Memo from Town Manager Karl Kilduff

It is with mixed emotions that I write this memo. I have been honored to serve as Clinton's first Town Manager for 4 years and been fortunate to work alongside a number of great community volunteers, excellent employees, and dedicated elected officials. During that time, we successfully navigated through the pandemic, secured a range of significant grants to address Town needs, upgraded our bond rating from Moody's, moved Pierson forward together and built new programs like Senior Connections to deliver a real program to Clinton's seniors. A new opportunity presented itself which is very attractive and allows me to expand my skill set. As a result, I have decided to accept a similar position in another community. This was a difficult decision to reach. I am proud of the shared accomplishments that have been achieved during my time and a solid foundation has been set for the form of government. My professional success here has been made possible by the close working relationship with council members and dedicated town staff.

Thank you for the opportunity to serve this community.
