4. Superintendent's Proposed 2019-2020 Budget

Discussion:

The Board received copies of the Strategic Plan, Projected Tuition for 2019-20, the 2019-20 Proposed Budget by Object report, the 2019-20 Proposed Budget, and a hard copy of the Superintendent's presentation.

M. O'Donnell noted that the Mission Statement, Strategic Priorities, and Budget Principles guide, anchor, and prioritize the work on the budget. She described how the budget was constructed and how it differs from past years due to the adoption of the Strategic Plan and the Facilities Committee's decision to close Pierson School.

The Superintendent detailed the four big budget drivers of the operating budget, including the Strategic Plan, the district reorganization, the closing of Pierson, and the cost of health insurance.

She provided a cost analysis on the closing of Pierson with a projected cost savings of \$834,841.

She stated that health insurance costs remain a moving target. While currently budgeted for a 14% increase, the administration is hopeful for a significant reduction instead. More solid numbers should be available in April.

At present, the Proposed Operating Budget stands at \$33,262,126, an increase of \$605,452, or 1.85%.

Mrs. O'Donnell provided more detail on the increasing costs as well as cost savings and containment.

Mrs. O'Donnell acknowledged the work her administrative team, and business/central office staff have provided. She thanked the Board for all of its support.

Questions followed regarding medical insurance, transportation, and tuition. The Board emphasized the process it used of looking at the Strategic Plan and listening to what the community has said it wants and needs to develop the 2019-20 budget.

On February 4th, the Board will meet again to vote on the budget. Any questions from the Board should be directed to E. Gelven or M. O'Donnell.
