

2023
Annual Reports
of the
Town Officers
of the
Town of Clinton

For the Fiscal Year
July 1, 2022 – June 30, 2023

The annual town report is compiled to serve three objectives: 1) to inform and educate the citizens of Clinton, 2) to exchange information and statistics between government agencies and 3) to provide a historical record of the activities of town government and the people of Clinton.

GENERAL GOVERNMENT

TOWN MANAGER

The 2022-2023 year was a time of growth and progress as a community.

Senior Coordinator: The Town has a new Senior Coordinator to develop programs that will meet the social needs of Clinton's senior citizens. Interested seniors can learn more or offer their ideas by emailing cacampora@clintonct.org. Non-seniors can also participate in the new community service by volunteering your time or talents to run a program.

ARPA: The second and final installment of the Town's award of American Recovery Plan Act (ARPA) funding from the U.S. Treasury was released in August. The final payment to the Town was \$1.9 million will be allocated to meet a variety of needs across Clinton following a public process. The first installment has already resulted in payments to support vital nonprofit agencies that serve many in Clinton but were put under extra-ordinary pressure as a result of the COVID-19 pandemic.

Former Landfill: The Town is actively exploring a beneficial re-use of the former landfill. The cost to cap the site has been estimated at over \$6 million. A new approach is currently viable for the Town which would accept outside soils to the site to cap the landfill. The value of accepting fill significantly cuts to cost to the Town. The site is currently being evaluated. The Town is now in the permitting process with the State Department of Energy and Environmental Protection. Once capped, new uses can be explored. There has been strong market interest in a solar farm at the site which could provide the Town with years of rental income.

Town Planner: The Town was proud to welcome Abby Piersall as our full time Town Planner. The demands of the community require an increased level of service and longer-term vision for future development. Abby's appointment is a big step forward for Clinton which will broaden the capacity of the Land Use Department and increase the level of customer services we can provide.

Looking back on the year and the challenges, I would like to conclude by thanking those individuals that made the successes and accomplishments described throughout this report possible - both Clinton residents and town employees.

TOWN COUNCIL

All Town Council meetings were held in the Town Hall Green Room. The meetings can be viewed on line.

In 2022, the Council established a Charter Revision Commission. The Commission completed its work in March 2023 and submitted their draft report to the Council. The Council held public hearings and submitted their revisions to the public for a vote in November 2023.

The Town was awarded the Small Town Economic Assistance Program Grant (STEAP) in the amount of \$500,000 with a 20% match from the town. The funding will be used to offset the cost of the Radio Project.

The Town was awarded a grant from the Department of Energy and Environmental Protection for \$55,000 to be used towards improvements at the Town Beach.

In November, the Council held an informational meeting on the Pierson School Project.

The Council held several workshops on Federal American Recovery Plan Act (ARPA) Funding.

The Council held budget workshops in February and March. A public hearing was held April. The budget referendum was held in May and both the Town and Board of Education Budgets passed.

The council met with the Economic Development Commission to develop goals for the commission.

PROBATE COURT

The Saybrook District Probate Court serves the nine towns of Chester, Clinton, Deep River, Essex, Haddam, Killingworth, Lyme, Old Saybrook, and Westbrook, which have a combined population of approximately 62,000. Judge Jeannine Lewis presides over hearings, and is supported by six staff including Sharon Tiezzi, Chief Clerk, Marge Calltharp, Stella Caione, Helene Yates, Jackie Craco, and Rose Nolin.

The court is located on the second floor of the Old Saybrook Town Hall, 302 Main Street, Old Saybrook, and is open from 8:30-4:30 Monday through Friday. Paperwork for children's matters can be filed in the Old Saybrook location; however, all hearings for children's matters, with the exception of name changes, are heard by Judge Lewis at the Connecticut Children's Regional Probate Court located at 1501 East Main Street, Meriden. Utilizing this court location enables families to benefit from the services of social workers, called Family Specialists, who assist in developing custody and visitation arrangements that provide healthier outcomes for children and their families. Additionally, the judge travels to the homes or residences of persons who are unable to appear in court due to infirmity or disability.

During the reporting year, the Saybrook District Probate Court administered matters with respect to the following areas of the law: 1,843 decedent's estates; 399 conservatorships; 183 trusts; 170 guardianships of the intellectually disabled; 25 children's matters including termination of parental rights, temporary custody appointments, Special Immigrant Juvenile Findings, parentage claims, and guardianships; 55 name changes; 39 compromise of claims/appointments of a guardian of the estate of a minor; and 9 adoptions. The court also performs many administrative functions, and processed 135 fee waivers for indigent individuals to allow full access to its services regardless of ability to pay.

Court hearings take place in person, fully remotely, utilizing the Webex video conferencing platform, or using a hybrid of the two. In addition to the daily work of the court, during the reporting period, Judge Lewis published several short articles for the Events Magazine entitled "Probate Fees 101" and "Do I Need Probate if All of the Estate Assets are Jointly Held?"; spoke at Valley Regional High School to parents and social workers on the topic of how the Probate Court serves persons with intellectual disability; participated in the Haddam/Killingworth Senior Information Expo; spoke on the topic of non-financial elder abuse at the University of Connecticut School of Law; presented on the topic of Do Not Resuscitate orders, advanced health care directives, and the roles of Attorneys and conservators to the Haddam Ambulance Association; provided training to the fourteen Probate Judges who were newly elected in 2022 on the topic of conservatorships, and spoke on the topic of non-financial elder abuse at the Connecticut Association of Probate Clerks May 2023 meeting.

REGISTRAR OF VOTERS

ANNUAL REPORT for June 2022 - July 2023

A primary for Governor was moved on August 2022 with a very healthy turnout. The November election was held for Governor, and other state offices.

The November ballot included a question to allow early voting, which was voted in.

GENERAL GOVERNMENT

ANNUAL TOWN MEETING JANUARY 30, 2023 MINUTES

The Annual Town Meeting was called to order to receive the Annual Town Report and the Audit of the Town of Clinton. Adjourned the Annual Town Meeting at 6:09 p.m. to the Annual Joint Meeting of Boards and Commission.

Town Manager, Karl Kilduff made an opening statement on the affairs of the town and the status of the budget meetings.

Town Council Chairman, Chris Aniskovich, spoke briefly and then opened up the meeting to various department heads, boards and commissions who shared their yearend reports.

Chris Aniskovich, Moderator

Sharon Uricchio, Town Clerk

SPECIAL TOWN MEETING MARCH 15, 2023 MINUTES

The Special Town Meeting was called to authorize the Town Manager to sell the real property of the Town of Clinton known generally as 36R Killingworth Turnpike, map reference 42/23/14 pursuant to a sales agreement to be prepared with Christie Crescenzi, all as approved by the Town Council.

After a brief discussion, a voice vote was taken. 9 yes and 2 opposed, Motion Passed

Chris Aniskovich, Moderator

Sharon Uricchio, Town Clerk

ANNUAL BUDGET MEETING MAY 3, 2023 MINUTES

The Annual Budget meeting was called to order to consider and act upon the budget of the Town for the next ensuing fiscal year beginning July 1, 2023, as prepared and recommended by the Town Council. Also, to consider and act upon the following resolution:

RESOLVED: that this Annual Budget Meeting adjourn to referendum in accordance with Section 10-2-F of the Town Charter, said referendum to be held on Wednesday, May 10, 2023, from 6:00 AM to 8:00 PM, with voting to be done by ballot and held in the Green Room of the Andrews Memorial Town Hall, 54 East Main Street, Clinton, Connecticut.

