## TOWN OF CLINTON, CONNECTICUT

January 31, 2025

Residents of the Town of Clinton  
Town Manager, Michelle Benivegna  
Town Treasurer, Todd Pozefsky  
Members of the Town Council

We are pleased to provide the fiscal year 2023-2024 Annual Comprehensive Financial Report of the Town of Clinton for the fiscal year ended June 30, 2024. The purpose of this report is to provide citizens, board members, investors, grantor agencies and other interested parties with reliable information about the Town of Clinton.

Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the management of the Town. Management of the Town is responsible for establishing and maintaining internal controls designed to ensure that the assets of the Town are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with GAAP. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the calculation of costs and benefits requires estimates and judgments by management. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner that presents fairly the financial position and results of operations as measured by the financial activity of its various funds. All disclosures necessary to enable the reader to gain an understanding of the Town's financial activities have been included.

This report includes all the funds and accounts of the Town. It includes all activities controlled or dependent on the Town, which are identified as general, special revenue, capital projects, trust and agency funds. The Clinton Board of Education (grades K through 12) are considered departments of the Town and therefore, these activities are included in this report. The Clinton Ambulance, Library and Volunteer Fire Department are governmental entities having operations within the Town but are separate legal entities. Their operations have therefore not been included in the Town's financial statements.

PKF O'Connor Davies, LLP, a public accounting firm fully licensed and qualified to perform audits of municipalities within the State of Connecticut, has audited the financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Town of Clinton, Connecticut for the fiscal year ended June 30, 2024, are free from material misstatement. The independent audit involved examining on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Town of Clinton's financial statements for the fiscal year ended June 30, 2024, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the Town was part of a broader, federally mandated “Single Audit” designed to meet the special needs of grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government’s internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal and state awards. These reports are available in the Town’s separately issued Single Audit Report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Town’s MD&A can be found immediately following the independent auditor’s report.

## **Profile of the Town of Clinton**

The Town of Clinton was incorporated as Connecticut’s 137<sup>th</sup> town in May 1838. The Town is located seventeen miles east of New Haven, adjacent to Madison to the west, Westbrook to the east, Long Island Sound to the south and Killingworth to the north. The Town is located approximately 100 miles east of New York City, 40 miles south of Hartford, Connecticut and 120 miles southwest of Boston. The Town encompasses approximately 17.2 square miles within Middlesex County.

The Connecticut Turnpike (Interstate 95), the Boston Post Road (Route 1), and Routes 81 and 145 traverse the Town. Metro-North/Shoreline East and Amtrak also provide rail service to New Haven, Boston, and New York. In addition, Bradley International Airport, Connecticut’s busiest commercial airport and the second-busiest airport in New England is located 53 miles north of Clinton in Windsor Locks, Connecticut and is serviced by over 12 major airlines. In addition, Tweed New Haven Airport, located 20 miles west of Clinton, in New Haven, provides a convenient regional airport option for flying, serviced by Avelo airlines, which offers over 18 direct flights to cities throughout the east coast. The Town is also served by the State of Connecticut Department of Transportation that operates buses on multiple routes that include New Haven, East Haven, Middletown, Guilford, Madison and Old Saybrook, in addition to the River Valley Transit District service that provides public transit busing throughout the lower Connecticut River valley region.

Clinton is a balanced community of residential, waterfront, commercial, retail development, industrial/manufacturing and rural areas. Employee opportunities in Clinton are multifaceted with Healthcare, Manufacturing, Education and Retail accounting for 50% of the employment opportunities. Clinton is the home of the Clinton Premium Outlets. With over 70 retail spaces and approximately 1,000 full and part time employees, it continues to be one of the major attractions and employers in Town.

The Clinton Public Schools provide a comprehensive education consisting of a balanced, rigorous curriculum and social emotional learning and support to approximately 1,500 students in grades PK-12. In addition to the Morgan School, Clinton high school students have access to area vocational, agricultural and magnet school options within Middlesex, New Haven and New London counties.

The Town’s location adjacent to Long Island Sound provides residents with a public beach, two public launch ramps, and six marinas that provide approximately two hundred mooring and seven hundred boat slips. The Town beach includes a pavilion and recreation facilities. In addition, the Town maintains a Town Marina with a second smaller public beach facility as well as docking for approximately 56 boats.

The majority of Town government offices are located in the historic William Stanton Andrews Memorial Town Hall. Because of its character and magnificent setting overlooking Long Island Sound on Route 1, the historic auditorium in addition to other historic rooms throughout the building are always in high demand for rental by theatrical, musical and cultural groups.

A listing of Town offices and further information about the Town may be found on the Town's official web site, [www.clintonct.org](http://www.clintonct.org).

## **Form of government**

The Town of Clinton's municipal government operates under a Town Charter. The voters of the Town of Clinton in November 2019, voted to change its Town Charter and form of government from a Board of Selectmen/First Selectman governing body to a Town Council/Town Manager form of Government. This change became effective November 19, 2019. The present Town Manager was hired on June 10, 2024, for a term of three years.

The Town Council consists of seven members serving four year staggered terms. The Town Manager is appointed by the Town Council and is responsible for supervising and coordinating all matters pertaining to the delivery of Town programs and services. The Town Meeting is the legislative body of the Town.

The voters of the Town at referendum must approve the annual budget, supplemental appropriations and bond authorizations exceeding certain amounts. Refunding bond authorizations are approved solely by the Town Council.

## **Local economy and major Initiatives**

The Town's position as a residential community is illustrated by the fact that approximately 72% of the October 2022 grand list was residential. The Town has several subdivisions in various stages of completion.

The economic base of the Town is diverse. In the current tax period, commercial property generates the majority of the revenues with the leading taxpayers being and the estimated taxes; the Clinton Premium Outlets, \$1,515,969, Connecticut Water Company \$921,734, Indian River Shops Killingworth Turnpike (Big Y grocery store and retail shops) \$511,576, Connecticut Light and Power (Eversource) \$473,771, Triple Net Clinton, (Shop Rite grocery store and retail plaza) \$369,318, Jerome Properties (Stop & Shop grocery and retail plaza) \$359,692. These top taxpayers are examples of the mix in economic enterprises within the Town.

According to the Connecticut Department of Labor, in June 2024, Clinton's unemployment rate is 2.2% and is comparable with the area and overall State rates as reported by the State of Connecticut Economic Digest Report for June 2024. The Town's Per Capita Income was \$56,399 and the Median Family Income was \$110,556 as reported by the U.S. Census Bureau, and Advance CT.

Clinton continues to support development and redevelopment of properties throughout the community, in support of economic and community goals outlined in the Town's Plan of Conservation and Development (POCD). The Town is currently updating its POCD and will focus heavily on the economy, housing, transportation, and resiliency planning to support future economic development goals.

Development at the Indian River Shops, the site of the former Morgan High School, continued during the last fiscal year. Development pads have been graded and permitting is in place to expand the commercial footprint in the future. The property owners are engaging in conversation with the Planning and Zoning Commission to expand permitted uses to bring additional services and amenities to the site.

Redevelopment of the former Unilever property is ongoing. The Transit Oriented Development District, which governs land use for this project, was expanded to include additional properties the developer acquired. The Grand," a 45-unit apartment building which opened in late 2023 continues to see high demand due to its adjacency to the train station and proximity to Clinton's downtown and I-95.

The Town selected a developer to create 50 units of affordable housing and a senior community center at the former Pierson School, located on East Main Street in the heart of Clinton. Zoning approvals were granted in October of 2024. Activating this 47,000 square foot vacant property will bring new residents and activity to the Town Center, in support of area businesses.

The Clinton Premium Outlets hosted new special events in 2024 which drew attendees from the region. These events resulted in multiple economic benefits including increases in shoppers at the Outlets and positive feedback from local restaurant owners who experienced additional demand during events. The success of these events has led the Clinton Premium Outlets management to work with the Planning and Zoning Commission to grow their event plans in late 2024 and into 2025. Diversifying the activities available at the Outlets compliments businesses on site and brings additional customers to Clinton to shop and dine throughout Town.

Additional projects in 2024 included the dredging of the Federal navigation channel in Clinton Harbor. This waterway supports tourism and marine industries, a critical component of maintaining a vibrant commercial harbor. Other projects supporting Clinton Harbor included expansion of office facilities for a large private marina and a new contract for a seasonal restaurant at the Town dock.

The Town continues to support and improve pedestrian access that connects commercial centers along Route 1. An extension of sidewalk facilities from the village commercial district was underway in late 2024 and leads to two major shopping centers in the eastern area of Town. Design work began in 2024 for a sidewalk extension west from Clinton's Downtown past several businesses and multifamily residential developments, using Transportation Alternatives Program funds.

Work continued on the Town's public safety radio communications system, funded in part by a \$500,000 grant from the State of Connecticut. This project currently in process, will equip the communications department with the latest technology and resources allowing for better communications and efficiency among public safety responders within the Town of Clinton as well as surrounding towns. The project is anticipated to be completed in 2025.

### **Long-term financial planning**

The Town, as part of the annual budget preparation process, updates its five-year capital improvement plan (the "Plan"). The Plan is a systematic program to add or replace capital items for each department within the General Government and Board of Education.

The Town's long-term financial planning is focused on continued funding of necessary improvements to the Town's overall infrastructure while balancing the impact to the taxpayer and on the general fund balance.

### **Relevant policies and practices**

The Town's financial policies have been applied consistently with the prior year and had no notable current year effect on the financial statements. To ensure the Town maintains a prudent level of financial resources to protect against reducing service levels or raising taxes and fees due to unanticipated revenue shortfalls or one-time expenditures, the Town's fund balance policy states the Town should maintain a minimum undesignated/ unassigned fund balance of no less than 20% of budgeted expenditures. In accordance with current budgeting practices, the unassigned fund balance may be used on a one-time basis to lower taxes or offset one-time capital expenditures and in accordance with prudent budgeting practices the unassigned fund balance will not be used to offset normal operating expenditures.

## **Whistleblower and anti-fraud policies**

The Town has a whistle blower policy that establishes the guidelines of reporting any behavior that would not be in the best interest of the Town.

The Town is committed to protecting its assets against the risk of loss or misuse and has established an anti-fraud policy that outlines principles to which the Town is committed to preventing, reporting and managing fraud, theft, waste, abuse, or other dishonest conduct.

## **Awards and acknowledgements**

Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Clinton for its annual comprehensive financial report for the fiscal year ended June 30, 2023. This was the fifth consecutive year that the Town of Clinton has achieved this prestigious award. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

In January 2025, S&P Global Ratings division of Standard and Poor's, reaffirmed the AA+ rating for the Town of Clinton.

The preparation of the Town's Annual Comprehensive Financial Report could not have been accomplished without the dedicated services and cooperation received from department personnel throughout both the Town and Board of Education. I offer my appreciation and thanks to all in the completion of this major accomplishment.

I would also like to thank the Town Manager, Town Council, and Board of Education, for their support and guidance through this process along with their dedicated interest, support and leadership in planning and conducting the independent oversight of the financial operations of the Town in a responsible and progressive manner.

Respectfully Submitted,

Robert Tait

## **Independent Auditors' Report**

**Town Council  
Town of Clinton, Connecticut**

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Clinton, Connecticut ("Town"), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, budgetary comparisons, and the pension and other post-employment benefit schedules as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The combining fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Information***

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 31, 2025 on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

**TOWN OF CLINTON, CONNECTICUT**

**Management's Discussion and Analysis  
For the Year Ended June 30, 2024**

---

As management of the Town of Clinton, Connecticut ("Town"), we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2024. Please read it in conjunction with the Town's financial statements immediately following this section.

**Financial highlights**

- On a government-wide basis, the assets and deferred outflows of resources of the Town exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year as follows:

Change in net position	\$ 4,905,563
Total net position	70,358,544
Unrestricted net position	(4,743,615)

**Governmental activities:**

- Significant factors for the increase in net position are as follows:

➤ negative operations of the general fund of	\$ (367,650)
➤ positive operations of the capital projects fund of	2,364,865

Conversion to accrual basis on Exhibit E:

➤ capital outlay net of depreciation/amortization expense of	190,218
➤ change in intergovernmental receivable of	(759,337)
➤ net long-term debt activity of	3,140,204
➤ change in net pension liability of	851,168
➤ change in net OPEB liability of	(137,153)
➤ change in deferred outflows/inflows of resources related to pension of	(1,079,562)
➤ change in deferred outflows/inflows of resources related to OPEB of	348,580

- Capital assets increased by \$190,218 due to additions in excess of depreciation/amortization expense.
- The Town's long-term debt decreased by \$3,151,604 during the current fiscal year due to scheduled principal payments of \$3,905,656.

### Governmental funds:

- As of the close of the current fiscal year, the Town's governmental funds reported a combined ending fund balance of \$25,974,838, an increase of \$1,893,368 in comparison with the prior year due to:
  - The general fund has negative operations of \$367,650 substantially due to revenues in excess of budget of \$2,045,750 and budget savings of \$483,294. These were offset by appropriation of fund balance of \$3,314,000. The Town ended the year with an unassigned fund balance of \$15,664,487.
  - The capital projects fund has positive operations of \$2,364,865 due to transfers in from the general fund and the timing of capital project expenditures.

### **Overview of the basic financial statements**

This discussion and analysis is intended to serve as an introduction to the Town of Clinton's basic financial statements. The Town's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to financial statements. The statement of fiduciary net position is used to present financial information about activities for which the Town acts solely as an agent for the benefit of employees and others.

### **Government-wide financial statements**

The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Town's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference between these accounts reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The statement of activities presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses reported in this statement are for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements present the functions of the Town that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the Town include general government, public safety, public works, planning and development, culture and recreation, health and welfare, and education.

