

2018  
Annual Reports  
of the  
Town Officers  
of the  
Town of Clinton

For the Fiscal Year  
July 1, 2017 – June 30, 2018

The annual town report is compiled to serve three objectives: 1) to inform and educate the citizens of Clinton, 2) to exchange information and statistics between government agencies and 3) to provide a historical record of the activities of town government and the people of Clinton.

# GENERAL GOVERNMENT

## BOARD OF SELECTMEN

The popular Clinton Family Day was canceled in July due to inclement weather.

The board reviewed the Charter Revision Committee's final report in July. The board voted to reject portions of the proposed charter which would include the town manager form of government. A petition was filed with the Town Clerk for a referendum on the proposed charter amendments that were submitted by the Charter Revision Commission. The Board of Selectmen voted to have the amendments on the November ballot.

The board recognized September 25 – October 1st as Diaper Awareness Week.

The town accepted an Emergency Management Performance Grant in the amount of \$4500 in August.

The town sold 112 Glenwood Road to Peter and Susan Gaeta for \$90,000

The Board approved the donation of an old fire truck to a small department in Texas that receives no funding. The only funding, they receive is from donations raised. This was done at no cost to the town.

In September, Dawn Norton was hired as the town's interim Finance Director.

In October, the board awarded Scantek the bid on document management. The board also approved the South Central CT Mutual Police Assistance Agreement, Shoreline Non-Emergency Mutual Police Assistance Agreement and the Shoreline Technical Crimes Investigative Group MOU.

The Rockfall Company was awarded the bid to make renovations to the Ethel Peters Complex. 15 bids were submitted and The Rockfall Company was the lowest bid. The project will be funded through a \$500,000 STEAP grant.

The Board of Selectmen membership had some changes during fiscal year 2017-18. In November 2017, Christine Goupil was elected as First Selectman. The elected Board of Selectmen was Jack Scherban, Timothy Guerra, Carol Walter and Phillip Sengle. After the board was seated, they met with developers on the sale of the old Morgan School.

In November, the board formed a new Charter Revision Commission. The board worked closely with the commission throughout the year.

The board approved the LED Light Upgrade Program for town Hall and Annex. They also accepted the Bright Ideas Grant awarded to the Town Energy Committee from Eversource to increase Town's participation in the Home Energy Solutions program by offering incentives to residents.

The Chamber of Commerce hosted another successful Christmas in Clinton. There were vendors and food trucks all along Main street celebrating the season. Activities also took place at the Town Hall commencing with a community sing along, the arrival of Santa and the tree lighting on the front steps of the Town Hall.

The Town accepted the award from the Connecticut State Library for the Historic Documents Preservation Grant in the amount of \$4000 made to the Town Clerk's office. The grant funds can be used for microfilming projects for public records and the purchase of archival supplies for the preservation of public records.

The board approved an authorized resolution allowing the town to participate in the Sustainable CT Municipal Certification program. Sustainable CT is a comprehensive, statewide, action-oriented voluntary certification program, built by and for municipalities, with the vision that: Sustainable CT communities strive to be thriving, resilient, collaborative, and forward-looking. They build community and local economy. They equitably promote the health and well-being of current and future residents and they respect the finite capacity

of the natural environment. Clinton embraces the ongoing process of working toward greater sustainability.

The board began reviewing budgets in January. These budgets were then turned over to the Board of Finance in February for review.

The Annual Town Meeting was scheduled and held in January. Duncan Forsyth from Halloran & Sage was the guest speaker for the meeting. The presentation for the evening was "How to Run a Legal and Effective Meeting".

The board accepted the Community Foundation Grant for 2,175 & the Opioid Grant for \$5,000. The Human Services department received two mini grants. The Community Foundation of Middlesex approved a grant in the amount of \$2,175. The Alliance for Prevention & Wellness approved an opioid grant in the amount of \$5,000.

The town received a grant from the CT Department of Economic and Community Development for the design and engineer of a wastewater disposal system at the former Unilever Factory. The name of the grant was the Responsible Growth and Transit-Oriented Development with an award amount of \$55,000.