A Motion made by Hank Teskey and seconded by Carrie Allen to approve Resolution, Motion passed.

RESOLVED: In favor of the proposed Town Government Budget of the Town of Clinton for the fiscal year July 1, 2023 to June 30, 2024 in the amount of \$23,376,078.

A Motion made by Dennis Donovan and seconded by Hank Teskey to approve Resolution, Motion passed

RESOLVED: In favor of the proposed Board of Education Budget of the Town of Clinton for the fiscal year July 1, 2023 to June 30, 2024 in the amount of \$38,772,877.

A Motion made by Hank Teskey and seconded by Carrie Allen to approve Resolution, Motion Passed.

The Moderator asked for any questions or comments. Hearing none, the Moderator asked for a Motion to approve the Annual Budget Meeting to adjourn to Referendum along with Resolutions to approve the Town Government Budget and the Resolution to approve the Board of Education Budget on Wednesday, May 10, 2023, with voting to be done by ballot and held in the Green Room of the Andrews Memorial Town Hall, 54 East Main Street, Clinton, Connecticut between the hours

of 6:00 AM to 8:00 PM.

Carol Walter, Moderator

Sharon Uricchio, Town Clerk

PUBLIC WORKS

DEPARTMENT OF PUBLIC WORKS

The Clinton Department of Public Works provides services with 16 Full time employees. Consisting of a Director, Administrative Assistant to the Director, and 14 employees serving in variety of positions. The primary responsibilities of the department are maintenance of:

- 78 miles of Roads
- Approximately 10 miles of Sidewalks
- All town buildings and grounds, including Board of Education grounds
- Recreation Complexes
- Town Marina
- Town Beach

The Department is also responsible for all service contracts with outside sources that serve the town such as HVAC systems and generators.

The Department is involved in planning and oversight on various Capital projects. This year we were involved with

- Paving of Approximately 4 miles of roads
- Completion of Carter Hill Road Bridge replacement
- Sealing of the Henry Carter Hull Library Exterior
- Survey/Inventory of all Town Sidewalks to determine replacement schedule

- Renovation to Indian River Baseball Infield

The Department continues to work with the Board of Education, the Parks and Recreation Commission and other Town agencies to provide needed support. We continue to provide routine maintenance as well as preventive maintenance to all Town and Board of Education facilities.

The Department continues to revise its mission to meet the needs of the Town during these challenging times. We continue to improve our capability to provide enhanced services to the Town as we are called upon more and more to provide support for a variety of services and projects throughout the Town, and perform these duties in the most fiscally responsible manner.

PLANNING & ENVIRONMENT

PLANNING & ZONING COMMISSION

During the fiscal year 2022-2023, the Clinton Planning and Zoning Commission held 12 regular monthly meetings, 10 regular meetings for Public Hearings, one annual meeting, and four committee meetings. The Aquifer Protection Agency held four regular meetings.

Throughout the year, the Planning and Zoning Commission took into account all public concerns while administering its Regulations and endeavored to act fairly and consistently on all applications. The Commission has continued to work on addressing changes in the Zoning Regulations that are necessary to align them with the Town Plan of Conservation and Development.

Applications received and acted upon by the Clinton Land Use office during this fiscal year are summarized below. Commission action was required only for those listed in bold.

Type of Application	Fiscal Year 2022-2023
Amendments to Zoning Regulations	8
Coastal Site Plan (CAM) Site Plan Review applications	9
Home Occupation Permits	10
Land Use Complaints (including Blight reported & then investigated by ZEO)	116
Subdivisions	3
Sign Permits	2
Site Plans	5
Special Exceptions	4
Vendor Permits	8
Zoning Permits	142
Map Amendments	2
Zone Changes	3
Zoning Reviews	102
Zoning Reviews for Substantial Improvement	376
Zoning Reviews for Inland Wetlands	39

75% of inspections performed within 24 hours of request	
80% of plans approved after first review.	

ZONING BOARD OF APPEALS

For Fiscal Year ending June 30, 2023, the Board received thirty applications. The following actions were taken:

Applications Received:

Applications for Certificate of Variance	23
Coastal Area Management Applications (CAM)	07

TOTAL 30

Variance Applications:

Granted as Requested.....	10
Granted as Modified.....	01
Granted with Conditions	01
Failed to Carry (per State Statutes, 4 positive votes are needed for a variance to carry).....	08
Withdrawn	1
Application Voided	1
Application Not Heard Pursuant to CGS Chapter 124, Section 8-6.....	1

Total Applications:..... 23

CAM Applications:

Approved.....	2
Denied	5
Withdrawn	1
Application Not Heard Pursuant to CGS Chapter 124, Section 8-6.....	1

TOTAL 7

The number of applications increased from 22 in Fiscal Year Ending June 30, 2022 to 30 in Fiscal Year Ending June 30, 2023.

Highlights for 2022-2023

- With the implementation of the new electronic application system, (OpenGov), all applications are now digital and available on the Town's Website.
- State-mandated four hours of training per year for members began. Members are required to complete training by December 31, 2023.

PLANNING & ENVIRONMENT

ECONOMIC DEVELOPMENT COMMISSION

The Clinton EDC spent a great part of the last year developing a true customer-driven Strategic Plan in which local businesses drive its actions. The Commission began work with the Town Manager, Karl Kilduff on a rigorous, 6 -month process to create a Mission Statement and plan that focuses on the most-needed action items that local businesses need to grow and prosper as well as attract new investment and business.

“The EDC develops resources and an environment driven by the needs of our customers that results in compatible economic growth that Improves the quality of life.” This statement clearly reflects that the focus on the customer, in other words, local businesses. The Strategic Plan, however, is much more than simply a Mission Statement; it is an entire process. With very limited resources, it is critical that the EDC identify what needs to be done, what is “doable,” prioritize these efforts and then manage their execution efficiently and effectively. In the coming months, this program will commence, albeit, small at first (a form of beta launch) then broaden to include the entire town.

Much is happening now in Clinton; new businesses and new housing. All reflecting the esthetic of the town. Properly managed, Clinton’s economic future looks very good.

INLAND WETLANDS COMMISSION

The Clinton Inland Wetlands Commission, and/or their authorized agent made the following decisions on applications:

Inland Wetlands Commission

PLANNING & ENVIRONMENT

CONSERVATION COMMISSION

It has been another busy year at the Conservation Commission. The Conservation Commission mission is to map and preserve open space in Clinton, and improve conservation of land, water and air resources.

Some accomplishments this year:

1) Working with the Town to promote Food Waste Recycling. This is a program that we have championed for a couple of years. Finally the Transfer Station received a temporary permit from DEEP. Besides putting notices on the Town website, Facebook, and NextDoor, we have also gone onsite to the dump to hand out flyers. Additionally, we have set up a table on the weekends at the Library. The good news is that there is a pretty steady increase in food scraps being recycled. It was nice to work with Sustainability Committee on this project.

2) The Conservation Commission spearheaded efforts to get Clinton recognized by the National Pollinator Pathway organization. Last year, we worked on educating the public with events run by the Beautification Committee. This year, we are focused on building gardens. The two gardens that have been sited alongside the Indian River across from the fire station were a labor of love. Again working with the Beautification Committee, we planted, watered and weeded these beds. They have been a big hit.