### **Fund financial statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

### **Governmental funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Town's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements.

By doing so, readers may better understand the long-term impact of the Town's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for each major fund. The funds reported as major funds are as follows:

- General fund
- Capital projects fund

Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these other governmental funds is provided in the form of combining statements on Schedules 4 and 5.

### **Proprietary funds**

The Town maintains one type of proprietary fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Town's various functions. The Town's Internal Service fund is the only proprietary fund and captures the risk financing activity for heart and hypertension. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financials.

### **Fiduciary funds**

Fiduciary funds are used to account for resources held for the benefit of parties outside the Town. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

### **Notes to financial statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

### **Required supplementary information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information as follows:

- A budgetary comparison schedule for the General Fund to demonstrate compliance with this budget.
- Schedules to demonstrate the Town's progress in funding its obligation to provide pension benefits.
- Schedules to demonstrate the Town's progress in funding its obligation to provide other post-employment benefits.

### **Other information**

The combining statements referred to earlier in connection with other governmental funds are presented immediately following the required supplementary information.

### **Government-wide financial analysis**

The analysis below focuses on the net position and the changes in net position. Unrestricted net position at year end totaled \$(4,743,615).

#### **Summary Statement of Net Position June 30**

	<b><u>2024</u></b>	<b><u>2023</u></b>
Current and other assets	\$ 37,791,307	\$ 39,169,200
Capital assets (net)	<u>122,776,674</u>	<u>122,586,456</u>
Total assets	<u>160,567,981</u>	<u>161,755,656</u>
Deferred outflows of resources	<u>6,398,068</u>	<u>7,812,229</u>
Current liabilities	11,146,886	12,108,617
Long-term liabilities	<u>76,833,888</u>	<u>81,394,603</u>
Total liabilities	<u>87,980,774</u>	<u>93,503,220</u>
Deferred inflows of resources	<u>8,626,731</u>	<u>10,611,684</u>
Net position:		
Net investment in capital assets	73,802,648	70,399,026
Restricted	1,299,511	1,448,716
Unrestricted	<u>(4,743,615)</u>	<u>(6,394,761)</u>
Total net position	<u><u>\$ 70,358,544</u></u>	<u><u>\$ 65,452,981</u></u>

The largest portion of net position of the Town reflects its net investment in capital assets, less any related debt and liabilities used to acquire those assets that are still outstanding. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A portion of the Town's net position, 1.85%, represents resources that are subject to external restrictions on how they may be used.

**Statement of Changes in Net Position  
For the Years Ended June 30**

	<u>2024</u>	<u>2023</u>
Revenues:		
Program revenues:		
Charges for services	\$ 2,101,709	\$ 2,060,506
Operating grants and contributions	14,678,586	14,761,448
Capital grants and contributions	1,972,214	2,834,673
General revenues:		
Property taxes	51,555,673	51,414,483
Grants and contributions not restricted to specific programs	681,573	604,465
Income from investments	1,472,682	840,071
Other	103,917	6,074
Total revenues	<u>72,566,354</u>	<u>72,521,720</u>
Expenses:		
General government	8,722,185	8,372,898
Public safety	6,176,233	6,167,305
Public works	3,432,825	3,382,741
Planning and development	416,553	364,738
Culture and recreation	1,495,382	1,492,832
Health and welfare	839,824	996,347
Education	45,335,201	44,800,901
Interest	1,242,588	799,855
Total expenses	<u>67,660,791</u>	<u>66,377,617</u>
Change in net position	4,905,563	6,144,103
Net position - July 1	<u>65,452,981</u>	<u>59,308,878</u>
Net position - June 30	<u>\$ 70,358,544</u>	<u>\$ 65,452,981</u>

The Town's net position increased by \$4,905,563. The major factors for the increase are as follows:

### Revenues

- Capital grants and contributions decreased by \$862,459 primarily due to a \$1,639,175 decrease in the highway planning and construction grant as the projects are completed. This was partially offset by a \$1,021,380 increase in the ARPA grant recognized as more of the funds were spent on approved projects.
- Income from investments increased \$632,611 due to continued high interest rates and increases in the market.

### Expenses

- The increase of \$534,300 in education expense is primarily due to the increase in the education budget.

### Financial analysis of the Town's funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### Governmental funds

The focus of the Town's governmental funds is to provide information on near-term inflows, outflows and balances of expendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the Town's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town's governmental funds reported a combined ending fund balance of \$25,974,838, an increase of \$1,893,368 in comparison with the prior year.

Certain components of fund balance were as follows:

Nonspendable	\$ 1,067
Restricted	1,299,511
Committed	4,907,937
Assigned	4,101,836
Unassigned	<u>15,664,487</u>
Total	<u>\$ 25,974,838</u>

**General Fund.** The general fund is the operating fund of the Town. At the end of the current fiscal year, the total fund balance of the general fund was \$20,918,065. Of this balance, \$1,067 was nonspendable, \$1,150,675 was committed and \$4,101,836 was assigned. The unassigned fund balance represents 25.4% of actual budgetary expenditures and transfers out.

During the current fiscal year, the fund balance of the Town's general fund decreased by \$367,650. The decrease was attributable to the following:

- Revenues exceeding the amount budgeted by \$2,045,750
- Expenditures were under budget by \$483,294
- These were offset by the \$3,314,000 appropriation of fund balance

These budget variances are described in more detail in the General Fund budgetary highlights section.

**Capital Projects Fund.** The fund accounts for financial resources to be used for various construction projects. During the year, the fund had expenditures of \$4,752,907. Funding sources primarily include state and federal grants for bridge and other projects of \$2,332,547, issuance of debt of \$754,052 and transfers in from the general fund of \$4,019,773. This net activity increased fund balance from \$278,828 in the prior year to \$2,643,693 at year end. This is a result of the timing of the financing as compared to expenditures for various projects.

**Internal Service Fund.** The internal service fund is used to account for heart and hypertension claims. The internal service fund had no operating activity during the year and had an unrestricted net position deficit of \$(91,928) at year end.

#### **General Fund budgetary highlights**

Significant budget transfers during the year included:

- Decreased fringe benefits by \$453,735, primarily to fund the \$389,500 transfers out to capital projects budget increase.
- Decreased general government other of \$339,916 (primarily from the contingency account) to fund various other line items.
- Decreased the education line to fund the \$350,000 transfer out to education nonlapsing fund budget.

#### **Revenues**

- Intergovernmental revenues were in excess of the amount budgeted by \$744,590 primarily due to the unbudgeted municipal revenue sharing grant totaling \$333,340 and \$238,978 additional education cost sharing grant received.
- Income from investments was in excess of budget by \$924,970 due to conservative budgeting, continued high interest rates and increases in the market.

#### **Expenditures**

After budget transfers, there were no departments that were significantly underspent.

## **Capital assets and debt administration**

### **Capital assets**

The Town's investment in capital assets amounts to \$122,776,674 (net of accumulated depreciation/amortization). This investment in capital assets is as follows:

<b>Capital Assets (Net)</b>		
<b>June 30</b>		
<b>Category</b>	<b>2024</b>	<b>2023</b>
Land	\$ 6,058,110	\$ 6,058,110
Intangible right-to-use leased land	73,420	73,420
Construction in progress	923,247	611,424
Intangible right-to-use assets	477,919	590,953
Land improvements	2,065,466	2,218,016
Buildings and improvements	75,496,451	77,064,241
Machinery and equipment	6,337,635	4,835,574
Infrastructure	31,344,426	31,134,718
<b>Total</b>	<b>\$ 122,776,674</b>	<b>\$ 122,586,456</b>

The capital assets (net of depreciation/amortization) increased in the current year by \$190,218. The increase is due to capital asset additions exceeding depreciation/amortization expense. In the current year, the Town had capital asset additions totaling \$4,118,309.

Major capital asset additions consisted of the following:

#### **Construction in progress:**

➤ IRRC artificial turf	\$ 278,247
➤ Fire boat	645,000

#### **Machinery and equipment:**

➤ Police radio console	731,819
➤ Fire truck tanker	304,965
➤ Water tanks	549,567
➤ Public works truck	104,799
➤ Backhoe	163,967

#### **Infrastructure**

➤ Various road paving	343,302
➤ Carter Hill Bridge	102,264

Additional information on the Town's capital assets can be found in Note III D.

### **Long-term debt**

At the end of the fiscal year, the Town had total long-term debt outstanding of \$46,488,720. All debt is backed by the full faith and credit of the Town.

<b>Long-Term Debt</b>		
<b>June 30,</b>		
	<b>2024</b>	<b>2023</b>
General obligation bonds	\$ 45,175,000	\$ 48,675,000
Notes payable	795,920	311,564
Leases	477,184	574,110
Subscriptions	40,616	79,650
Total	<u>\$ 46,488,720</u>	<u>\$ 49,640,324</u>

During the current fiscal year, the Town's total debt decreased by \$3,151,604 due to \$754,052 issuance of equipment financing notes and leases, offset by scheduled principal payments of \$3,905,656.

The Town maintains a "AA+" credit rating from Standard and Poor's Investor Service.

State Statutes limit the amount of general obligation debt a governmental entity may issue to seven times total prior year tax collections including interest and lien fees and the tax relief for elderly freeze grant. The current debt limitation for the Town is \$359,309,139, which is significantly in excess of the Town's outstanding general obligation debt.

Additional information on the Town's long-term debt can be found in Note III G.

### **Economic factors and next year's budgets and rates**

The 2024-2025 general fund adopted budget totaled \$64,424,043. The following economic factors currently affect the Town of Clinton and were considered in developing the 2024-2025 fiscal year budget:

- As of June 2024, the unemployment rate for the State was 3.9%, which is an increase from a rate of 3.6% a year ago. The Town's unemployment rate was 2.2% as compared to 3.0% in the prior year.

### **Requests for information**

This financial report is designed to provide a general overview of the Town's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Town of Clinton, Finance Department, 54 Main Street, Clinton, Connecticut 06413.

**Reconciliation of Fund Balance  
to Net Position of Governmental Activities  
June 30, 2024**

Amounts reported in the statement of net position (Exhibit A) are different from the governmental fund balance sheet due to:

Total fund balance (Exhibit C, Page 1)	<u>\$ 25,974,838</u>
--	----------------------

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:

Beginning capital assets (net)	122,586,456
Current year additions (net of construction in progress)	4,118,309
Depreciation/amortization expense	<u>(3,928,091)</u>

Total	<u>122,776,674</u>
-------	--------------------

Other long-term assets and deferred outflows of resources are not available resources and therefore, are not reported in the funds:

Allowance for doubtful accounts	(5,100)
Deferred amount on refunding	712,515
Deferred outflows related to pensions	4,996,764
Deferred outflows related to OPEB	<u>688,789</u>

Total	<u>6,392,968</u>
-------	------------------

Other long-term assets are not available to pay for current period expenditures and therefore, are unavailable in the funds:

Property tax receivable - accrual basis change	1,283,913
Intergovernmental receivable - accrual basis change	<u>539,663</u>

Total	<u>1,823,576</u>
-------	------------------

The internal service fund is used by management to charge the cost of various self-insured risk premiums to benefiting activities

The assets and liabilities of the internal service fund are included in the statement of net position	<u>(91,928)</u>
---	-----------------

Some liabilities and deferred inflows of resources are not due and payable in the current period and, therefore, are not reported in the funds:

Bonds, notes and related liabilities	(46,860,060)
Leases payable	(477,184)
Subscriptions payable	(40,616)
Compensated absences	(2,269,157)

Town of Clinton, Connecticut

**Reconciliation of the Statement of Revenues, Expenditures and Changes  
in Fund Balances of Governmental Funds to Statement of Activities  
For the Year Ended June 30, 2024**

Amounts reported in the statement of activities (Exhibit B) are different due to:

Net change in fund balances - total governmental funds (Exhibit D)	\$ 1,893,368
--	--------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation/amortization expense.

Capital outlay	4,118,309
Depreciation/amortization expense	<u>(3,928,091)</u>

Total	<u>190,218</u>
-------	----------------

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds:

Change in property tax receivable - accrual basis change	110,728
Change in intergovernmental receivable - accrual basis change	<u>(759,337)</u>

Total	<u>(648,609)</u>
-------	------------------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The details of these differences in the treatment of long-term debt and related items are as follows:

Debt issued or incurred:	
General obligation bonds and notes	(645,000)
Premium	(11,400)
Leases	(109,052)

Principal repayments:	
General obligation bonds and notes	3,660,644
Leases	205,978
Subscriptions	<u>39,034</u>

Total	<u>3,140,204</u>
-------	------------------

## Town of Clinton, Connecticut

**Notes to Financial Statements  
As of and for the Year Ended June 30, 2024****History and organization**

The Town of Clinton, Connecticut ("Town") operates under a Town Manager-Council form of government established by a charter adopted in November 2019. The Town offers a full range of services authorized by the charter, including general government, public safety, public works, planning and development, culture and recreation, health and welfare and education to its residents.

The accompanying financial statements present the Town and its component units, entities for which the Town is considered to be financially accountable. The Town is financially accountable for the pension and OPEB trust funds and therefore, they are considered fiduciary component units. The financial statements of the fiduciary component units are reported as pension and OPEB trust funds in the fiduciary fund financial statements. The pension and OPEB trust funds do not issue separate financial statements.

**I. Summary of significant accounting policies****A. Government-wide and fund financial statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town. *Governmental activities* are normally supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

**B. Measurement focus, basis of accounting and financial statement presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**B. Measurement focus, basis of accounting and financial statement presentation (continued)**

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers reimbursement grants to be available if they are collected within one year of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, pension and OPEB benefits, certain other employee benefits, and certain other long-term liabilities are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in the governmental funds.

