simply can't allow these historic buildings to be torn down, one by one. Once they're gone, they're gone and we will never again be able to regain the character of a small New England village that historic buildings convey. They are essential elements contributing to our quality of life. They define and enhance the charm of our downtown streetscape.

The Clinton Historical Society understands the need for economic development in town, but we believe that historic properties should be demolished on Route 1 *only in the most compelling of circumstances* – when the benefits to the town far outweigh the loss of the historic structures themselves.

In this instance, there are other sites that would be more suitable for a new CVS. The previous Friendly's location is one example of a site that would be better able to accommodate the traffic congestion that's likely to occur with a drive-through pharmacy.

Moreover, if the Town is interested in promoting commercial development at the corner of Route 1 and Route 81, there are other more appropriate uses for those historic Main Street properties – some of which might reasonably incorporate the historic houses and barns into an attractive, appealing streetscape that could include cafes, bakeries, small restaurants, and more parking for access to the train station which is slated to be upgraded in the future.

Because the Historical Society was alarmed at the potential loss of these structures, we launched an online petition to gauge public sentiment about this issue. The petition was titled "Stop Demolition of Three Historic Buildings on Main Street." More than 250 people signed it within the first 48 hours, and as of earlier today there were 581 signatures on the petition, 390 of which are from Clinton residents.

We urge Planning and Zoning to vote no on the proposal to land the "floating zone" at the corner of Route 1 and Route 81. Let's preserve the truly valuable assets we have – the charming, historic character of our town – and recognize that those assets contribute more value to both the economic base and to our quality of life than can be easily measured.

REC'D AT PZC  
 Regular Meeting  Public Hearing  
 Special Meeting

JUL - 5 2016

by Julie

I am submitting a copy of the online petition and the signatures to date, along with the text of this statement. I ask that the petition and this statement be made part of the public record of this meeting.

Respectfully submitted,

Megan Stine  
Past President, Clinton Historical Society  
148 Old Post Road  
Clinton, CT 06413

Text of CHANGE.ORG petition launched by Clinton Historical Society:

## STOP DEMOLITION OF THESE HISTORIC BUILDINGS ON MAIN STREET

This historic barn and two 18<sup>th</sup> century houses on West Main Street are slated to be demolished soon to make way for a new CVS drive-through pharmacy at the corner of Route 1 and Route 81. The loss of these properties would be an irreparable loss to Clinton's historic legacy. They are essential elements contributing to the character and charm of our downtown streetscape.

Two of the buildings date from the 1740s, and all three have architectural features and characteristics that are irreplaceable. We cannot allow these historic buildings to be torn down, one by one. Once our historic structures are gone, we can never regain the character of a small New England village that these buildings convey.

The Clinton Historical Society believes that historic properties should be torn down to make way for new development *only in the most compelling of circumstances* – when the benefits to the town far outweigh the loss of the historic structures themselves.

In this instance, there are other sites that would be more suitable for a new CVS pharmacy. The property where Friendly's was previously located is one example. That location, just a bit further west on Main Street, would be better able to accommodate the traffic congestion that is likely to occur when a drive-through pharmacy is placed in the middle of town.

Planning & Zoning is about to vote on a new "floating zone" at the corner of Route 1 and Route 81, which would make way for the new CVS.

**Signing this petition will tell the P&Z commissioners that you oppose placing the "floating zone" in this location.**

**change.org**

Clinton Historical Society

Recipient: Bruce Farmer, Willie Fritz, John Giannotti, Lynn Pinder, Carol Walter, and Gary Bousquet

Letter: Greetings,

Please stop the demolition of historic buildings on Main Street and vote "no" on the new floating zone to be located at the corner of Route 1 and Route 81 for the proposed new CVS.