TECHNOLOGY

Although not an exhaustive listing, there's been a comprehensive overhaul and improvement across various aspects of the town's technological infrastructure and services. From upgrading networking equipment to enhancing security systems, and implementing new Wi-Fi access points, to name a few. Customer service support to department staff and computer software and hardware maintenance are daily continuing tasks. Below are some major and minor projects the technology department has performed this year:

Remediation of infrastructure networking equipment; routers and switches. Including upgrading the town phone system from copper to fiber and new Police Department and Town Hall Cable runs.

Configured new software applications for the Police Department.

Continued remediation and new installation of cameras at the Police Department and Park and Recreation facilities.

Provided Wi-Fi coverage at the Indian River Complex by installing new access points.

Installed a kiosk system for online payments for the Tax Office, and carried out a credit card processing solution for the Clinton Boat Docks

- To date 513 requests for support have been addressed through the online ticketing system.

- This number does not cover all the support provided, considering the cases resolved without using the ticketing system or those quickly resolved. (We conservatively estimate the same number of informal requests matches the formal ticketed cases.)

WATER POLLUTION CONTROL COMMISSION

The WPCC is directly responsible for overseeing the Town's On-Site Wastewater Management Ordinance. By Statute, the Commission is also tasked with preparing a Facilities Plan which examines the need for future community water pollution control facilities in the Town of Clinton. This includes measures to protect public health and the welfare of the Town through the identification and prevention of public health nuisances and hazards and environmental degradation.

The past year has seen progress towards implementation of the solutions identified in the Wastewater Facilities Plan. In early 2023, the WPCC began the process of hydraulic load testing of sites in the Downtown Center area. The purpose of this testing and related hydraulic modeling work is to validate the capacity of the sites to accept groundwater discharge from a potential wastewater treatment facility for the Downtown Center. This work is being paid by federal funding from the American Rescue Plan Act (ARPA).

WPCC will work closely with the Town Council regarding feasibility, affordability and implementation. The WPCC also continues to investigate potential funding opportunities for future design and construction projects.

For further information on WPCC activities, please visit the website or come to our meetings. Always check the WPCC web page on the Town of Clinton's website (<https://clintonct.org/205/Water-Pollution-Control>) for any changes.

DESIGN REVIEW BOARD

The Design Review Board evaluates applications for the design, redesign, of signage and buildings. We try to assure that applications conform to Clinton's Design Standards which attempt to uphold Clinton's small town, maritime, New England esthetic. Between July 1, 2022 and June 30, 2023, the DRB met 13 times and approved applications for 34 signs and 1 building.

PUBLIC SAFETY

POLICE DEPARTMENT

The Police Department is staffed with twenty-seven (27) full-time, sworn officers, whom are certified through the Connecticut Police Officer Standards and Training Council (POSTC). The Department also has ten (10) full-time and two (2) part-time civilian employees that perform the many crucial tasks that help keep the department delivering top-quality services to the community. In Fiscal Year 2022/2023, the Department logged over 12,500 incidents or “Calls for Service” as well as performing a multitude of other routine patrol, medical responses and public safety functions. The Department has also completed its initial on-site review certification in Advanced Law Enforcement Accreditation from the Commission on Accreditation for Law Enforcement Agencies (CALEA).

The Emergency Communications Center (ECC) is housed in Clinton Police Department headquarters and is staffed by seven (7) full-time and one (1) part-time dispatchers, whom answer and dispatch all emergency and non-emergency calls for the Police, Municipal Animal Control, Fire and EMS services in Clinton. The Emergency Communications Center is staffed around-the-clock to provide a seamless interface between the public and emergency services. During Fiscal Year 2022/2023,

dispatchers answered four-thousand-two-hundred-eighty-three (4,283) emergency 9-1-1 calls. State records verify that over ninety-nine percent (99%) of those calls were answered within ten (10) seconds. The Emergency Communications Center also answered 30,511 non-emergency calls and inquires.

Funding was secured to upgrade the Emergency Communications Center and work began during Fiscal Year 2021/2022. The ECC upgrade is expected to be completed early in fiscal year 2022/2023 as part of an overall upgrade to the Town’s emergency communications system.

Municipal Animal Control Officer (MACO) is staffed by one (1) full-time Animal Control Officer, whom is trained and certified by the State of Connecticut. MACO responds to all calls for service related to animals, from nuisance complaints to animal bites and any number of unusual animal encounters. The department shares a regional dog pound facility with the Towns of Westbrook and Madison, which is located at the Clinton Department of Public Works property. In Fiscal Year 2022/2023, MACO had seven-hundred-fifty-seven (757) animal related involvements including nineteen (19) animal bites, two-hundred-twenty-eight (228) animal complaints and five-hundred-ten (510) compliance and safety checks in local parks and public areas.

PUBLIC SAFETY

VOLUNTEER FIRE DEPARTMENT

As first responders to fires, public safety, medical emergencies and disasters the Clinton Volunteer Fire Department, Inc. protects the lives and property of the Town of Clinton residents and visitors. The Department advances public safety through training in fire prevention, investigation and education programs. The Core Values of the department are SERVICE, ETHICS, BRAVERY, SAFETY, HONOR, DEDICATION and PREPAREDNESS. By combining all of the components of our core values, the department will maintain its constant state of readiness to meet all threats and challenges, traditional and new.

The department as a whole responded to over 2322 calls for service, including but not limited to, brush and house fires, alarms, motor vehicle and boating accidents, marine rescues, hazardous material spills, medical emergencies and other public service calls. (7/1/22 – 6/30/23)

Our members spend countless hours away from family and friends to meet the demands of our ever expanding services. Continuing education both hands on and classroom sessions are constantly increasing to meet the requirements for certification, which are governed by state and OSHA regulations.

The department continues to participate in local events; Christmas in Clinton, supporting the food pantry with Fill a Fire Truck and members continue to deliver exceptional fire prevention program to community groups of all ages.

HEALTH & HUMAN SERVICES

YOUTH & FAMILY SERVICES

As the Town's designated Youth Service Bureau, we not only provide basic programs but attempt to respond to emergent trends impacting our children such as suicide, substance abuse, stress and anxiety, family dysfunction, juvenile delinquency, issues with gender identity and career and vocational concerns and interests. Much of our work involves working with Clinton Public Schools and the Clinton Police Department.

In 2022-2023 we continued with many of our signature positive youth development programs including Mother Daughter Night Out, Home Alone, Juvenile Review Board, Job Shadow, and summer camp as well as topical programs throughout the year.

The Job Shadow program is a collaboration between our agency and Morgan, and it allows 11th grade students to shadow a professional in a career field of their choice. Last year we served 70 students in 20 one-time placements.

Low-cost summer camps were available throughout the summer, including Hiking and Enrichment Camp, a 5-session initiative which offered activities in gardening, marine biology, and improvisational theater to children aged 8-12. Six youth also served as counselors-in-training during these summer programs. The summer of 2022 saw the return of the Summer Partners mentoring program, which matches Morgan and Joel students for 8 sessions of activities and field trips. Twenty-four youth participated in Summer Partners.

Professional level individual and family counseling with our licensed Marriage and Family therapists remains a core service we offer to residents. In many instances, our services are the first line of help for families to sort through the many complexities of modern family life: anxiety, depression, divorce, stress, school failure, truancy, as well as helping families navigate the complex maze of the mental health field. We served 36 individual or family cases.

We continued our suicide prevention program, training 55 community members in 10 separate QPR Gatekeeper trainings, including CPS district staff. A total of 595 community members are now trained.