Expenditure reimbursement type grants, certain intergovernmental revenues, charges for services, transfers and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items, including property taxes, are considered to be measurable and available only when cash is received by the Town.

The Town reports the following major governmental funds:

General Fund	The Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
Capital Projects Fund	Accounts for and reports resources and expenditures that are restricted, committed or assigned for the acquisition and construction of capital facilities, including those that are financed through special assessments.

Additionally, the Town reports the following fund types:

Special Revenue Funds	Accounts for and reports the proceeds of specific revenue resources that are restricted, committed or assigned to expenditures for specified purposes other than debt.
Internal Service Fund	Accounts for risk financing activities for heart and hypertension as allowed by GASB Statement No. 10.
Pension Trust Funds	Accounts for the activities of the Police, Board of Education Noncertified and Volunteer Firefighters Retirement Plans, which accumulates resources for pension benefit payments to qualified employees.
OPEB Trust Fund	Accounts for the activities of the OPEB Plan, which accumulates resources for OPEB benefits.
Private-Purpose Trust Fund	Accounts for the receipt of private donations to be used for student awards.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**B. Measurement focus, basis of accounting and financial statement presentation (continued)**

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions are charges between certain Town functions because elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. The principal operating revenues of the Town's internal service fund are charges to other funds for heart and hypertension claims.

For purposes of measuring the net pension and OPEB liability, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the fiduciary net position and additions to/deductions from fiduciary net position of the Town pension and OPEB plans, the Connecticut Municipal Employees Retirement Systems ("MERS"), the Connecticut State Teachers' Retirement System ("TRS"), and the Connecticut State Retiree Health Insurance Plan ("RHIP") have been determined on the same basis as they are reported by the Town's pension and OPEB plans, MERS, TRS, and RHIP. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms.

**C. Assets, liabilities, deferred outflows/inflows of resources and equity****1. Cash and investments****a. Cash**

The Town considers cash as cash on hand and demand deposits.

For cash flow purposes the Town considers cash equivalents money market accounts and short-term investments with original maturities of three months or less from the date of acquisition.

**b. Investments**

In general, State of Connecticut Statutes allow the Town to invest in obligations of the United States of America or United States government sponsored corporations, in shares or other interests in any custodial arrangement, pool or no-load, open-end management type investment company or investment trust (as defined), in obligations of any State or political subdivision rated within the top two rating categories of any nationally recognized rating service, or in obligations of the State of Connecticut or political subdivision rated within the top three rating categories of any nationally recognized rating service. For the capital nonrecurring fund, not more than 31.00% can be invested in equity securities. Investment income is recorded in the fund in which it was earned.

Town of Clinton, Connecticut

Notes to Financial Statements  
As of and for the Year Ended June 30, 2024

C. Assets, liabilities, deferred outflows/inflows of resources and equity (continued)

State Treasurers Short-Term Investment Fund is an investment pool managed by the State of Connecticut Office of the State Treasurer. Investments must be made in instruments authorized by Connecticut General Statutes 3-27c - 3-27e. Investment guidelines are adopted by the State Treasurer. The fair value of the position in the pool is the same as the value of the pool shares.

The Police and Education Noncertified pension plans have adopted a formal investment policy that defines allowable investments, prohibited investments, prohibited transactions, asset allocation guidelines, diversification guidelines and fixed income and cash guidelines.

The investment guidelines are as follows:

	Target Allocation	
	Police	Education Noncertified
Equities	34-64%	50-75%
Fixed income	30-60%	20-50%
Cash	0-5%	0-20%
Real estate or alternative	0-12%	0-10%

c. Method used to value investments

Investments for the Town are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates.

Fair value of investments

The Town measures and records its investments using fair value measurement guidelines established by accounting principles generally accepted in the United States of America (GAAP). These guidelines recognize a three-tiered fair value hierarchy, as follows:

Level 1	Quoted prices for identical investments in active markets
Level 2	Quoted prices for identical investments in markets that are not active
Level 3	Unobservable inputs

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**C. Assets, liabilities, deferred outflows/inflows of resources and equity (continued)****d. Risk policies**

Interest rate risk	Interest rate risk is the risk that the government will incur losses in fair value caused by changing interest rates. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.
Credit risk	Credit risk is the risk that an issuer or other counterparty will not fulfill its specific obligation even without the entity's complete failure. The Town has no investment policy that would limit its investment choices due to credit risk other than State Statutes governing investments in obligations of any State or political subdivision or in obligations of the State of Connecticut or political subdivision.
Concentration of credit risk	Concentration of credit risk is the risk attributed to the magnitude of an entity's investments in a single issuer. The Town follows the limitations specified in the Connecticut General Statutes. Generally, the Town's deposits cannot be 75% or more of the total capital in any one depository.
Custodial credit risk	Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The Town does not have a formal policy with respect to custodial credit risk.
Foreign currency risk	Foreign currency risk is the risk that the value of the investment may be affected by changes in the rate of exchange. The Town does not have a formal policy with respect to foreign currency risk.

**2. Receivables and payables****a. Interfunds**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans).

**b. Property taxes and other receivables**

In the fund financial and government-wide financial statements, all trade and property tax receivables are shown net of an allowance for uncollectibles. Allowance percentages range from 2.00% to 30.00% of outstanding receivable balances and are calculated based upon prior collections.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**C. Assets, liabilities, deferred outflows/inflows of resources and equity (continued)**

In the fund financial statements, property tax revenues are recognized when they become available. Only taxes collected during the fiscal year are recorded as revenue.

Property taxes are assessed on property as of October 1. Taxes are billed in the following July and are due in two installments, July 1, and January 1. Personal property and motor vehicle taxes are billed in July and are due in one installment, on July 1, and supplemental motor vehicle taxes are due in full January 1. Liens are effective on the assessment date and are continued by filing before the end of the year following the due date.

**3. Prepaid items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

**4. Restricted assets**

The restricted assets for the Town are restricted for performance bonds. Performance bonds are temporarily restricted until the monies are returned to the vendor after satisfactory completion of contract or the Town calls the bond for nonperformance.

**5. Capital assets**

Capital assets are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost as noted in the table below and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Capital assets of the Town are depreciated/amortized using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>	<u>Threshold</u>
Land improvements	5-10	\$ 5,000
Intangible right-to-use leased assets	Lease term	20,000
Intangible right-to-use subscription assets	Subscription term	20,000
Buildings and improvements	10-50	5,000
Machinery and equipment	5-25	5,000
Infrastructure	20-70	5,000

## Town of Clinton, Connecticut

**Notes to Financial Statements  
As of and for the Year Ended June 30, 2024****C. Assets, liabilities, deferred outflows/inflows of resources and equity (continued)****6. Deferred outflows/inflows of resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

The Town reports deferred outflows and inflows of resources related to pensions and OPEB in the government-wide statements for differences between expected and actual experience, changes in assumptions, net difference between projected and actual earnings on plan investments, changes in proportional share and contributions subsequent to the measurement date. The deferred outflow or inflow related to differences between expected and actual experience, changes in assumptions, and changes in proportional share will be amortized over the average remaining service life of all plan members. The deferred outflow or inflow related to the net difference between projected and actual earnings on plan investments will be amortized over a five-year period. Contributions subsequent to the measurement date will be recognized in the subsequent year.

Deferred outflows of resources also include deferred outflows relating to advance refunding of debt. These amounts are deferred and are amortized over the shorter of the life of the old or new debt.

Advance tax collections represent taxes associated with a future period. This amount is recognized during the period in which the revenue is associated.

For governmental funds, the Town reports unavailable revenue, which arises only under the modified accrual basis of accounting. Accordingly, unavailable revenue is reported only in the governmental funds' balance sheet. The governmental funds report unavailable revenues from property taxes (including advance collections, if any). These amounts are recognized as an inflow of resources in the period that the amounts become available.

**7. Compensated absences**

Town employees accumulate vacation and sick leave hours for subsequent use or for payment upon termination or retirement. Sick leave and vacation leave expenditures are recognized in the governmental funds in the current year to the extent they are paid during the year or the vested amount is expected to be paid with available resources. A liability for these amounts has been recorded in the government-wide financial statements.

**8. Long-term liabilities**

In the government-wide financial statements, long-term debt and other long-term liabilities are reported as liabilities in the governmental activities' statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenses.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**C. Assets, liabilities, deferred outflows/inflows of resources and equity (continued)**

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**9. Lease and subscription liabilities**

The Town recognizes a lease/subscription liability and an intangible right-to-use lease/subscription asset (lease/subscription asset) in the government-wide financial statements.

At the commencement of a lease/subscription, the Town initially measures the lease/subscription liability at the present value of payments expected to be made during the term. Subsequently, the lease/subscription liability is reduced by the principal portion of payments made. The lease/subscription asset is initially measured as the initial amount of the lease/subscription liability, adjusted for payments made at or before the commencement date, plus certain initial direct costs. Subsequently, the lease/subscription asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases and subscriptions include:

Discount rate	The Town uses the interest rate charged by the lessor/subscription vendor as the discount rate to discount the expected payments to the present value. When the interest rate charged is not provided, the Town generally uses its estimated incremental borrowing rate as the discount rate.
Term	The lease/subscription term includes the noncancellable period of the lease/agreement.
Payments	Lease/subscription payments included in the measurement of the liability are composed of fixed payments and any purchase option price that the Town is reasonably certain to exercise.

The Town monitors changes in circumstances that would require a remeasurement of its lease or subscriptions and will remeasure the lease/subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the lease/subscription liability.

Lease/subscription assets are reported with other capital assets and lease/subscription liabilities are reported with long-term debt on the statement of net position.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**C. Assets, liabilities, deferred outflows/inflows of resources and equity (continued)****10. Net position and fund balances**

In the government-wide financial statements, net position is classified into the following categories:

Net Investment in Capital Assets	This category presents the net position that reflects capital assets net of depreciation/amortization and net of only the debt applicable to the acquisition or construction of these assets. Debt issued for non-capital purposes, and unspent bond proceeds, are excluded.
Restricted Net Position	This category presents the net position restricted by external parties (creditors, grantors, contributors or laws and regulations).
Unrestricted Net Position	This category presents the net position of the Town which is not classified in the preceding two categories.

Sometimes the Town will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

In the fund financial statements, fund balances are classified into the following categories:

Nonspendable	This category presents amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.
Restricted	This category presents amounts that can be spent only for specific purposes because of enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors or the laws or regulations of other governments.
Committed	This category presents amounts that can be used only for specific purposes determined by a formal action at the highest level of decision-making authority for the Town. Commitments may be established, modified or rescinded only through resolutions approved by the Town Council.
Assigned	This category presents amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the Town's fund balance policy, the Town Council has by resolution authorized the Finance Director to assign fund balance. Intent is also expressed by a properly approved purchase order (encumbrance).
Unassigned	This category presents amounts that do not meet the criteria above and are available for any purpose. This category is only reported in the general fund for positive amounts and in any other fund that has a fund balance deficit.

## Town of Clinton, Connecticut

**Notes to Financial Statements  
As of and for the Year Ended June 30, 2024****C. Assets, liabilities, deferred outflows/inflows of resources and equity (continued)**

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned or unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds and finally unassigned funds, as needed, unless Town Council has provided otherwise in its commitment or assignment actions.

**Minimum fund balance policy**

The Town Council has adopted a minimum fund balance policy for the General Fund. The policy establishes the intent to maintain a level of unassigned fund balance of an amount no less than 20.00% of the Town's general fund budget.

**11. Use of estimates**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, deferred outflows and inflows of resources including disclosures of contingent assets and liabilities and reported revenues, expenses and expenditures during the fiscal year. Actual results could differ from those estimates.

**12. Reclassifications**

Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

**II. Stewardship, compliance and accountability****A. Donor-restricted endowments**

The Town has received certain endowments for student awards. The amounts are reflected in fiduciary net position as restricted for individuals. Investment income is approved for disbursement by the Trustee. At year end, there was no appreciation available for appropriation.

The Town allocates investment income of donor-restricted endowments in accordance with donor restrictions and Connecticut law, which has adopted the provisions of the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"). Under UPMIFA, investment income earned on donor-restricted endowment funds is considered to be unrestricted in the absence of explicit donor restrictions. Further, in the absence of explicit donor restrictions regarding investment appreciation, such appreciation is treated the same as the related investment income. Investment losses that reduce the value of endowment investments below the original principal amount serve to reduce restricted net position or unrestricted net position, depending upon the applicable donor's stipulations regarding the treatment of investment income and appreciation.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**B. Capital projects authorizations**

The following is a summary of certain capital projects:

<u>Project</u>	<u>Project Authorization</u>	<u>Cumulative Expenditures</u>	<u>Balance</u>
Underground water tanks	\$ 1,200,000	\$ 723,403	\$ 476,597
IRRC artificial turf	625,528	538,775	86,753
Communications system upgrade	3,529,000	780,966	2,748,034
Small bridge repairs	738,370	243,383	494,987
Peter's recreation complex bleachers	349,390	28,750	320,640
Town beach bathhouse	286,000	17,150	268,850
IRRC pickleball courts	272,942	24,400	248,542
Totals	<u>\$ 7,001,230</u>	<u>\$2,356,827</u>	<u>\$ 4,644,403</u>

**III. Detailed notes****A. Cash and investments****1. Deposits – custodial credit risk**

At year end, the Town's bank balance, including bank money market accounts and certificates of deposit classified as investments, was exposed to custodial credit risk as follows:

Bank balance	<u>\$ 31,715,296</u>
Uninsured and uncollateralized	\$ 27,389,933
Uninsured and collateral held by the pledging bank's trust department, not in the Town's name	<u>3,323,508</u>
Total amount subject to custodial credit risk	<u>\$ 30,713,441</u>

Financial instruments that potentially subject the Town to significant concentrations of credit risk consist primarily of cash. From time to time, the Town's cash account balances exceeded the Federal Deposit Insurance Corporation limit. The Town reduces its custodial credit risk by maintaining its cash deposits with major financial institutions and monitoring their credit ratings.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**A. Cash and investments (continued)****2. Investments**

- a. The Town's investments consisted of the following types and maturities. Specific identification was used to determine maturities:

Type of Investment	Fair Value	Investment Maturities (In Years)			
		N/A	Less Than 1	1-5 Years	5-10 Years
Mutual funds					
Money market	\$ 313,738	\$ -	\$ 313,738	\$ -	\$ -
Equity	10,135,087	10,135,087	-	-	-
Fixed income funds	9,312,788	-	-	-	9,312,788
Diversified	817,507	817,507	-	-	-
Pooled fixed income	3,548,646	-	3,548,646	-	-
Certificates of deposit	10,514	-	10,514	-	-
Bank money markets	28,037,644	-	28,037,644	-	-
U.S. treasury obligations	360,653	-	1,984	-	358,669
U.S. government agency obligations	185,580	-	185,580	-	-
Exchange traded funds	403,384	403,384	-	-	-
Common stock	4,187,194	4,187,194	-	-	-
Corporate bonds	630,003	-	-	417,409	212,594
Total	57,942,738	\$ 15,543,172	\$ 32,098,106	\$ 417,409	\$ 9,884,051
Less fiduciary funds	(26,018,491)				
Total other funds	\$ 31,924,247				

- b. The Town had the following recurring fair value measurements:

Investments by fair value level	Amount	Quoted Market Prices in Active Markets	Significant Observable Inputs
		Level 1	Level 2
Mutual funds			
Money market	\$ 313,738	\$ 313,738	\$ -
Equity	10,135,087	10,135,087	-
Fixed income funds	9,312,788	9,312,788	-
Diversified	817,507	817,507	-
U.S. treasury obligations	360,653	360,653	-
U.S. government agency obligations	185,580	-	185,580
Exchange traded funds	403,384	403,384	-
Common stock	4,187,194	4,187,194	-
Corporate bonds	630,003	-	630,003
Total investments by fair value level	\$ 26,345,934	\$ 25,530,351	\$ 815,583

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**A. Cash and investments (continued)**

	<u>Amount</u>
<u>Other investments</u>	
Pooled fixed income	\$ 3,548,646
Certificates of deposit	10,514
Bank money markets	<u>28,037,644</u>
Total other investments	<u>31,596,804</u>
Total investments	<u><u>\$ 57,942,738</u></u>

Level 1: Quoted prices for identical investments in active markets.

Level 2: Observable inputs other than quoted prices for identical securities in markets that are not active. The fair value was determined based on quoted prices in less active, dealer or broker markets. Fair values are primarily obtained from third party pricing services for identical or comparable assets.

c. The Town's investments subject to credit risk had average ratings by Standard & Poor's as follows:

<u>Type of Investment</u>	<u>Ratings</u>			
	<u>AAA</u>	<u>AA</u>	<u>Unrated</u>	<u>Total</u>
Mutual funds				
Money market	\$ -	\$ -	\$ 313,738	\$ 313,738
Fixed income funds	-	-	9,312,788	9,312,788
Pooled fixed income	3,548,646	-	-	3,548,646
Corporate bonds	-	630,003	-	630,003
Total	<u><u>\$3,548,646</u></u>	<u><u>\$ 630,003</u></u>	<u><u>\$ 9,626,526</u></u>	<u><u>\$13,805,175</u></u>

d. Certain investments are covered by the Securities Investor Protection Corporation ("SIPC") up to \$500,000, including \$250,000 of cash from sale or for purchase of investments, but not cash held solely for the purpose of earning interest. SIPC protects securities such as notes, stocks, debentures, certificates of deposit and money funds.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**A. Cash and investments (continued)**

The following Town investments are held by the counterparty's trust department or agent but not in the Town's name and, therefore, are subject to custodial credit risk.

<u>Type of Investment</u>	<u>Total</u>	<u>Less Insured Amounts</u>	<u>Amount Subject to Custodial Credit Risk</u>
U.S. treasury obligations	\$ 360,653	\$ 1,984	\$ 358,669

Common stock	4,187,194	-	4,187,194
Corporate bonds	630,003	500,000	130,003
Total	<u>\$ 5,363,430</u>	<u>\$ 501,984</u>	<u>\$ 4,861,446</u>

**B. Receivables**

Receivable balances have been disaggregated by type and presented separately in the financial statements. Receivables and the related allowances for uncollectible accounts are presented below:

	<u>Property Taxes</u>			<u>CDBG Loans</u>
	<u>Taxes</u>	<u>Interest and Lien Fees</u>	<u>Total</u>	
Current portion	<u>\$ 421,135</u>	<u>\$ 91,417</u>	<u>\$ 512,552</u>	<u>\$ 4,631</u>
Long-term portion	785,556	260,805	1,046,361	226,923
Less allowance for uncollectibles	<u>(175,000)</u>	<u>(100,000)</u>	<u>(275,000)</u>	<u>(5,100)</u>
Net long-term portion	<u>\$ 610,556</u>	<u>\$ 160,805</u>	<u>\$ 771,361</u>	<u>\$ 221,823</u>

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**C. Interfund accounts****1. Interfund payables and receivables**

A summary of interfund balances is as follows:

	Corresponding Fund	Due From	Due To
General fund			
Capital projects fund	N/A	\$ 1,069,629	\$ 6,994,312
Miscellaneous fund	N/A	279,486	-
School cafeteria fund	N/A	13,995	-
Education grant fund	N/A	282,509	-
School activity fund	N/A	68,389	308,073
Heart and hypertension fund	N/A	9,701	-
Police pension fund	N/A	4	-
Total general fund		<u>1,723,713</u>	<u>7,302,385</u>
Capital projects fund	General fund	<u>6,994,312</u>	<u>1,069,629</u>
Other governmental funds			
Miscellaneous fund	General fund	-	279,486
School cafeteria fund	General fund	-	13,995
Education grant fund	General fund	-	282,509
Education grant fund	School activity fund	-	48,098
School activity fund	General fund	308,073	68,389
School activity fund	Education grant fund	<u>48,098</u>	<u>-</u>
Total other governmental funds		<u>356,171</u>	<u>692,477</u>
Proprietary funds			
Heart and hypertension fund	General fund	<u>-</u>	<u>9,701</u>
Fiduciary funds			
Police pension fund	General fund	<u>-</u>	<u>4</u>
Total		<u><u>\$ 9,074,196</u></u>	<u><u>\$ 9,074,196</u></u>

All interfund balances resulted from the time lag between the dates payments occurred between funds for interfund goods, payroll and services provided or in instances where certain funds do not have a cash account.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**C. Interfund accounts (continued)****2. Interfund transfers**

A summary of interfund transfers for the fiscal year is as follows:

	Corresponding Fund	Transfers In	Transfers Out
General fund	Capital projects fund	\$ -	\$ 4,019,773
Capital projects fund	General fund	4,019,773	-
Total		<u>\$ 4,019,773</u>	<u>\$ 4,019,773</u>

Transfers are used to move budgeted appropriations from the general fund for funding of capital projects.

**D. Capital assets**

Capital asset activity for the fiscal year was as follows:

	Balance June 30, 2023	Increases	Decreases	Balance June 30, 2024
<u>Capital assets, not being depreciated/amortized:</u>				
Land	\$ 6,058,110	\$ -	\$ -	\$ 6,058,110
Intangible right-to-use leased land	73,420	-	-	73,420
Construction in progress	611,424	1,130,969	819,146	923,247
Total capital assets, not being depreciated/ amortized	<u>6,742,954</u>	<u>1,130,969</u>	<u>819,146</u>	<u>7,054,777</u>

Total capital assets, being depreciated/ amortized, net	115,843,502	(121,605)	-	115,721,897
Capital assets, net	<u>\$ 122,586,456</u>	<u>\$ 1,009,364</u>	<u>\$ 819,146</u>	<u>\$ 122,776,674</u>

Intangible right-to-use assets being amortized by category are as follows:

	Asset	Accumulated Amortization
Intangible right-to-use leased buildings	\$ 31,968	\$ 8,162
Intangible right-to-use leased machinery and equipment	868,885	453,823
Intangible right-to-use subscription based assets	117,153	78,102
Total intangible right-to-use assets being amortized	<u>\$ 1,018,006</u>	<u>\$ 540,087</u>

Depreciation/amortization expense was charged to functions/programs of the Town as follows:

General government	\$ 319,609
Public safety	577,821
Public works	1,362,972
Culture and recreation	89,922
Education	1,577,767
Total depreciation/amortization expense	<u>\$ 3,928,091</u>

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**E. Construction commitments**

The Town has the following construction commitments:

IRRC artificial turf	<u>\$ 27,001</u>
----------------------	------------------

**F. Short-term liabilities – bond anticipation notes**

The Town uses bond anticipation notes during the construction period of various projects prior to the issuance of the bonds at the completion of the project.

Short-term liabilities activity for the fiscal year was as follows:

Purpose	Date of Issue	Date of Maturity	Interest Rate	Balance July 1, 2023	Additions	Deductions	Balance June 30, 2024
Infrastructure improvements	2/2/2023	2/1/2024	4.00%	\$ 2,000,000	\$ -	\$ 2,000,000	\$ -
Infrastructure improvements	2/1/2024	1/30/2025	4.00%	-	2,000,000	-	2,000,000
Total				<u>\$ 2,000,000</u>	<u>\$ 2,000,000</u>	<u>\$ 2,000,000</u>	<u>\$ 2,000,000</u>

In January 2025, the Town issued \$2,150,000 of general obligation bonds. These bonds mature through 2045 and carry interest rates of 4.0% - 5.0%.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**G. Changes in long-term liabilities**

General obligation bonds, equipment financing notes, leases and subscriptions are direct borrowings and pledge the full faith and credit of the Town.

**1. Summary of changes**

The following is a summary of changes in long-term liabilities during the fiscal year:

Description	Original Amount	Date of Issue	Date of Maturity	Interest Rate	Balance July 1, 2023	Additions	Deductions	Balance June 30, 2024	Current Portion	Long-Term Portion

Total	<u>\$ 45,175,000</u>	<u>\$ 795,920</u>	<u>\$ 7,342,766</u>

**3. Assets pledged as collateral**

The Town's outstanding equipment financing notes of \$795,920 are secured with collateral of the equipment purchased.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**G. Changes in long-term liabilities (continued)****4. Statutory debt limitations**

The Town's indebtedness does not exceed the legal debt limitations as required by Connecticut General Statutes as reflected in the following schedule:

<u>Category</u>	<u>Debit Limit</u>	<u>Net Indebtedness</u>	<u>Balance</u>
General purpose	\$ 115,492,223	\$ 16,587,000	\$ 98,905,223
Schools	230,984,447	30,588,000	200,396,447
Sewers	192,487,039	-	192,487,039
Urban renewal	166,822,100	-	166,822,100
Pension deficit	153,989,631	-	153,989,631

The total overall statutory debt limit for the Town is equal  
to 7 times the annual receipts for the prior year taxation: \$ 359,309,139

The indebtedness reflected above includes bonds outstanding in addition to the amount of bonds authorized and unissued against which bond anticipation notes are issued and outstanding.

**5. Authorized/unissued bonds**

The amount of authorized, unissued bonds are as follows:

General purpose	\$ 3,981,145
Schools	<u>5,206,647</u>
Total	<u>\$ 9,187,792</u>

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**G. Changes in long-term liabilities (continued)****6. Leases**

Lease agreements are summarized as follows:

Description	Year	Lease Term (years)	Interest Rate*	Original Amount	Balance
Town servers	2022	5.00	0.99%	\$ 347,628	\$ 141,109
Town copiers	2022	2.80	0.99%	31,398	-
Town copiers	2024	5.00	3.99%	60,781	58,835

Accounting software	2023	3	0.99%	<u>\$ 117,153</u>	<u>\$ 40,616</u>

\*All interest rates have been imputed based on the rate from recently issued debt as there were no interest rates specified in the subscription agreement.

Description	Terms
Accounting software	The Town has a subscription arrangement for accounting software. This arrangement auto-renews for three year periods unless terminated by either party.

The following is a summary of subscription payable principal and interest payments to maturity:

Year Ending June 30	Principal	Interest
2025	<u>\$ 40,616</u>	<u>\$ 402</u>

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**G. Changes in long-term liabilities (continued)****8. Landfill closure and post-closure care costs**

State and Federal laws and regulations require that the Town place a cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the landfill site for 30 years after closure. The cost of landfill closure and post closure care is allocated based on landfill capacity used to date. The landfill has been converted to a transfer station facility for residents.

The Town is in the process of closing its landfill in accordance with the requirements of the State of Connecticut Department of Energy and Environmental Protection (CT DEEP) and the Federal Environmental Protection Agency. The estimated total current costs of landfill closure is \$6,263,617, which is based on what it would cost to perform all closure at 2024 prices with a third party performing the closure work. In March 2023, the Town submitted a revised closure plan for the landfill to CT DEEP and is awaiting CT DEEP's approval of the plan. If approved, this closure plan will cost significantly less than the liability currently reported.

Estimated total current costs of landfill post-closure care is \$600,000, which is based on the amount estimated to be paid for all equipment, facilities and services required to monitor and maintain the landfill. However, the actual cost of closure and monitoring and other post-closure care may be higher due to inflation, deflation, changes in technology or changes in landfill laws and regulations.

The Town has established \$301,400 of committed fund balance in the General Fund to partially fund the closure.