We also introduced Clinton Community Conversations, a new community initiative to lower our town's suicide attempt rate. Over 125 residents and school staff participated in our CCC kickoff meeting in September 2022.

SOCIAL SERVICES

Clinton's Social Services is a division of Clinton Human Services. Social Services is committed to helping income-eligible residents with basic needs such as food, clothing, and shelter, and assists residents in applying to appropriate local, state and federal programs. Those programs may include, but are not limited to, energy assistance, SNAP (food stamps), renters' rebate, access to state health insurance, and general advocacy for those residents who need a voice in navigating these often-complex systems or need help with difficult family situations. We assist when we can with certain situations involving utility advocacy, homelessness, relocation due to unsafe living situations, eviction prevention, etc. The department works with Youth and Family Services in providing camp scholarships and other programs to children in need. We partner with CT Foodshare in hosting a mobile pantry site in the Annex parking lot on a monthly basis, distributing food to anyone in need.

We assist our veterans, the elderly and single-parent families with many of the aforementioned programs. Below are some of the other programs we assist residents with, some of which are in conjunction with many of our other local providers and non-profit organizations such as Families Helping Families, Salvation Army, Warm the Children, Lions Club, Bare Necessities, and

other local organizations.

This past fiscal year, with the help of many, we provided assistance to 435 Clinton households, serving 180 children and 774 adults and seniors.

Other programs include:

Back to School Back Pack Program, providing backpacks and school supplies to children.

Holiday Gift Giving Program for Children/Adopt a Family, Warm the Children, Thanksgiving and Holiday Meal for SNAP/SNAP-eligible clients' assistance.

Muir Trust, Operation Fuel, Soldier's, Sailors' and Marines' Fund. Emergency Food, Clothing, Housing and Transportation.

Work with the State Elderly Protective Services program and State Department of Children and Families as needed.

Information on Employment and Training Initiatives, partnered with Workforce Alliance Summer Youth Employment Program to employ 5 Clinton youth.

Assistance with affordable/senior/disabled housing and rent assistance are persistent critical needs for many of our families. As our local population ages, we see an increasing need in this area, as well as transportation, socialization and other basic needs.

PARTNERS IN COMMUNITY (PiC)

Partners in Community is Clinton's coalition that focuses its work on preventing youth substance abuse and promoting mental health. Our mission is to promote an environment that supports a healthy, drug-free lifestyle and positive development for our youth. Members of all sectors of the Clinton community meet together monthly to create opportunities to inspire positive attitudes and empower healthy choices in our youth and adults. Examples of PiC's initiatives include: hosting Medication Take Back events, advising REACT at Morgan and Eliot Schools, and educating the community on drug use trends and new research.

2022-2023 Highlights:

Morgan REACT: 100 plus participants annually. Activities included: successful Haunted Hallways in October 2022, QPR (suicide prevention) training for students, mental health informational campaigns, vaping education campaigns, and marijuana information campaigns. Morgan REACT students began work on a drug and alcohol prevention and mental health promotion campaign.

Eliot REACT: 20 fifth through eighth graders and their parents met for monthly meetings which continued to educate students and parents about protective factors to keep kids making positive decisions. 8 Morgan students served as Morgan Mentors for the Eliot REACT students during their meetings.

More than 20 Eliot parents met every other month to learn about family communication, using teachable moments to talk about substance use with their children, the dangers of marijuana and vape product use, adolescent brain science, and other prevention skills.

PiC staff and several Morgan REACT members attended the Youth to Youth conference in Ohio in June where two Morgan students served as Youth Staff, an earned leadership position.

One Morgan REACT student served on the CT Governor's Prevention Partnership Peer Advisory Council.

The Medication Take Back Day was held in conjunction with the Clinton Police in October 2022. 4 Eliot REACT students and 2 Morgan REACT students assisted with this event.

PiC funded billboards on Route 1 about the dangers of using marijuana, vape products, and alcohol by teens.

PiC organized the monthly "Therapy Dog Day" at Eliot, bringing 2 teams of therapy dogs and their handlers to the students during school.

HEALTH & HUMAN SERVICES

LOWER CONNECTICUT RIVER VALLEY COUNCIL OF GOVERNMENTS

RiverCOG, one of Connecticut's nine Councils of Governments, is governed by the chief elected / executive officials of its 17 member municipalities: Chester, Clinton, Cromwell, Deep River, Durham, East Haddam, East Hampton, Essex, Haddam, Killingworth, Lyme, Middlefield, Middletown, Old Lyme, Old Saybrook, Portland, and Westbrook. The RiverCOG is responsible for planning of regional land use, transportation, emergency preparedness, environmental conservation, economic development, and homeland security. RiverCOG also provides services such as household hazardous waste collection and now serves as the county-equivalent government for federal purposes.

Projects in FY23:

Finalization and adoption of the first Regional Housing Plan in 2023.

Work began on its first Comprehensive Economic Development Strategy (CEDS), a federally recognized economic development plan.

The region continued to work with the Connecticut Institute for Resilience and Climate Adaptation (CIRCA) and their Resilient Connecticut 2.0 project.

Continued to host and staff the Lower Connecticut River

Land Trust (LCRLT), the Regional Agriculture Council (RAC), and the Connecticut River Gateway Commission (CRGC)

Continued work as the fiduciary agent for the Department of Emergency Management and Homeland Security (DEMHS) Region 2 of the state's emergency planning efforts through grants provided by the federal government

Offered Household Hazardous Waste and paper shredding collections from April to October as a free service to residents of the region.

Staffed the Regional Planning Committee (RPC) and aided in interpretation of regional land use referrals

Served as the area's Metropolitan Planning Organization (MPO) and were involved in many transportation-related projects through State and Federal funding

Hosted compost bin/rain barrel sales

Development of web-based regional data dashboards utilizing ArcGIS Online framework

Received Thriving Communities grant from the federal government and started work on transit-oriented development planning

Continued working with CTDOT on LOTCIP, TAP, TRIP, Community Connectivity and other types of projects throughout the region.

HEALTH & HUMAN SERVICES

CONNECTICUT RIVER AREA HEALTH DISTRICT

The Connecticut River Area Health District (CRAHD) is a six-town local health district. CRAHD provides core public health services to the towns of Clinton, Old Saybrook, Deep River, Haddam, Chester, and Killingworth. The district is responsible for implementing programs and supporting policies that improve the health of its residents. The district provides a strong environmental health and code compliance program, targeted public health nursing services, health education and promotion activities, disease tracking and prevention, and public health preparedness planning.

COVID-19

The Emergency declaration for Covid 19, officially ended May 11, 2023. This declaration enabled us as a health district to provide health services to our residents during the COVID-19 Pandemic. The ending of the declaration does not signify the eradication of the Covid virus. We will continue to provide support and direction for our residents as the need arises.

Environmental Health:

This fiscal year proved to be another busy one for the environmental health section. Our licensed Sanitarians performed a variety of environmental health functions and conducted a wide variety of inspections. Inspections, permitting/licensing activities, and targeted education are conducted in the following areas:

On-site sewage disposal: soil site evaluations, installer, and engineered plan reviews, permitting for new, upgraded, altered, and repaired systems, installation inspections, as-built drawing review, issuance of permits to discharge.

Food service establishments: restaurants, caterers, food stores, school cafeterias, nursing homes, churches, vendors, temporary events, and farmer's markets

Body care establishments: cosmetology shops, nail and beauty salons, barber shops, and tanning salons

Child day care centers and group day care homes

Overnight-stay facilities such as hotels, motels, inns, bed & breakfasts

Public swimming pools, including spas and condominium pools.