**H. Fund balances and restricted net position**

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**IV. Other information****A. Risk management**

The Town is exposed to various risks of loss including torts, theft of, damage to and destruction of assets; errors or omissions; injuries to employees and natural disasters. Generally, the Town obtains commercial insurance for these risks, but has chosen to retain limited risks for heart and hypertension claims. The Town contracts with outside organizations to pay claims and provide administrative services. Additionally, insurance coverage has been purchased to limit the Town's liability for worker's compensation, general liability and medical claims. Settled claims have not exceeded commercial coverage in any of the past three years, and there has not been any significant reductions in insurance coverage from amounts held in prior years.

The Town is a member of Connecticut Interlocal Risk Management Association ("CIRMA"). CIRMA is a public entity risk pool established under the provisions of the Connecticut General Statutes Section 7-479a et. seq. The Town is liable only for contributions to the pool. Members do not retain the risk of loss, as they have transferred the risk by purchasing pool coverage with no deductible retention. A separate agreement limits the member's obligation to pay indemnification obligations and expenses should CIRMA be unable to do so.

The Town is a member of CIRMA's Workers' Compensation Pool, a risk sharing pool. The Workers' Compensation Pool provides statutory benefits pursuant to the provisions of the Connecticut Workers' Compensation Act. The coverage is subject to an insured loss retrospective rating plan and losses incurred in the coverage period will be evaluated at 18, 30 and 42 months after the effective date of coverage. The premium is subject to a payroll audit at the close of the coverage period. CIRMA's Workers' Compensation Pool retains \$1,000,000 per occurrence and purchases reinsurance about that amount to the limit of liability of \$10,000,000 per occurrence.

The Town is a self-insured provider of claims under C.G.S. 7-433c, the Heart and Hypertension Act. The death benefits liability is adjusted annually to reflect cost of living increases. The present value of benefits was computed at an assumed rate of return of three percent. The plan is funded monthly by budget appropriations and employee contributions, as required.

The Town utilizes a risk management fund (the Internal Service Fund) to account for and finance its uninsured risks of loss for heart and hypertension. The fund records all claim expenditures and liabilities when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Town departments are charged premiums by the Internal Service Fund, which are included in department expenditures, to cover the estimated cost of claims payment based on historical cost estimates of the amounts needed to pay prior and current year claims.

	Claims Payable July 1	Current year Claims and Changes in Estimates	Claims Paid	Claims Payable June 30	Current Portion	Long-Term Portion
<u>Heart and hypertension</u>						
2022-2023	\$ 79,717	\$ 108,000	\$ 738	\$186,979	\$ 110,692	\$ 76,287
2023-2024	186,979	-	104,752	82,227	2,772	79,455

## Town of Clinton, Connecticut

**Notes to Financial Statements  
As of and for the Year Ended June 30, 2024****B. Commitments and litigation**

Amounts received or receivable from Federal and State grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Town expects such amounts, if any, to be immaterial.

The Town is a defendant in various lawsuits and the outcome of these lawsuits is not presently determinable. The resolution of these matters are not expected to have a material adverse effect on the financial condition of the Town.

**C. Tax abatements**

The Town is authorized by Connecticut State Statutes to enter into property tax abatement agreements for the purpose of economic development, competitiveness and to encourage business investment.

There are currently two companies participating in the economic development tax incentive program.

The amount of the tax abatement under the agreements for the fiscal year was \$206,081.

**V. Pensions and other post-employment benefit ("OPEB") plans****A. Town pension plans****1. Plan description****a. Plan administration**

The Town of Clinton is the administrator of three single-employer public employee retirement systems established and administered by the town to provide benefits that cover the police employees, education noncertified employees and volunteer firefighters of the Town ("Plans"). All other Town employees are covered by the State of Connecticut Municipal Employees Retirement Fund except for certified teachers who are covered by the State of Connecticut Teachers' Retirement System. The plans are considered to be part of the Town financial reporting entity and are included in the Town's financial reports as a pension trust fund. The Plans were established by Town Meeting. The plans do not issue a standalone report. Benefits and refunds of post-employment defined plans are recognized when due and payable in accordance with the terms of the Plan. The Town's General Fund contributes an amount as recommended by their Actuary to fund the net pension obligations.

Benefits and contributions are established by the Town, via negotiated contracts, and may be amended only by the approval of the Town Council, and as agreed upon with the appropriate bargaining unit.

The Police Plan is closed to new non-union entrants as of July 1, 2018. The Volunteer Firefighters' Plan is closed to new entrants as of June 1, 2015.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**A. Town pension plans (continued)**

Management of the Police Plan rests with the Police Retirement Board, which consists of three elected members. Management of the Education Plan rests with the Education Retirement Board, which consists of four members. Management of the Volunteer Firefighters Plan rests with the Town Council.

The memberships in the Plans as of the date indicated are comprised of the following:

	<u>Police</u>	<u>Education Noncertified</u>	<u>Volunteer Firefighters</u>
Retirees and beneficiaries receiving benefits	26	32	23
Terminated employees entitled to benefits	1	32	2
Active members	<u>27</u>	<u>94</u>	<u>13</u>
Total	<u>54</u>	<u>158</u>	<u>38</u>
Valuation date:	<u>7/1/23</u>	<u>7/1/23</u>	<u>7/1/22</u>

**2. Benefit provisions**

	<u>Police</u>	<u>Education Noncertified</u>	<u>Volunteer Firefighters</u>
Normal retirement	Age 55 with 10 years of continuous service (15 years if non-continuous) or 25 years of service	Age 65 with 10 years of service	Age 65 with 20 years of service
Benefit calculation	<u>Union:</u> 2.00% of final average annual earnings multiplied by years of service, not to exceed 75% of final average annual earnings <u>Non-Union:</u> 3.00% of final average annual earnings multiplied by years of service, not to exceed 75% of final average annual earnings	<u>Secretaries and central office staff:</u> 2.00% of average annual earnings multiplied by years of service <u>All others:</u> 1.20%	\$400 per month
Final average compensation	<u>Union:</u> Hired before May 1, 1998: average annual compensation for 3 highest years. Hired after May 1, 1998: average annual compensation for last 3 years <u>Non-Union:</u> Highest annual compensation	Average annual compensation of 5 highest plan years in final ten years	N/A - volunteer plan

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**A. Town pension plans (continued)**

	Police	Education Noncertified	Volunteer Firefighters
Early retirement requirement	<u>Union:</u> 10 years of service <u>Non-Union:</u> None	Age 55 and 10 years of service	None
Early retirement benefit	<u>Union:</u> Accrued benefit as of early retirement date <u>Non-Union:</u> None	Benefit reduced by 1/15th for first 5 years and 1/30th for next 5 years until normal retirement date	None
Vesting - service	10 years continuous service, 15 years non-continuous	40% with 4 years of service increasing annually to 100% with 11 years of service	None
Cost of living adjustments	<u>Union:</u> Hired before May 1, 1998, 1.00-3.00%. Hired after May 1, 1998, none <u>Non-Union:</u> 4.00%	None	None

**3. Contributions**

Each participant is required to contribute the following percentage of their pensionable wages to the plan.

	Police	Education Noncertified	Volunteer Firefighters
Participants - active member contribution rate of annual base compensation	6.0%	Secretaries - 2.0% All others - 1.0%	None
Town - average contribution rate of covered payroll	62.71%	14.14%	N/A - Actuarially determined amount

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**A. Town pension plans (continued)****4. Investments****a. Investment policy and rate of return**

The pension plans' policy in regard to the allocation of invested assets is established and may be amended by the Retirement Board by a majority vote of its members. It is the policy of the Town's Retirement Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes.

Best estimates of geometric (arithmetic for the police plan) real rates of return for each major asset class are included in the pension plans' target asset allocation.

The following is the Board's adopted asset allocation policy for the plans:

Asset Class	Target Allocation		
	Police	Education Noncertified	Volunteer Firefighters
Large cap	31.00%	30.00%	21.50%
Mid cap	8.00%	9.00%	9.50%
Small cap	11.00%	4.00%	0.00%
International equity	10.00%	9.00%	9.00%
Emerging markets equity	0.00%	9.00%	5.00%
REIT equity	0.00%	2.00%	0.00%
Fixed income	35.00%	28.00%	0.00%
Intermediate corporate	0.00%	0.00%	11.00%
Intermediate government	0.00%	0.00%	8.00%
High-yield bonds	0.00%	0.00%	5.00%
International bonds	0.00%	0.00%	4.00%
Short term bonds	0.00%	0.00%	19.00%
Cash	5.00%	5.00%	4.00%
Commodities	0.00%	4.00%	0.00%
Real estate (core)	0.00%	0.00%	4.00%
Total/weighted average	<u>100.00%</u>	<u>100.00%</u>	<u>100.00%</u>

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**A. Town pension plans (continued)**

The following is the Board's adopted long-term expected real rate of return:

Asset Class	Long-Term Expected Real Rate of Return		
	Police	Education Noncertified	Volunteer Firefighters
Large cap	4.60%	5.42%	4.60%
Mid cap	5.20%	6.00%	5.20%
Small cap	5.20%	7.08%	0.00%
International equity	7.55%	6.89%	5.80%
Emerging markets equity	0.00%	9.58%	7.55%
REIT equity	0.00%	6.96%	0.00%
Fixed income	1.45%	2.07%	0.00%
Intermediate corporate	0.00%	0.00%	1.45%
Intermediate government	0.00%	0.00%	0.70%
High-yield bonds	0.00%	0.00%	3.30%
International bonds	0.00%	0.00%	1.00%
Short term bonds	0.00%	0.00%	0.60%
Cash	(0.30%)	0.51%	(0.30%)
Commodities	0.00%	2.86%	0.00%
Real estate (core)	0.00%	0.00%	5.00%
Alternatives	0.00%	0.00%	0.00%
Long-term inflation expectation	2.60%	2.75%	2.60%
Long-term expected nominal return	6.27%	6.50%	5.71%

**Annual money-weighted rate of return**

The annual money-weighted rate of  
return on pension plan investments (net  
of pension plan investment expense)  
was:

10.61%	13.02%	10.64%
--------	--------	--------

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

**b. Concentrations**

There were no investments in any one organization that represented 5.00% or more of the pension plan's net position.

**Town of Clinton, Connecticut**  
**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**A. Town pension plans (continued)****5. Net pension liability**

The components of the net pension liability were as follows:

	Police	Education Noncertified	Volunteer Firefighters
Total pension liability	\$ 28,782,069	\$ 8,860,784	\$ 1,091,550
Plan fiduciary net position	17,982,116	8,054,629	241,097
Net pension liability	<u>\$ 10,799,953</u>	<u>\$ 806,155</u>	<u>\$ 850,453</u>
Plan fiduciary net position as a percentage of the total pension liability	<u>62.48%</u>	<u>90.90%</u>	<u>22.09%</u>

**6. Actuarial methods and significant assumptions**

The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	Police	Education Noncertified	Volunteer Firefighters
Valuation date	July 1, 2023	July 1, 2023	July 1, 2022
Actuarial cost method	Entry age normal	Entry age normal	Entry age normal
Asset valuation method	Fair value	Fair value	Fair value
Investment rate of return	6.75%	6.50%	6.25%
Inflation	2.40%	2.75%	2.40%
Salary increases	3.90%	4.00%	N/A
Cost of living adjustments	<u>Union:</u> Hired before May 1, 1998, 1.00-3.00%. Hired after May 1, 1998, none <u>Non-Union:</u> 4.00%	None	None
Mortality rates	Pub-2010 Public Retirement Plans Amount-Weighted Mortality Tables (Public Safety Employees), projected to the valuation date with Scale MP-2021	PubG-2010 Mortality Table with generational projection per the MP-2021 Ultimate scale	Pub-2010 Public Retirement Plans Amount-Weighted Mortality Tables (Public Safety Employees), projected to the valuation date with Scale MP-2021

Town of Clinton, Connecticut

Notes to Financial Statements  
As of and for the Year Ended June 30, 2024

A. Town pension plans (continued)

7. Changes from prior year

a. Changes in assumptions

There were no changes in the current year.

b. Changes in benefit terms

There were no changes in benefit terms.

8. Discount rate

The discount rate used to measure the total pension liability was as follows:

	<u>Police</u>	<u>Education Noncertified</u>	<u>Volunteer Firefighters</u>
Discount rate	6.75%	6.50%	6.25%

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Town contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan’s projected fiduciary net position will be sufficient to cover projected benefit payments and administrative expenses indefinitely. Therefore, the long-term expected rate of return on pension plan investments was used to discount plan liabilities.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**B. Town pension plans (continued)****9. Changes in the net pension liability**

The Town's net pension liability was measured at June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation dated as noted below. The changes in net pension liability were as follows:

Valuation Date: July 1, 2023	Increase (Decrease)		
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability
Police	(a)	(b)	(a) - (b)
Balance at July 1, 2023	\$ 27,569,958	\$ 16,092,398	\$ 11,477,560
Service cost	489,044	-	489,044
Interest	1,842,790	-	1,842,790
Differences between expected and actual experience	397,074	-	397,074
Contributions - employer	-	1,494,210	(1,494,210)
Contributions - member	-	133,993	(133,993)
Net investment income	-	1,790,951	(1,790,951)
Benefit payments, including refunds of member contributions	(1,516,797)	(1,516,797)	-
Administration	-	(12,639)	12,639
Net change	1,212,111	1,889,718	(677,607)
Balance at June 30, 2024	\$28,782,069	\$ 17,982,116	\$10,799,953

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**A. Town pension plans (continued)****10. Sensitivity of the net pension liability to changes in the discount rate**

The following presents the net pension liability, calculated using the discount rate as well as what the Town's net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

<u>Net pension liability (asset)</u>	<u>Discount Rate</u>	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
Police	<u>6.75%</u>	<u>\$ 14,217,949</u>	<u>\$ 10,799,953</u>	<u>\$ 7,950,877</u>
Education noncertified	<u>6.50%</u>	<u>\$ 1,768,686</u>	<u>\$ 806,155</u>	<u>\$ (14,251)</u>
Volunteer firefighters	<u>6.25%</u>	<u>\$ 976,756</u>	<u>\$ 850,453</u>	<u>\$ 743,220</u>

**11. Pension expense and deferred outflows and inflows of resources**

The Town reported deferred outflows of resources and deferred inflows of resources and pension expense as follows:

<u>Police</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Net</u>
Differences between expected and actual experience	\$ 715,401	\$ 9,911	\$ 705,490
Changes in assumptions	1,591,314	-	1,591,314
Net difference between projected and actual earnings on pension plan investments	<u>87,930</u>	<u>-</u>	<u>87,930</u>
Total	<u>\$2,394,645</u>	<u>\$ 9,911</u>	<u>\$2,384,734</u>

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**A. Town pension plans (continued)**

<u>Education Noncertified</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Net</u>
Differences between expected and actual experience	\$ 287,405	\$ 503,131	\$ (215,726)
Changes in assumptions	103,047	75,768	27,279
Net difference between projected and actual earnings on pension plan investments	<u>-</u>	<u>205,207</u>	<u>(205,207)</u>
Total	<u>\$ 390,452</u>	<u>\$ 784,106</u>	<u>\$ (393,654)</u>
<u>Volunteer Firefighters</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Net</u>
Differences between expected and actual experience	\$ 21,956	\$ 37,294	\$ (15,338)
Changes in assumptions	66,635	-	66,635
Net difference between projected and actual earnings on pension plan investments	<u>-</u>	<u>6,863</u>	<u>(6,863)</u>
Total	<u>\$ 88,591</u>	<u>\$ 44,157</u>	<u>\$ 44,434</u>
	<u>Police</u>	<u>Education Noncertified</u>	<u>Volunteer Firefighters</u>
Pension expense	<u>\$ 1,936,961</u>	<u>\$ 309,571</u>	<u>\$ 69,059</u>

Actual investment earnings below (or above) projected earnings are amortized over 5.00 years. Changes of assumptions and experience losses (gains) are amortized over the average remaining service period of actives and inactive employees, which was:

<u>Plan</u>	<u>Years</u>
Police	5.20
Education noncertified	6.70
Volunteer firefighters	8.00

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**A. Town pension plans (continued)**

The amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	Police	Education Noncertified	Volunteer Firefighters
2025	\$ 702,307	\$ (158,274)	\$ 5,532
2026	1,211,195	116,697	10,755
2027	381,337	(237,713)	4,474
2028	74,621	(178,064)	5,808
2029	15,274	33,294	8,358
Thereafter	-	30,406	9,507
Total	<u>\$2,384,734</u>	<u>\$ (393,654)</u>	<u>\$ 44,434</u>

**B. Defined contribution retirement savings plan**

Volunteer Firefighters are eligible to participate in a defined contribution plan administered by the Town, known as the Length of Service Awards Program 457E plan ("Plan"). The benefits and contribution requirements are established by approval of the Town Council. The Plan requires the Town to contribute \$1,000 per eligible member. The Town contributions for each member (and interest allocated to the members' account) are vested after five years of service. No member contributions are allowed. During the year, the employer contributions were \$28,000.

**C. Connecticut municipal employees' retirement system****1. Plan description**

The Connecticut Municipal Employees' Retirement System ("MERS") is the public pension plan offered by the State of Connecticut for municipal employees in participating municipalities. MERS is a cost-sharing defined benefit pension plan administered by the Connecticut State Retirement Commission.

Municipalities may designate which departments (including elective officers if so specified) are to be covered under the Connecticut Municipal Employees' Retirement System ("MERS"). This designation may be the result of collective bargaining. Only employees covered under the State Teachers' Retirement System may not be included. There are no minimum age or service requirements. Membership is mandatory for all regular full-time employees of participating departments except Police and Fire hired after age 60.

The plan has 4 sub plans as follows:

- General employees with social security
- General employees without social security
- Police officers and firefighters with social security
- Police officers and firefighters without social security

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**C. Connecticut municipal employees' retirement system (continued)****2. Benefit provisions**

<b>Normal retirement</b>	
General employees	Age 55 with 5 years of continuous service, or 15 years of active aggregate service or 25 years of aggregate service
Police and fire	Compulsory retirement age is age 65
Benefit calculation	The maximum benefit is 100% of average final compensation and the minimum benefit is \$1,000 annually. Both the minimum and the maximum include workers' compensation and social security benefits.
With social security	1.50% of the average final compensation not in excess of the year's breakpoint plus 2.00% of average final compensation in excess of the year's breakpoint, times years of service. If any member covered by social security retires before age 62, the benefit until age 62 is reached or a social security disability award is received, is computed as if the member is not under social security.
Without social security	2.00% of average final compensation, times years of service
Final average compensation	Average of the three highest paid years of service
<b>Early retirement</b>	5 years of continuous service or 15 years of active aggregate service
Early retirement amount	Calculated on the basis of average final compensation and service to date of termination. Deferral to normal retirement age, or an actuarially reduced allowance may begin at the time of separation.
Service connected disability amount	Calculated based on compensation and service to the date of the disability with a minimum benefit (including workers' compensation benefits) of 50% of compensation at the time of disability
Non-service connected disability service requirement	10 years of service
Non-service connected disability service amount	Calculated based on compensation and service to the date of the disability
Pre-retirement death benefit amount	Lump-sum return of contributions with interest of if vested and married, the surviving spouse will receive a lifetime benefit
Cost of living increases	2.50% - 6.00% depending on retirement date and increase in CPI

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**C. Connecticut municipal employees' retirement system (continued)****3. Contributions****Employer**

Participating municipalities make annual contributions consisting of a normal cost contribution, a contribution for the amortization of the net unfunded accrued liability and a prior service amortization payment which covers the liabilities of the system not met by member contributions.

**Employees**

For employees not covered by social security, each person is required to contribute 6.00% of compensation.

For employees covered by social security, each person is required to contribute 3.25% of compensation up to the social security taxable wage base plus 6.00% of compensation, if any, in excess of such base.

**4. Pension liabilities, deferred outflows of resources and deferred inflows of resources and pension expense**

The Town reported the following relative to the plan:

Measurement date	June 30, 2023
Valuation date	June 30, 2023
Proportionate share of the collective net pension liability	\$ 5,587,361
General Employees with Social Security	
Town percentage of total plan participating employers payroll based upon 2023 expected payroll	1.224623%
Increase (decrease) from prior year	0.002522%

Subsequent to the measurement date, there were no changes in benefit terms or any expected changes that will have an impact on the measurement of the net pension liability.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**C. Connecticut municipal employees' retirement system (continued)**

The Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description of Outflows/Inflows	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows and Inflows
Net difference between projected and actual earnings on pension plan investments	\$ 468,180	\$ -	\$ 468,180
Change in assumptions	508,594	-	508,594
Change in proportional share	222,134	248,411	(26,277)
Differences between expected and actual experience	357,775	61,524	296,251
Town contributions subsequent to measurement date	566,393	-	566,393
Total	<u>\$ 2,123,076</u>	<u>\$ 309,935</u>	1,813,141
Contributions subsequent to the measurement date to be recognized as a reduction of the net pension liability in the subsequent year			<u>(566,393)</u>
Net amortized amount of deferred inflows and outflows			<u>\$ 1,246,748</u>
 <u>Pension Expense</u>			
The plan recognized pension expense of:			<u>\$ 423,445</u>

Actual investment earnings below (or above) projected earnings are amortized over 5 years. Changes in proportional share and differences between expected and actual results are amortized over the average remaining service period of active and inactive employees which was 5.26 years.

Amounts reported as deferred outflows (inflows) of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	
2025	\$ 270,210
2026	229,619
2027	630,601
2028	83,553
2029	<u>32,765</u>
Total	<u>\$ 1,246,748</u>

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**C. Connecticut municipal employees' retirement system (continued)****5. Actuarial assumptions**

The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation date	June 30, 2023
Investment rate of return	7.00%
Inflation	2.50%
Salary increases	3.50-9.50%, including inflation
Cost of living adjustments	Future cost-of-living adjustments for members who retire on or after January 1, 2002 are 60% of the annual increase in the CPI up to 6.00%. The minimum annual COLA is 2.50%, the maximum is 6.00%.
Mortality rates	<p><u>Employees</u>: Mortality rates were based on RP-2014 Combined Mortality Table adjusted to 2006 and projected to 2015 with Scale MP-2017 and projected to 2022 with Scale BB.</p> <p><u>Police and Fire</u>: RP-2014 Blue Collar Mortality Table adjusted to 2006 and projected to 2015 with Scale MP-2017 and projected to 2022 with Scale BB.</p> <p><u>Disabled</u>: For disabled retirees, the RP-2014 Disabled Mortality Table projected with Scale BB to 2020 was used.</p>

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2022.

**Long-term expected rate of return**

The long-term expected rate of return on pension plan investments was determined using a statistical analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**C. Connecticut municipal employees' retirement system (continued)**

The target asset allocation and best estimates of arithmetic real rates of return for each major class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Target Expected Real Rate of Return
Global equity	37.00%	6.80%
Public credit	2.00%	2.90%
Core fixed income	13.00%	0.40%
Liquidity fund	1.00%	(0.40%)
Risk mitigation	5.00%	0.10%
Private equity	15.00%	11.20%
Private credit	10.00%	6.10%
Real estate	10.00%	6.30%
Infrastructure and natural resources	7.00%	7.70%
Total	<u>100.00%</u>	

**6. Discount rate**

The discount rate used to measure the collective total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**7. Sensitivity of the net pension liability to changes in the discount rate**

The following presents the Town's proportional share of the collective net pension liability of MERS, calculated using the discount rate, as well as what the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	Discount Rate	1% Decrease	Current Discount Rate	1% Increase
Town's proportionate share of the net pension liability	<u>7.00%</u>	<u>\$ 7,754,041</u>	<u>\$ 5,587,361</u>	<u>\$ 3,761,869</u>

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**C. Connecticut municipal employees' retirement system (continued)****8. Plan fiduciary net position**

The net pension liability, pension expense and deferred outflows and inflows of resources presented in this report have been determined based on CMERS' fiduciary net position included in the State of Connecticut ACFR as of and for the year ended June 30, 2023, which was audited by the State of Connecticut Auditors of Public Accounts. CMERS is included in the State of Connecticut's ACFR as a pension trust fund.

**9. Future plan changes**

On June 7, 2023, House Bill 6930, an Act Concerning the Development of Best Practices for Governance Structures of Municipal Retirement Plans, was passed by the Connecticut Legislature

The following is a summarization of future changes in benefit provisions.

- A five-year phase-out of the Cost-Of-Living-Adjustment (COLA) floor from the existing 2.5% to 0%, which reduces the floor by 0.5% each year for future retirees, beginning July 1, 2025, reducing to 0% on July 1, 2029.
- Subject to the COLA floors outlined above, for years in which inflation (as measured by the CPI-W) increases by 2% or less, the MERS COLA will track inflation directly. For those years in which inflation increases by 2% or more, the COLA will be 60% of the inflation rate up to 6.0%, and 75% of the inflation rate in excess of 6.0% with a maximum COLA of 7.5%.

Beginning July 1, 2025, the benefit formula multiplier will increase to 2.2% (1.7% for social security covered eligible participants) based on the following eligibility:

- General Employees: Beginning for service at age 60 with at least 30 years of service.
- Police and Fire: Beginning for service at age 55 with at least 27 years of service.

Beginning July 1, 2025, a Deferred Retirement Option Plan (DROP), capped at five years of participation in the program, will be offered based on the following eligibility:

- General Employees: at age 60 with 30 years of service OR at age 62 with five (5) years of service.
- Police and Fire: at age 55 with 25 years of service; at age 57 with five (5) years of service; or at any age with 30 years of service.
- Upon entering DROP, the member contribution rate is reduced to half. After 24 months of DROP participation, the member contribution rate is reduced to 0%.
- Beginning annually at the 2nd anniversary of the member's DROP entry, the DROP account is credited with interest at a not to exceed 4%. Interest is also credited at the 3rd, 4th, and 5th anniversary date of DROP entry.
- Pension amount will not increase with annual COLAs while participating in DROP. Once member exits DROP, future COLAs will be determined based on the provisions in effect at the time the member entered the DROP.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**D. Connecticut state teachers' retirement system****1. Plan description**

Teachers, principals, superintendents or supervisors engaged in service of public schools are provided with pensions through the Connecticut State Teachers' Retirement System ("TRS"), a cost sharing multiple-employer defined benefit pension plan administered by the Teachers' Retirement Board ("TRB"). Chapter 167a of the State Statutes grants authority to establish and amend the benefit terms to the TRB. TRS issues a publicly available financial report that can be obtained at [www.ct.gov/trb](http://www.ct.gov/trb).