Public bathing areas include freshwater bathing and marine water beaches.

General Nuisance/Other Complaints: CRAHD Sanitarians respond to a variety of citizens' complaints such as: housing, rodent infestation, garbage and odors, septic overflows, general

nuisance, well and water supply issues, and poor sanitary conditions.

Private water supplies permitting, location approvals, testing, lab report reviews, advice on treatment and maintenance.

Campgrounds: Inspections to ensure minimum sanitary standards

Childhood Lead Poisoning Prevention: Lead Paint hazard reduction, abatement orders, education to homeowners, tenants, and property owners. Case follow up of childhood elevated blood lead levels.

Housing: landlord-tenant issues related to minimum housing standards

Community Health:

The Public Health Nurse (PHN) has continued to work closely with all our school districts conducting surveillance for flu-like illness, COVID, to assist in control of illness in the schools, and to support health education and promotion activities while school is in session. PHN continues to offer support and guidance to all school nurses and day care providers as Covid-19 continues to affect the children/ adults of our district.

The Public Health Nurse continues to monitor ContaCT for COVID-19 positive cases that occur in clusters with individual reach out for those less than 18 years of age. PHN has reviewed and investigated the small clusters at summer camps to monitor contact tracing, watching for in camp transmissions with review of policies and procedures at camp as needed. As well as monitoring and providing guidance as needed. PHN has kept close communication with schools and received weekly COVID-19 counts monitoring for increase in clusters and concerns.

CRAHD has administered close to 35,000 COVID vaccines that began 12/28/2020 and continued through 5/16/2023 to date 3 days a week. CRAHD is vaccinating all eligible age groups. Clinics here are mostly based at CRAHD's central office, with car side service as needed for those unable to get out of cars, since 6/12/2021. PHN continues to make infrequent home visits for those home bound requiring boosters again till 5/13/2023.

Outreach and education are provided for diseases of importance such as hepatitis A, B, and C, elevated childhood lead levels, COVID, Lyme disease, West Nile virus, Zika, and other vector borne diseases. The district monitors mosquito borne diseases and managed mosquito control activities in the towns that participate.

HEALTH & HUMAN SERVICES

ESTUARY TRANSIT DISTRICT

The Estuary Transit District (ETD) was formed in 1981 by the nine towns of the Connecticut River Estuary region with a mission of providing local, coordinated public transportation for all residents of the area. The nine towns have now grown to twelve and include Clinton, Chester, Deep River, Durham, Essex, Killingworth, Lyme, Middlefield, Middletown, Old Lyme, Old Saybrook, and Westbrook. Service is operated under the name River Valley Transit.

ETD offers multiple transportation services in the region. Twelve routes serve the main corridors of the region and provide connections to public transit providers serving the surrounding regions. ADA paratransit service is provided along fixed routes for people with disabilities. Seasonal ParkConneCT service is provided from to Hammonasset beach.

Door-to-door service is provided throughout all member towns as well as Durham, East Haddam, and Haddam through its Dial-A-Ride service. XtraMile on-demand service serves areas in Old Saybrook and Middletown. ETD also provides a taxi voucher program to provide half price taxi trips to seniors and people with disabilities.

ETD's services are subsidized by federal, state and local funding. This allows for inexpensive fares of \$1.75 for routes, \$.85 for people with disabilities, and \$3.50 for Dial-A-Ride and ADA paratransit. Students of participating state colleges and universities may ride any route for free with a UPass. ETD also receives a Title III grant through the area agency on aging which allows area senior citizens to ride Dial-A-Ride on a donation basis in lieu of the fare.

After several years of planning, Middletown Area Transit became part of ETD on July 1, 2022, nearly doubling the size of the district. All service was rebranded as River Valley Transit in April.

ESTUARY COUNCIL OF SENIORS, INC.

The Estuary Council of Seniors, Inc. (ECSI) is a nonprofit regional senior center located at 220 Main Street in Old Saybrook with congregate cafe sites in Killingworth, Lyme/Old Lyme, Old Saybrook and Clinton. Since 1974, the ECSI's mission has been to promote quality of life, community involvement, and independent living for people aged 50 and over. Last year the Estuary served 83 residents a total of 12,186 home-delivered meals and an additional 78 residents joined us for 2,134 congregate meals. Our Emergency Medical Outpatient Transportation provided 22 individuals with 156 rides to medical appointments. We had over 4000 visits by a total of 257 people overall to the center from residents of Clinton.

In addition to our essential senior services, ECSI is a fun place for mature residents to exercise, dance, play cards, go on trips together, get a massage or facial, hear an interesting lecture, attend an art exhibit, get a haircut, take a painting class, join a book club or writers' group, volunteer, shop at the Thrift Shop, use our fitness center, or just sit and enjoy our beautiful view. ECSI has a lovely, large facility that welcomes senior residents of the Estuary shoreline region.

For information and schedules of our services and programs, please call 800-388-1611 weekdays from 8:00 a.m.-4:00 p.m. or visit our website at www.yourestuary.org. If you do not already receive our monthly newsletter, please call us and we'll be happy to add you to our mailing list or send it electronically. The newsletter is also downloadable from our website. We are pleased to continue to serve the residents of the Town of Clinton and to be an integral part of services for seniors in the Estuary Region.

RECREATIONAL - CULTURAL - HISTORICAL

PARK AND RECREATION COMMISSION

The Parks and Recreation Commission/Department are housed at the Indian River Recreation Complex, at 201 Killingworth Turnpike, Route 81, Clinton, CT. This facility includes a Turf field (with lights), which serves as a soccer field, lacrosse field (lined for both men's and women's games) along with a field hockey field, two additional soccer fields, a 90-foot baseball diamond (with lights), baseball and soccer concession stands, a 1.3 mile walking trail, an administrative building which houses the office of the Parks and Recreation Department, fishing along the Indian River banks, a pavilion along with a playground and a basketball and pickle-ball court (with lights). This facility is utilized by the Clinton School Systems Athletic Program, Harry Swaun Little League, Babe Ruth League, Clinton Huskies, 30+, 40+ and 50+ Soccer Leagues, Clinton Youth Lacrosse and our own P & R programs such as Clinton Youth Soccer and multiple Youth Clinics and Camps, just to name a few.

We continue to maintain and make improvements to existing facilities – Peters Recreation Complex (located on Glenwood Road), Clinton Town Beach (located at the end of Waterside Lane), Hesser's Pond (located on Airline Road) and our Bailey's Dog Park (located on Glenwood Road). A grant for Town Beach improvements is earmarked for 2023/24. Improvements include upgrades to the Large Pavilion and the old bath house, and a new basketball court. The Peters Complex is also utilized by the Clinton School Systems Athletic Program, the Joel School P.E. Program, Clinton Touchdown Club, Clinton Youth Lacrosse Program, Youth Rugby, Harry Swaun Little League, Shoreline Sluggers, Civic organizations and our own programs. The Peters Complex includes four Little League Fields, one Softball Field (with lights), Basketball Courts (with lights), a Skate Parks (with lights), Football Field (with lights) and a practice field with portable lighting. The Parks & Rec Department and Commission would like to thank the Rotary Club for their generous donation of another bench under the pavilion at the Peters complex.

The Department has a Field Refurbishing Program that overhauls one field per year to maintain quality playing surfaces. Along with overhauling and maintaining our fields for the best playing surface we can offer, it is important to us that we continue to try and identify spots inside of our recreation area to develop additional Mini-Parks/Passive Recreations areas similar to Hesser's Pond, the playscape and pavilion at the Indian River Complex. The Department of Public Works (DPW) has the responsibility of maintaining our field in conjunction with the Director of the Parks and Recreation. With the help of DPW and the Director of the Parks and Recreation Department, our facilities and fields will continually be well maintained. This collaboration helps us to provide the best possible field and facility conditions possible to the community.

The Parks and Recreation Department continues to work with the Department of Human Services (Clinton Youth and Family Services and Social Services) in scheduling programs for our youth during school vacations and the summer months. We hosted our second annual "Go Fly a Kite" event in May at the town beach. We had an even greater turnout for our Family Night at the beach on August 5th; all events were an enormous success! We had another successful "Halloween Window Painting Contest" downtown. We look forward to collaborating with the Clinton Land Trust next year to present another very successful program of "Who's Been in my Backyard?"

We are thrilled that our program offerings and participation were up substantially this year. We look forward to offering

more new programs in the future! We continue to rely heavily on volunteers. Without these volunteers, some of our programs would not be possible.

We want to express our gratitude to all of the Town's Boards, Commissions and Departments for their support and assistance with the many projects that we partake in. We, at the Parks and Recreation Commission, are inspired by their dedication to the Clinton Community. The Parks and Recreation Commission is actively seeking additional space for passive and active recreational development. The Commission has active plans and projects to enhance our current facilities and is always open for suggestions to improve our facilities and to expand our programs. Our facilities and programs are second to none throughout the Shoreline. The Commission is supported by a number of participants that are actively involved. The Clinton Town Beach, our prize summer attraction, continues to be upgraded for more enjoyment during the beach season. We moved the playground from the old Pierson school property to the town beach to offer even more fun for the kids! The Parks and Recreation Commission introduced new facility policy changes to better serve the community.

Our sincere thanks go out to all who have given their time to the many programs and events made available to this fine community. We would not be able to offer some of our programs without our volunteers. Our thanks go out to all the local businesses and organizations that have made generous donations over the years, which have enabled us to enhance and upgrade our facilities. With your many contributions, the P & R Department has been able to go above and beyond our own expectations to provide the best possible recreational services, events, facilities and programs to the community.

Please be sure to check out our website: <https://parkrec.clintonct.org>. We also have an on-line registration system in place for your convenience.

HENRY CARTER HULL LIBRARY

The Mission of the Henry Carter Hull Library is ***"To provide an inviting and dynamic environment, where all members of our community may discover both information and inspiration."***

The HCH Library continues to ramp up its programming offerings with the help of some amazing community partnerships. This was the year of wellness and nature at the Library as we continue to offer our very popular yoga and meditations sessions.

The Arbor Garden Club presented a series for homeowners looking to attract pollinators and upgrade their gardens. The Clinton Land and Conservation Trust partnered with the library to share an informational program about bees and an extremely popular owl program. The Clinton Land Trust also partnered with the Library to offer a walk through one of their nature trails followed by a painting class for kids. Clinton's Human Services Dept brought a mental health series to the Library along with a vitally important support group for area grandparents raising grandchildren.

Federal ARPA funds allowed Clinton's Human Services to partner with the library to offer in-person, one-on-one technology help. In February, Matthew Capece was hired as a Technology Navigator to offer help and tech workshops for the community based out of the Library. Since Matthew came on board, he has helped over 100 local patrons with technology issues.

The Library welcomed an additional 825 new library card holders this year, both children and adults and had over 80,000 visitors to the building. There's something for everyone at The Henry Carter Hull Library and if you haven't been in a while, you don't know what you're missing! Log on to our website, hchlibrary.org, sign up for our newsletter and follow us on Facebook and Instagram to stay informed.

Henry Carter Hull Library Board of Trustees: Rich Santanelli **President**, Ken McDonnell **Vice President**, Dave Reynolds **Treasurer**, Mike Brochu **Secretary**, Christina Acampora, Dianne Flynn, Paul Gebauer, Mary Gilbert, Elizabeth Goldstein, Bob Igo, Val Nye, Laurie Santos, Michael Valenti.

HISTORIC DISTRICT COMMISSION

Present day Clinton has an amazing number of 17th, 18th and 19th century buildings still standing, which are listed in the United States Department of Interior's Department of Parks' National Register of Historic Places. The National Historic Preservation Act of 1966, as amended, established the National Register of Historic Places. The Act authorizes the United States' Secretary of the Interior to maintain and expand a National Register of districts, sites, buildings, structures, and objects significant to American History. Administration of the National Register of Historic Places is by the Department of Interior's National Park Service. Clinton currently has two National Register Districts, with a third one on the way – namely Commerce Street (from Route 1 to Lobster Landing). Once authenticated, the owners of Commerce Street's 59 contributing, historic houses will have access to grants through the State's Historic Homes Rehabilitation program -- if they use the property as their primary residence. And the Methodist church will be eligible to apply for SHPO's HRF grant program.

PUBLIC SCHOOLS

REPORT OF THE BOARD OF EDUCATION CHAIR AND THE SUPERINTENDENT OF SCHOOLS

The following report represents a summary of the highlights of the 2022-2023 school year.

District Strategic Objectives

1. Create an equitable learning system to ensure inclusion, access, and achievement for all students.

All students must be provided with the appropriate opportunities and supports for learning which leads to academic achievement. With that goal in mind, the district implemented various initiatives, including the new Joel Transitional Bilingual program and improved English Learner family engagement and outreach. The special services department implemented a new state mandated software program called CT-SEDS and provided additional training in developing quality individual education plans. Joel Elementary School's PreK programs received continued NAEYC Accreditation in Spring 2023. Paraeducator Professional Development was expanded to meet state law requirements which requires 18 hours of training on pertinent topics in literacy, math, school safety, and behavior management. The district focused on utilizing data through student assistance teams to engage broader staff perspective and establish goals for student support and improvement.

2. Provide individualized and personalized learning experiences to develop engaged and reflective learners who can apply their learning.

Focused work to improve learning experiences included extensive curriculum writing and facilitated work in Math, Science, History, Engineering, English, and Family-Consumer Science. The elementary and middle school staff expanded their understanding of the Science of Reading and explored and selected new literacy materials to support an improved approach to teaching reading. Grades 6-9 implemented a new math program and engaged in professional development to support the implementation of materials to strengthen the district's mathematics pathways and offerings. The middle school and high school staff worked to develop authentic performance tasks and expand instructional practices designed to engage students in thinking and learning. As part of the continued work to expand STEM experiences at the high school the district launched the 1st year of the ECAMP dual credit program in manufacturing as a partnership with Goodwin University. Other new programs included implementing the Seal of Biliteracy recognition, CPR/First Aid certification for all health students, and increased dual enrollment opportunities. The high school adjusted the counselor model at Morgan to better support students' mental health needs and to develop a more cohesive and connected post-secondary planning and exploration process.

3. Create a welcoming and supportive school community focused on establishing relationships and providing supports

that foster the health and well-being of all.

The district continues to support the development of positive school communities through its commitment to staffing schools with qualified counselors, mental health staff and behavior specialists who provide direct services to our students and extended support to our families. Specific programming was implemented at each school to support social-emotional development and re-engage our students and families following the lifting of pandemic restrictions.

4. Create a safe, effective, and fiscally responsive school district by ensuring proper planning and management of district resources.