**2. Benefit provisions**

Normal retirement	Age 60 with 20 years of credited service in Connecticut, or 35 years of credited service including at least 25 years of service in Connecticut
Benefit calculation	2.00% of the average annual salary times the years of credited service (maximum benefit is 75% of average annual salary during the 3 years of highest salary)
Minimum benefit	Effective January 1, 1999, Public Act 98-251 provides a minimum monthly completed at least 25 years of full time Connecticut service at retirement.
Early retirement	25 years of credited service including 20 years of Connecticut service, or age 55 with 20 years of credited service including 15 years of Connecticut service
Early retirement amount	Benefit amounts are reduced by 6.00% per year for the first 5 years preceding normal retirement age and 4.00% per year for the next 5 years preceding the normal retirement age. Effective July 1, 1999, the reduction for individuals with 30 or more years of service is 3.00% per year by which retirement precedes normal retirement date
Service connected disability amount	2.00% of average annual salary times credited service to date of disability, but not less than 15% of average annual salary, nor more than 50% of average annual salary. In addition, disability benefits under this plan (without regard to cost-of-living adjustments) plus any initial award of social security benefits and workers' compensation cannot exceed 75% of annual average salary
Non-service connected disability service requirement	5 years of credited service
Vesting - service	10 years of service
Vesting - amount	100%
Pre-retirement death benefit amount	Lump-sum return of contributions with interest or surviving spouse benefit depending on length of service

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**D. Connecticut state teachers' retirement system (continued)****3. Contributions****State of Connecticut**

Per Connecticut General Statutes Section 10-183z (which reflects Public Act 79-436 as amended), contribution requirements of active employees and the State of Connecticut are amended and certified by the State Teachers' Retirement Board and appropriated by the General Assembly. The contributions are actuarially determined as an amount that, when combined with employee contributions and investment earnings, is expected to finance the costs of the benefits earned by employees during the year, with any additional amount to finance any unfunded accrued liability.

**Employer (school districts)**

School district employers are not required to make contributions to the plan.

**Employees**

Each teacher is required to contribute 7.00% of their salary for the pension benefit.

**4. Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions**

The Town reports no amounts for its proportionate share of the collective net pension liability, and related deferred outflows and inflows due to the statutory requirement that the State pay 100% of the required contribution. The amounts recognized by the Town as its proportionate share of the collective net pension liability, the related State support, and the total portion of the collective net pension liability that was associated with the Town were as follows:

Town's proportionate share of the collective net pension liability	\$ -
State's proportionate share of the collective net pension liability associated with the Town	<u>62,789,062</u>
Total	<u><u>\$62,789,062</u></u>
The plan recognized pension expense and revenue for on-behalf amounts for contributions to the plan by the State of:	<u><u>\$ 5,825,950</u></u>

The collective net pension liability was measured as of June 30, 2023, and the collective total pension liability used to calculate the collective net pension liability was determined by an actuarial valuation as of June 30, 2023. The Town has no proportionate share of the collective net pension liability.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**D. Connecticut state teachers' retirement system (continued)****5. Actuarial assumptions**

The collective total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation date	June 30, 2023
Investment rate of return	6.90%
Inflation	2.50%
Salary increases	3.00-6.50%, including inflation
Mortality rates	Mortality rates were based on the PubT-2010 Table, projected generationally with MP-2019

Future cost-of-living increases are as follows:

Teachers who retired prior to September 1, 1992	Pension benefit adjustments are made in accordance with increases in the Consumer Price Index, with a minimum of 3.00% and a maximum of 5.00% per annum
Teachers who were members of the Teachers' Retirement System before July 1, 2007, and retire on or after September 1, 1992	Pension benefit adjustments are made that are consistent with those provided for social security benefits on January 1 of the year granted, with a maximum of 6.00% per annum. If the return on assets in the previous year was less than 8.50%, the maximum increase is 1.50%
Teachers who were members of the Teachers' Retirement System after July 1, 2007	Pension benefit adjustments are made that are consistent with those provided for social security benefits on January 1 of the year granted, with a maximum of 5.00% per annum. If the return on assets in the previous year was less than 11.50%, the maximum increase is 3.00%, and if the return on the assets in the previous year was less than 8.50%, the maximum increase is 1.00%

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the 5-year period ending June 30, 2019.

**Changes in assumptions and inputs**

There were no changes in assumptions from the prior measurement date.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**D. Connecticut state teachers' retirement system (continued)****Long-term expected rate of return**

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target asset allocation and best estimates of geometric rates of return for each major class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Target Expected Real Rate of Return</u>
Global equity	37.00%	6.80%
Public credit	2.00%	2.90%
Core fixed income	13.00%	0.40%
Liquidity fund	1.00%	(0.40%)
Risk mitigation	5.00%	0.10%
Private equity	15.00%	11.20%
Private credit	10.00%	6.10%
Real estate	10.00%	6.30%
Infrastructure and natural resources	7.00%	7.70%
Total	<u>100.00%</u>	

**6. Discount rate**

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that State contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**7. Sensitivity of the collective net pension liability to changes in the discount rate**

The Town's proportionate share of the collective net pension liability is \$0 and, therefore, the change in the discount rate would only impact the amount recorded by the State of Connecticut.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**D. Connecticut state teachers' retirement system (continued)****8. Plan fiduciary net position**

The net pension liability and proportional share of pension expense presented in this report have been determined based on Connecticut State Teachers Retirement Systems' fiduciary net position included in the State of Connecticut ACFR as of and for the year ended June 30, 2023, which was audited by the State of Connecticut Auditors of Public Accounts and is included in the State of Connecticut's ACFR as a pension trust fund.

**E. Total pension plans**

	Net Pension Liability	Deferred Outflows of Resources	Deferred Inflows of Resources	Pension Expense
Police	\$ 10,799,953	\$ 2,394,645	\$ 9,911	\$ 1,936,961
Education noncertified	806,155	390,452	784,106	309,571
Volunteer firefighters	850,453	88,591	44,157	69,059
MERS	5,587,361	2,123,076	309,935	423,445
Total	<u>\$ 18,043,922</u>	<u>\$ 4,996,764</u>	<u>\$ 1,148,109</u>	<u>\$ 2,739,036</u>

**F. Other post-employment benefit plan****1. Plan description****a. Plan administration**

The Town administers one single-employer defined benefit, post-retirement healthcare plan for the Town and Board of Education through the Town of Clinton Other Post-Employment Benefit ("OPEB") trust fund ("Plan"). The plan provides health and life insurance benefits to eligible retirees and their spouses. The plan does not issue standalone financial reports.

The Town has one OPEB trust fund accounting for the OPEB activities of the Town and the Board of Education. All contributions and investments in the Trust are commingled. The Town and Board of Education choose to show their activity in the OPEB trust to report to their respective boards (Town Council and Board of Education). The reported split in the assets of the trust are done on a percentage based on the original contributions in the OPEB trust.

**b. Plan membership**

The membership in the Plans as of the date indicated is comprised of the following:

	Town	Education
Retirees and beneficiaries receiving benefits	45	7
Active members	69	241
Total	<u>114</u>	<u>248</u>
Valuation date:	<u>7/1/22</u>	<u>7/1/23</u>

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**F. Other post-employment benefit plan (continued)****2. Benefit provisions**

In addition to providing pension benefits, various Town employee agreements provide for a portion of health insurance coverage or subsidized coverage to retired employees. These benefits are negotiated through union contracts, personnel policies, and/or individual employment agreements.

**3. Contributions**

Employees	0%
Town retirees	<u>Police:</u> Age 55 and 10 years of continuous service or 15 years of noncontinuous service or 25 years of service - access to a major medical plan up to age 62. Town pays 100% of cost <u>All other retirees:</u> Age 55 and 10-15 years of service on retiring (dependent on bargaining unit), up to age 65. Retiree pays 100% of the cost
Noncertified education retirees	Retiree pays 100% of the cost up to age 65
Teachers and administrators	Teachers who no longer work for the Board of Education are allowed by State Statute to participate in the Town's group medical insurance plan until they formally begin receiving benefits from the State Teachers' Retirement Plan. These retirees are required to contribute the cost of the insurance to the Town
Employer	Actuarially determined on a bi-annual basis

**4. Investments****a. Investment policy and rate of return**

The OPEB plans' policy in regard to the allocation of invested assets is established and may be amended by the Retirement Board. It is the policy of the Town's Retirement Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes.

Best estimates of geometric real rates of return for each major asset class included in the OPEB plan's target asset allocation.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**F. Other post-employment benefit plan (continued)**

The following was the Board's adopted asset allocation policy:

Asset Class	Target Allocation	
	Town	Education
Large cap	44.00%	20.00%
Mid/small cap	12.00%	12.00%
Large growth	0.00%	12.00%
Large value	0.00%	12.00%
International	15.00%	10.00%
Intermediate bond	23.00%	0.00%
Short term bond/cash	1.00%	1.00%
Fixed income	0.00%	23.00%
Emerging markets equity	0.00%	5.00%
Specialty/alternatives	5.00%	5.00%
Total/weighted average	<u>100.00%</u>	<u>100.00%</u>

Asset Class	Long-Term Expected Real Rate of Return	
	Town	Education
Large cap	5.00%	3.87%
Mid/small cap	5.30%	3.95%
Large growth	0.00%	3.57%
Large value	0.00%	3.76%
International	6.40%	5.07%
Intermediate bond	2.05%	0.00%
Short term bond/cash	0.05%	0.49%
Fixed income	0.00%	1.93%
Emerging markets equity	0.00%	6.18%
Specialty/alternatives	3.00%	3.27%
Long-term inflation expectation	<u>2.70%</u>	<u>2.60%</u>
Long-term expected rate of return	<u>7.12%</u>	<u>6.25%</u>

**Annual money-weighted rate of return**

	Town	Education
The annual money-weighted rate of return on OPEB plan investments (net of OPEB plan investment expense) was:	<u>11.12%</u>	<u>11.67%</u>

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**F. Other post-employment benefit plan (continued)****b. Concentrations**

There were no investments in any one organization that represents 5.00% or more of the OPEB plans' net position.

**5. Net OPEB liability**

The components of the net OPEB liability were measured as of June 30, 2024 and were as follows:

	<u>Town</u>	<u>Education</u>
Total OPEB liability	\$ 1,995,257	\$4,864,599
Plan fiduciary net position	<u>45,784</u>	<u>93,795</u>
Net OPEB liability	<u>\$ 1,949,473</u>	<u>\$4,770,804</u>
Plan fiduciary net position as a percentage of the total OPEB liability	<u>2.29%</u>	<u>1.93%</u>

**6. Actuarial methods and significant assumptions**

The total OPEB liability was determined using the following actuarial assumptions, applied to all periods included in the measurement.

	<u>Town</u>	<u>Education</u>
Valuation date	July 1, 2022	July 1, 2023
Actuarial cost method	Entry age normal	Entry age normal
Asset valuation method	Fair value	Fair value
Discount rate	3.93%	3.93%
Salary increases	2.40%	Graded by age for teachers and administrators, 4.00% for all others
Inflation	2.40%	2.60%
Healthcare cost trend rates: Initial medical trend rate	6.50%	6.80%
Ultimate medical trend rate	4.40%	4.00%
Mortality rates	Pub-2010 Public Retirement Plans Amount-Weighted Mortality Tables, projected to the valuation date with Scale MP-2021	PubT-2010 Mortality Table for Employees and Healthy Annuitants with generational projection of future improvements per the MP- 2021 Ultimate Scale.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**F. Other post-employment benefit plan (continued)****7. Changes from prior year****a. Changes in assumptions**

Changes in assumptions are as follows:

Description	Town		Education	
	From	To	From	To
Discount rate	3.65%	3.93%	3.65%	3.93%
Inflation	n/a	n/a	2.75%	2.60%
Healthcare cost trend rates	n/a	n/a	5.1-4.1%	6.8-4.0%
Mortality rates	n/a	n/a	Scale MP-2019	Scale MP-2021

**b. Changes in benefit terms**

There were no changes in benefit terms in the current year.

**8. Discount rate**

The discount rate used to measure the total OPEB liability was:

	<u>Town</u>	<u>Education</u>
Discount rate	3.93%	3.93%

The discount rate was based on the Bond Buyer municipal bond 20-year high grade index as of the measurement date.

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Town contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the OPEB plan's fiduciary net position was not projected to be available to make all projected future benefit payments of current plan members. Therefore, the municipal bond rate was applied to all periods of projected benefit payments to determine the total OPEB liability.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**F. Other post-employment benefit plan (continued)****9. Changes in the net OPEB liability**

The Town's OPEB liability was measured at June 30, 2024 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as noted below for the Town and for the Board of Education.

Valuation Date: July 1, 2022		Increase (Decrease)		
		Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (a) - (b)
Town				
Balance at July 1, 2023		\$ 2,022,859	\$ 41,595	\$ 1,981,264

Balance at June 30, 2024		<u>\$ 4,864,599</u>	<u>\$ 93,795</u>	<u>\$ 4,770,804</u>

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**F. Other post-employment benefit plan (continued)****10. Sensitivity of the OPEB liability to changes in the discount rate**

The following presents the OPEB liability, as well as what the OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

<u>Net OPEB Liability</u>	<u>Discount Rate</u>	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
Town	<u>3.93%</u>	<u>\$2,205,315</u>	<u>\$ 1,949,473</u>	<u>\$ 1,741,627</u>
Education	<u>3.93%</u>	<u>\$5,293,427</u>	<u>\$ 4,770,804</u>	<u>\$ 4,314,533</u>

**11. Sensitivity of the OPEB liability to changes in the healthcare cost trend rate**

The following presents the OPEB liability, as well as what the OPEB liability would be if it were calculated using trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current trend rates:

<u>Net OPEB Liability</u>	<u>Trend Rates</u>	<u>1% Decrease</u>	<u>Current Trend Rate</u>	<u>1% Increase</u>
Town	<u>6.5-4.4%</u>	<u>\$1,760,555</u>	<u>\$ 1,949,473</u>	<u>\$ 2,187,929</u>
Education	<u>6.8-4.0%</u>	<u>\$4,203,964</u>	<u>\$ 4,770,804</u>	<u>\$ 5,439,665</u>

**12. OPEB expense and deferred outflows/inflows of resources related to OPEB**

The Town reported deferred outflows of resources, deferred inflows of resources, and OPEB expense as follows:

<u>Town</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Net</u>
Differences between expected and actual experience	\$ 100,525	\$ 589,133	\$ (488,608)
Changes in assumptions	230,344	309,082	(78,738)
Net difference between projected and actual earnings on OPEB plan investments	<u>420</u>	<u>-</u>	<u>420</u>
Total	<u>\$ 331,289</u>	<u>\$ 898,215</u>	<u>\$ (566,926)</u>

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**F. Other post-employment benefit plan (continued)**

<u>Education</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Net</u>
Differences between expected and actual experience	\$ 186,746	\$1,120,701	\$ (933,955)
Changes in assumptions	169,993	1,477,564	(1,307,571)
Net difference between projected and actual earnings on OPEB plan investments	<u>761</u>	<u>-</u>	<u>761</u>
Total	<u>\$ 357,500</u>	<u>\$2,598,265</u>	<u>\$ (2,240,765)</u>

	<u>Town</u>	<u>Education</u>
The plan recognized OPEB expense of:	<u>\$ 129,027</u>	<u>\$ (97,867)</u>

Actual investment earnings below (or above) projected earnings are amortized over 5.00 years for both plans. Experience losses (gains) and changes in assumptions are amortized over the average remaining service period of actives and inactive, which was:

<u>Plan</u>	<u>Years</u>
Town	6.8
Education	8.1

Amounts reported as deferred outflows (inflows) of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year Ending June 30,</u>	<u>Town</u>	<u>Board of Education</u>
2025	\$ (31,838)	\$ (387,537)
2026	(93,544)	(388,897)

2029	(102,584)	(454,009)
Thereafter	<u>(13,583)</u>	<u>(143,495)</u>
Total	<u>\$ (566,926)</u>	<u>\$ (2,240,765)</u>

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**G. Connecticut state teachers' retirement board retiree health insurance plan****1. Plan description**

Teachers, principals, superintendents or supervisors engaged in service of public schools that are currently receiving a retirement or disability benefit through the Connecticut Teachers' Retirement System are eligible to participate in the Connecticut State Teachers' Retirement System Retiree Health Insurance Plan ("TRS-RHIP") - a cost sharing multiple-employer defined benefit other post-employment benefit plan administered by the Teachers' Retirement Board ("TRB"). Chapter 167a Section 10-183t of the State Statutes grants authority to establish and amend the benefit terms to the TRB. TRS-RHIP issues a publicly available financial report that can be obtained at [www.ct.gov/trb](http://www.ct.gov/trb).

**2. Benefit provisions**

The Plan provides for retiree health insurance benefits to retired teachers and administrators of public schools. Eligibility is as follows:

Normal retirement	Age 60 with 20 years of credited service in Connecticut, or 35 years of credited service including at least 25 years of service in Connecticut
Early retirement	25 years of credited service including 20 years of Connecticut service, or age 55 with 20 years of credited service including 15 years of Connecticut service
Service connected disability service requirement	No service requirement
Non-service connected disability service requirement	5 years of credited service
Vesting - service	10 years of service

**Retiree health care coverage**

Any member that is currently receiving a retirement or disability benefit is eligible to participate in the Plan. There are two types of health care benefits offered. Subsidized Local School District Coverage provides a subsidy paid to members still receiving coverage through their former employer and the CTRB Sponsored Medicare Supplemental Plans provide coverage for those participating in Medicare, but not receiving Subsidized Local School District Coverage.

Any member that is not currently participating in Medicare Parts A & B is eligible to continue health care coverage with their former employer.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**G. Connecticut state teachers' retirement board retiree health insurance plan (continued)**

The subsidy amounts are set by State statutes as follows:

Members that are not currently participating in Medicare Parts A & B	A subsidy of up to \$220 per month for a retired member plus an additional \$220 per month for a spouse enrolled in a local school district plan is provided to the school district to first offset the retiree's share of the cost of coverage, any remaining portion is used to offset the district's cost
Members who has attained the normal retirement age to participate in Medicare but is not eligible for Part A of Medicare without cost	A subsidy amount of \$440 per month may be paid for a retired member, spouse or the surviving spouse of a member who has attained the normal retirement age to participate in Medicare, is not eligible for Part A of Medicare without cost and contributes at least \$440 per month towards coverage under a local school district plan

Any member that is currently participating in Medicare Parts A & B is eligible to either continue health care coverage with their former employer, if offered, or enroll in the plan sponsored by the System. If they elect to remain in the plan with their former employer, the same subsidies as above will be paid to offset the cost of coverage.

If a member participating in Medicare Parts A & B so elects, they may enroll in one of the CTRB Sponsored Medicare Supplemental Plans. Active members, retirees, and the State pay equally toward the cost of the basic coverage (medical and prescription drug benefits).

Those participants electing vision, hearing, and/or dental are required by the System's funding policy to pay the full cost of coverage for these benefits, and no liability is assumed by the Plan for these benefits.

**3. Contributions****State of Connecticut**

Per Connecticut General Statutes Section 10-183z, contribution requirements of active employees and the State of Connecticut are amended and certified by the State Teachers' Retirement Board and appropriated by the General Assembly. The State pays for one third of plan costs through an annual appropriation in the General Fund.

**Employer (school districts)**

School district employers are not required to make contributions to the plan.

**Employees/retirees**

Employees: Each active member is required to contribute 1.25% of their pensionable wages

Retirees: Retirees are required to pay for 1/3 of the plan cost through monthly premiums

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**G. Connecticut state teachers' retirement board retiree health insurance plan (continued)****4. OPEB liabilities, OPEB expense, deferred outflows of resources and deferred inflows of resources related to OPEB**

The Town reports no amounts for its proportionate share of the collective net OPEB liability, and related deferred outflows and inflows due to the statutory requirement that the State pay 100% of the required contribution. The amounts recognized by the Town as its proportionate share of the collective net OPEB liability, the related State support, and the total portion of the collective net OPEB liability that was associated with the Town were as follows:

Town's proportionate share of the collective net OPEB liability	\$ -
State's proportionate share of the collective net OPEB liability associated with the Town	<u>5,882,473</u>
Total	<u><u>5,882,473</u></u>
The plan recognized OPEB expense and revenue for on-behalf amounts for contributions to the plan by the State of:	<u><u>\$ 79,280</u></u>

The collective net OPEB liability was measured as of June 30, 2024, and the collective total OPEB liability used to calculate the collective net OPEB liability was determined by an actuarial valuation as of June 30, 2023. The Town has no proportionate share of the collective net OPEB liability.

**5. Actuarial assumptions**

The collective total OPEB liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation date	June 30, 2023
Investment rate of return	3.00%
Discount rate	3.64%
Inflation	2.50%
Health care cost trend rate (Medicare)	5.125% decreasing to 4.50% by 2031
Salary increases	3.00-6.50%, including inflation
Mortality rates	Mortality rates were based on the PubT-2010 Table, projected generationally with MP-2019
Year fund net position will be depleted	2028

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the 5-year period ending June 30, 2019.

## Town of Clinton, Connecticut

**Notes to Financial Statements**  
**As of and for the Year Ended June 30, 2024**

**G. Connecticut state teachers' retirement board retiree health insurance plan (continued)****Changes in assumptions and inputs**

- The discount rate was increased from 3.53% to 3.64% to reflect the change in the Municipal Bond Index rate.

**Long-term expected rate of return**

The long-term expected rate of return on OPEB plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

All the plan assets are assumed to be invested in cash equivalents (treasuries). The expected 10-year geometric rate of return is 0.77%. The long-term real rate of return as of June 30, 2023 was 3.25%.

**6. Discount rate**

The discount rate used to measure the collective total OPEB liability was the Municipal Bond Index rate of 3.64%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that annual State contributions will equal the most recent 5-year average of state contributions.

**7. Sensitivity of the collective net OPEB liability to changes in the discount rate and the health care cost trend rate**

The Town's proportionate share of the collective net OPEB liability is \$0 and, therefore, the change in the discount rate and health care cost trend rate would only impact the amount recorded by the State of Connecticut.

**8. Plan fiduciary net position**

The net pension liability and proportional share of pension expense presented in this report have been determined based on Connecticut State Teachers Retiree Health Insurance Plan's fiduciary net position included in the State of Connecticut ACFR as of and for the year ended June 30, 2023, which was audited by the State of Connecticut Auditors of Public Accounts and is included in the State of Connecticut's ACFR as a OPEB trust fund.

**H. Total OPEB plans**

## Town of Clinton, Connecticut

**Notes to Financial Statements  
As of and for the Year Ended June 30, 2024****VI. Recently issued GASB pronouncements**

**GASB Statement No. 101**, "Compensated Absences", provides guidance on the accounting and financial reporting for compensated absences. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2023.

**GASB Statement No. 102**, "Certain Risk Disclosures", provides guidance on disclosure for risks related to a government's vulnerabilities due to certain concentrations or constraints. A concentration is defined as a lack of diversity related to an aspect of a significant inflow of resources or outflow of resources. A constraint is a limitation imposed on a government by an external party or by formal action of the government's highest level of decision-making authority. Concentrations and constraints may limit a government's ability to acquire resources or control spending.

Under this Statement, a government is required to assess whether an event or events associated with a concentration or constraint that could cause substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024.

**GASB Statement No. 103**, "Financial Reporting Model Improvements", has been issued to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The requirements of this Statement are effective for reporting periods beginning after June 15, 2025.

This is not an all-inclusive list of recently issued GASB pronouncements but rather a listing of Statements that the Town believes will most impact its financial statements. The Town will evaluate the impact of this and other pronouncements may have on its financial statements and will implement them as applicable and when material.

## Town of Clinton, Connecticut

## Notes to Required Supplementary Information

**Budgets and Budgetary Accounting  
For the Year Ended June 30, 2024**

The Town has a legally adopted annual budget for the General Fund. The Town adheres to the following procedures in establishing the budgetary data included in the general fund financial statements. The operating budget, which is prepared by function and department, includes proposed expenditures and the means of financing them.

Formal budgetary integration is employed as a management control device during the year.

This budget is adopted on a basis consistent with generally accepted accounting principles (modified accrual basis) with the following exceptions:

1. The Town does not budget for as revenue or expenditures payments made for the State Teachers' pension and OPEB by the State of Connecticut on the Town's behalf.
2. The Town uses the budgetary basis of accounting under which purchase orders for contracts or other commitments are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order, contract or other commitment is issued and, accordingly, encumbrances outstanding at year end are reported in the budgetary statements included as required supplementary information.

**Reconciliation to Exhibit D**

	Revenues	Expenditures
Budgetary Basis - RSI-1	\$ 60,880,705	\$ 57,295,888
Current year encumbrances charged to budgetary expenditures	-	(62,606)
State Teachers' pension on behalf amount	5,825,950	5,825,950
State Teachers' OPEB on behalf amount	79,280	79,280
GAAP Basis - Exhibit D	<u>\$ 66,785,935</u>	<u>\$ 63,138,512</u>

Every department, office, board, commission, agency or authority shall present to the Town Manager an itemized estimate of the expenditures to made, and all revenues, other than Town appropriation to be received during the ensuing fiscal year. The Town Manager shall hold a hearing with each department, office, board, commission or agency on the proposed budget. The Town Manager shall then present the proposed budget to the Town Council. The Town Council shall then revise the estimates as it deems desirable and shall complete the proposed budget for the ensuing fiscal year and its report. The Town Council shall hold one or more public hearings on the proposed budget not less than fourteen (14) days before the Annual Budget Meeting.

The Annual Budget Meeting shall be held no later than the first Wednesday in May. The Annual Budget Meeting shall be adjourned to referendum.

The legal level of control (the level at which expenditures may not legally exceed appropriations) is at the department level.

The Town Manager may make special appropriations from cash surplus or the contingency account in the amounts not to exceed in total for that department, office board, commission or agency, \$50,000 dollars. Any request which shall exceed the \$50,000 shall require a vote of the Town Meeting after the approval of the Town Council. Special appropriations other than those from cash surplus or from the contingency account may be acted upon only by a Town Meeting, after the approval of the Town Council. The Town Manager, upon appropriate request, and recommendation of the Town Council, may transfer unexpended balances from one appropriation to another. Transfer of appropriations of amounts up to \$500 within a department can be done by Department Heads with the approval of the Finance Director. A referendum shall be required for any resolution appropriating an amount over \$300,000.

The Board of Education is authorized under state law to make any transfers required within their budget at their discretion. Any additional appropriations must have Board of Education and Town Council approval and, if over \$50,000, Town Meeting approval.

There were no additional appropriations during the year.

# General Fund

The general fund is the principal fund of the Town and is used to account for all activities of the Town, except those required to be accounted for in another fund. The general fund accounts for the normal recurring activities of the Town. These activities are funded principally by property taxes, user fees and grants from other governmental units.

For reporting in accordance with generally accepted accounting principles, the general fund includes certain funds that are required to be reported as part of the general fund under the requirements of GASB No. 54.

Fund	Function
Education Nonlapsing	The education nonlapsing fund is used to account for the amounts transferred from the unexpended balance of the education budget in accordance with State Statutes. State Statutes allow for up to 2% of the education operating budget annually to be transferred to the fund upon approval by the Board of Education.

# Statistical Section

This part of the Town's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Town's overall financial health.

Table	Description
Financial Trend (Tables 1-4)	These schedules contain trend information to help the reader understand how the Town's financial performance and well-being have changed over time.
Revenue Capacity (Tables 5-7)	These schedules contain information to help the reader assess the Town's most significant local revenue source, the property tax.
Debt Capacity (Tables 8-11)	These schedules present information to help the reader assess the affordability of the Town's current levels of outstanding debt and the Town's ability to issue additional debt in the future.
Demographic and Economic Information (Tables 12-14)	These schedules offer demographic and economic indicators to help the reader understand the environment within which the Town's financial activities take place.
Operating Information (Tables 15-16)	These schedules contain service and infrastructure data to help the reader understand how the information in the Town's financial report relates to the services the Town provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the fiscal year.