School safety and fiscal management were at the forefront of efforts in the 2022-2023 school year. The district collaborated with the Clinton Police Department to conduct safety walks at each school building with first responders and implemented enhanced security measures. The focus for school security work was to improve crisis communications and collaboration with first responders. The safety teams successfully implemented new communication software for school crisis situations, tested the systems, and created protocols and a plan for use. Other work related to this strategic objective included the implementation of a new Employee Management software for onboarding and human resources functions and a software platform for teachers to manage and access curriculum resources. The technology department implemented new protocols to improve network and system security.

Student Achievement on State and National Assessments

Academic achievement and growth in Clinton showed signs that students are rebounding and scores have mostly increased compared to 2021-2022. At The Morgan School, SAT results show that the impacts of the learning interruptions due to COVID are waning and the results for the Class of 2024 are continuing to surpass state averages. This past year, the number of dual enrollments in college-level courses at The Morgan School such as Advanced Placement, UConn ECE, and Goodwin University remained strong. These opportunities allow students to experience college-level coursework and in most cases, to earn college credit which helps to offset the future cost of college tuition. The Next Generation Science Standards Assessment scores for grades 5, 8, and 11 in the spring of 2023 exceeded the state averages and showed an increase in grades 8 and 11 scores. Finally, students in grades 3-8 participated in the Smarter Balanced Math and Literacy state assessments. In almost all grades, students exceeded state performance averages and demonstrated growth in math when compared to their performance in 2022. The spring 2023 assessment scores show an overall decline in Reading achievement in most grade levels. The impact of the pandemic continues to be a consideration and the implementation of a new reading curriculum in grades K-8 is intended to address the learning needs of our students.

CLINTON PUBLIC SCHOOLS SPECIAL SERVICES DEPARTMENT

Over the last year, our special services staff supported the needs of all students as we continued to navigate the lasting social-emotional and academic impact of the pandemic. Our priorities continued to center on student mental health, social emotional learning, and meaningful academic engagement.

Our school year began in July with a four-week special education extended school year program which is mandated for designated students receiving special education. Members of our staff provided required instruction in reading, math, and related services including speech and language therapy, occupational therapy, and physical therapy. This afforded us with the opportunity to continue working with our students presenting with significant needs in order to maintain their progress over the Summer and prepare to return to school in the Fall of 2022.

During the year, we explored opportunities for our students with disabilities to participate in extracurricular activities including in the arts and Unified Sports and events. Our students and staff members enjoyed these activities and our goal is to increase these meaningful opportunities in the years ahead.

In order to address the changing and increasingly complex needs of our students, we also made changes to our special education service delivery model across schools for the upcoming school year. Through reallocation of existing staff, we made programmatic changes at all levels to more effectively address the needs of our students. Additionally, we collaborated and consulted with our local Regional Education Service Center (LEARN) to help inform best practices at the preschool level in order to most effectively meet the needs of our youngest learners with complex developmental and learning profiles as they begin their educational journeys.

Building the capacity of our staff in order to meet the changing needs of our students also remained an area of focus. Members of our special services department attended a variety of professional development sessions throughout the year which focused on Autism, behavior, trauma, Dyslexia, and assessment. Our district Board Certified Behavior Analysts provided training to certified staff members and paraprofessionals and staff also participated in external professional development opportunities both virtually and in person. These training sessions provided staff with new learning to address current academic and social emotional needs of our students.

Throughout the 2022-2023 school year, we implemented a new IEP platform and trained our staff in utilizing the new statewide web-based special education data management system (CTSEDS) to support the development of new IEP and 504 plans. A team of internal expert trainers met regularly throughout the year and served as invaluable resources for colleagues at the building level. In addition to assisting us with developing high quality education programs to support the needs of students with disabilities, the new CTSEDS system now allows us to provide parents with access to a parent portal to view these documents electronically and in their native language. By the end of the 2022-2023 school year, all student IEP's and 504 plans were successfully moved over to the new system.

PUBLIC SCHOOLS

LEWIN G. JOEL JR. SCHOOL

The Joel School community embraced the 2022-2023 school year as one of renewed connection and celebration! Our faculty and staff remained committed to meeting the diverse needs of students for whom early educational experiences may have been impacted by interrupted learning. Collaboratively and creatively we worked to provide each student with an education that met individual academic, social, emotional, and behavioral needs and fostered strong home-school relationships.

Our school and district embraced several initiatives designed to improve teaching and learning. The year began with the addition of a Transitional Bilingual Program which provided instruction in Spanish and English to eligible students in Grades 1 through 4. This program enabled students to access grade level content in their native language while simultaneously acquiring English language skills. In addition, homeroom teachers collaborated with a district multilingual specialist regarding how best to meet the needs of multilingual learners. Members of the English Language Arts Curriculum Committee, Literacy Specialists, and Teachers on Special Assignment took a deep dive into the “Science of Reading” through participation in professional development. This led to the exploration of potential resources to meet the needs of students and the selection of the EL. Teachers in K-3 continued to work in partnership with an outside consultant and school literacy specialists to implement the Foundations program which positively impacts student learning of early literacy skills. Homeroom teachers in Grades K to 4 continued to implement the Bridges Math Program in conjunction with the interactive component, Number Corner. Students in Grades K-4 received instruction using the Mystery Science online program based on the Next Generation Science Standards. Finally, all students received instruction in General Music, Visual Arts, Healthy and Balanced Living, Library-Media, and World Language- Spanish with optional participation in Chorus, Band, and Project Adventure to further enrich our curriculum. Students in Grades 3 and 4 were assessed using curriculum-based assessments, universal screens, NWEA MAPS, NAEP, and the Smarter Balanced Assessment. Data from these assessments provides information to guide future instruction. Students with special needs received specialized instruction through the Intensive Learning, Student Support, and Learning Strategies programs while students identified as Talented and Gifted received instruction designed to enrich and extend their learning.

JARED ELIOT MIDDLE SCHOOL

Eliot Middle School experienced a great school year in 2022-2023! We welcomed back 419 students to begin the year. We were also excited to welcome new staff members to our Eliot Community.

During our first few days of professional development in August, we kicked off the year discussing our district-wide focus on equitable opportunities for all students. At Eliot, our overarching theme “TOGETHER WE CAN REACH ALL LEARNERS,” embraced our dedication to ensuring student success and well-being. We were proud to unveil a series of transformative initiatives aimed at fostering an inclusive and supportive educational environment.

September-June

School-Wide Updates/Activities:

At our annual Open House in September, we invited parents/guardians to tour their child's classrooms and meet their teachers for the upcoming school year.

Start With Hello Week, a vital initiative within the Sandy Hook Promise, fostered an environment of kindness, inclusivity, and connection. Throughout the week, a series of daily activities engaged both students and staff in meaningful interactions. Our ‘Eliot Promise Team’ made up of staff and students, who are committed to making a positive impact in our middle school, set up a presentation for all students and planned activities. Eliot’s ‘Start With Hello Week’ truly demonstrated the power of unity and the commitment to building a more compassionate and connected school environment. Our “After Hours Program,” began and was a huge success. Some of the teacher-led afterschool clubs included Art Club, Lego Club, Coding, and many more. Our fall sports (boys and girls soccer, cross country, and field hockey) also started their season. In November, we held Parent-Teacher Conferences, our student government held a food drive to benefit a local food pantry, we hosted a wonderful Veteran’s Day Assembly to honor our veterans, we had a successful book fair, and brought back the annual dodgeball tournament for all students. December was a bustling month at our school, filled with a wide array of exciting events and activities. As students geared up for the winter break, one of the academic highlights was MAP testing, where our students showcased their growth and skills.

In January, we recognized our ‘Students of the Month’ from September - December. Our Eliot library ran a yearbook contest for all of our students, our ski club was underway, with the support of our amazing Friends of Eliot parents and guardians, Eliot Winter Sports were busy with games and practices, and auditions for the Eliot Musical, Willy Wonka, Jr., took place. March always proves to be a busy time of the year for our middle school! Our spring After Hours program was underway, 8th grade students engaged in course selection for the Morgan School, and parent-teacher conferences were scheduled for the end of the month. Our ‘Read Across America’ event kicked off encouraging students to dive into the world of books with enthusiasm and imagination. In April, Eliot put together a spectacular production of “Willy Wonka, Jr.,” a musical that showcased the incredible talent and dedication of our students and staff. The months of rehearsals and hard work truly paid off, as the cast and crew transported us to the magical factory of Willy Wonka. In addition, our 6th graders embarked on an unforgettable weeklong field trip to Nature’s Classroom, an immersive outdoor education experience. During this adventure, our students had the opportunity to explore the natural world, engage in hands-on science experiments, and build lasting friendships. They learned about ecology and teamwork, while enjoying the beauty of the great outdoors.

THE MORGAN SCHOOL

The Morgan School welcomed 521 students on Tuesday, August 30, 2022, beginning the 153rd year of providing the youth of Clinton with an outstanding educational opportunity.

The annual STEP program for incoming freshmen was held in mid August. Over the three days, 108 freshmen met with 141 Morgan students and staff and participated in a variety of activities intended to help ease the transition to Morgan. Our STEP program was featured on Channel 8’s “What’s Right with Schools” highlighting how our freshman orientation program sets Morgan apart from other schools in the area.

The Morgan School Guidance Department hosted a Virtual Financial Aid Workshop. Ms. Jodi Seymore, Assistant Director of Student Financial Assistance at Sacred Heart University was the speaker reviewing the financial aid process, financial aid applications and some helpful resources along the way.

PUBLIC SCHOOLS

The Morgan ECE Marine Science and ECE Physics students won big at the UCONN Cardboard Boat Race at Avery Point. ECE Marine Science won the People's Choice from the Instagram polls and ECE Physics won the race overall!

We were pleased to be able to host our annual Veterans Day Assembly on Friday, November 11, 2022. We are thankful for all the men and women who have served, continue to serve our country and for those that have made the ultimate sacrifice. There was a luncheon provided by our culinary students after the program. The event was live streamed for those that could not make it in person.

Morgan Scholars for the 2022-2023 year were announced at the November 21, 2022 Board of Education meeting. The students who have earned the Morgan Scholar Award are Jillian DeMaio, Noelle Main, Dillon Moore, Victoria O'Neill, Leah Scoppa and Davis Walker. To earn the distinction, a student must be ranked in the top 5% of his/her respective class. Juniors and seniors are eligible for the award. The students were awarded a Morgan sweatshirt with "Morgan Scholar" embroidered on it in recognition of their achievements.

Class of 2027 students and families attended our 8th Grade night on Wednesday, March 1, 2023. Students visited the high school during the day and came back in the evening with their families to learn more about transitioning to high school. Morgan administration and school counselors were there to share information about Morgan and answer questions to help students and families feel prepared for the transition. Student-led tours were also offered after the presentation for those interested.

On Thursday, February 23, 2023, 33 selected students were inducted into the National Honor Society. This ceremony took place at The Morgan School, and students attended with their parents.

New Members of the National Honor Society:

Kayla Brinkman, Ainsley Corgan, Sean Davis, Mia Di-Giandomenico, Robert Estabrook, Anna Fasulo, Gavin Gersz, Chloe Jackson, Ava Johnson, Jacob Jones, Caroline King, Riley Kuever, Ainsleigh Landino, Abigail Lyon, Maeve Madura, Noelle Main, Ryan Marszalek, Jaylee Milhomme, Dillon Moore, Ashley Reemsynder, Madelyn Sacta Guartazaca, Will Saunders, Matthew Schmardel, Riley Schmidt, Leah Scoppa, Shannon Slie, Sara Stack, Courtney Vause, Molly Vitola, Davis Walker, Samantha Way, Julia White, Eileen Whittel

The Morgan Musical presented Damn Yankees with three performances from March 24, 2023 through March 26, 2023.

Each year the Connecticut Association of Schools (CAS) honors exemplary artists at the high school level in the performing and/or visual arts. This year the Morgan faculty selected Brayden Esler as the CAS Outstanding Performing Artist of the Year and Anastasia Colebank as the CAS Outstanding Visual Artist of the Year. Congratulations to them on this incredible honor.

The Class of 2021's Top 10 students in alphabetical order: Luke Gagliardi, Eve Gardner, Charlotte Monty, James Nguyen, Bridget Orr, Sofie Passante, Abel Rodriguez, Muntara Singh, Leah Vath, Sophia Vigorito

Class of 2020 Valedictorian: James Nguyen, Salutatorian: Abel Rodriguez

Senior and Underclassmen were honored with award presentations in May and June highlighting academic, athletic, service activities and accomplishments of students at The Morgan School. Commencement exercises for the Class of 2023 were held on Monday, June 12. 155 students were awarded their diplomas.

BOARD OF EDUCATION FOOD SERVICES

The food services program is self-sustaining and directly funds the salaries and benefits of a director, three managers, and ten part-time staff.

BOARD OF EDUCATION BENEFITS AND CONTRACTS

The Board of Education offers health, dental, and life insurance to eligible employees. Health insurance benefits are offered via the Connecticut State Partnership Plan. Cost-share percentages are determined by the collective bargaining agreements and range from 20% to 22% in the 2022-23 fiscal year. Other benefits include 12-13 paid holidays, 15-20 sick days with accumulation to 90-180 days (some with partial payout at retirement), 2-5 personal days, and 10-30 vacation days as determined by contract.

Group	Contract Span	Increase	Expiration
Teachers (EAC)	Year 1 of 3	2.77%	6/30/2025
Administrators (CAA)	Year 1 of 3	2.99%	6/30/2025
Administrative Assis.(MEUI)	Year 2 of 3	2.46%	6/30/2024
Paraeducators (SEIU)	Year 2 of 2	3.21%	6/30/2023
Terms of Employment	Year 2 of 2	2.5-3.0%	6/30/2023

EMERGENCY SCHOOL CLOSURES & DELAYS

In the event of inclement weather that prohibits the safe arrival of students and/or their safe return home, school may be canceled, delayed, or dismissed early. During such events, parents are notified directly via telephone and email utilizing the School Messenger system. Additionally, notice is posted on the district website at www.clintonpublic.net. Many radio and television stations are notified, including WFSB Channel 3, WTIC Fox 61 News, WTNH Channel 8, and WVIT Channel 30, and other local stations may also pick up the communication on their feeds.

TOWN SERVICES DIRECTORY

MEETING DATES

All board and commission meetings are open to the public, in person or virtually, with the exception of executive sessions.

The Town Managers Office, 860-669-9333, will provide information for scheduled meeting times and places of boards and commissions. Meeting information is available on the town website www.clintonct.org.

Agendas of upcoming meetings are posted on the bulletin board outside the Town Clerk's office and on the town's website www.clintonct.org.

Minutes of meetings are available for the public's reading in the Town Clerk's office as well as on the town's website www.clintonct.org.