The town was awarded the Small Harbor Improvements Project Program Grant in the amount of \$110,000 for the engineering & design for the town marina boat ramp.

In April, the board held a public hearing on establishing a Fracking Ordinance. The ordinance would prohibit the storage, disposal or use of waste from oil and gas explorations or extraction activities or any derivative. The ordinance was brought forth by a petition.

The budgets went to referendum in May. Both the Town budget and the Board of Education budget failed to pass on both the first and second Referendums May 9th and May 23rd. The Board of Education budget passed with the third referendum vote on June 6th. The Town budget was approved on June 20th.

After two straight years of inclement weather for the Memorial Day Parade which forced the ceremony to be inside, the weather on May 28, 2018 was perfect and allowed for the parade and related ceremonies to proceed as scheduled outdoors.

Once again, the Selectmen would like to thank all of the staff, the volunteer members of all Boards and Commissions and our elected officials for their continued work on behalf of the Town of Clinton.

## REGISTRAR OF VOTERS

In 2017, for the first time in Clinton history we had a primary for the seat of First Selectman, as well as many other seats. The municipal election, held in November, set an historic voter turnout at 64%. We had a recount for the seat of Judge of Probate.

Between May and the end of June 2018 we held 4 Budget Referendums, and a first time ever Ordinance Referendum. Turn out for the Ordinance Referendum was 550 people, which was quite impressive.

Voter statistics for Clinton are as follows:

Democrats.....	3011
Republicans .....	2676
Unaffiliated.....	4382
Independents.....	153
Green.....	18

The total number of registered voters do change on a daily basis but the total as of now is 10255.

*June T. Hansen, Democratic Registrar of Voters  
Peter Giannotti, Republican Registrar of Voters*

## SPECIAL TOWN MEETING SEPTEMBER 27, 2017

The Special Town Meeting was called to order by the First Selectman, Bruce N. Farmer at 6:30pm.

The first order of business was to elect a Moderator for this Special Town Meeting. Bruce N. Farmer was nominated and hearing no other nominations, Bruce N. Farmer, was unanimously approved to be Moderator of this Special Town Meeting. The Moderator asked the Clerk to read the Legal Notice and same was unanimously approved as the Legal call of the Special Town Meeting.

The following Resolutions were read and opened for discussion:

**RESOLVED:** to approve all line item transfers totaling \$200,034.93 as recommended by the Finance Director.

After a brief discussion the Resolution passed unanimously. A Motion was made and seconded to adjourn this Special Town Meeting at 6:33pm.

## SPECIAL TOWN MEETING NOVEMBER 1, 2017

The Special Town Meeting was called to order by the First Selectman, Bruce N. Farmer at 7:30pm.

The first order of business was to elect a Moderator for this Special Town Meeting. Bruce N. Farmer was nominated and hearing no other nominations, Bruce N. Farmer, was unanimously approved to be Moderator of this Special Town Meeting.

The Moderator asked the Clerk to read the Legal Notice and same was unanimously approved as the Legal call of the Special Town Meeting. The Moderator asked the clerk to read just the resolution to authorize the First Selectman to sell the real property of the Town of Clinton known generally as 112 Glenwood Road, map reference 53/46/163 pursuant to a contract for such sale with Susan and Peter Gaeta, all as approved by the Board of Selectmen and Board of Finance.

The Registrar of Voters checked in 35 persons qualified to vote in town meetings of the said Town of Clinton.

The Moderator instructed the Registrar of Voters to collect and count the paper ballots.

The Resolution Passed.

**YES – 24      NO – 11**

A Motion was made and seconded to adjourn this Special Town Meeting at 7:40pm.

## SPECIAL TOWN MEETING NOVEMBER 1, 2017

The Special Town Meeting was called to order by the First Selectman, Bruce N. Farmer at 7:45pm.

The first order of business was to elect a Moderator for this Special Town Meeting. Bruce N. Farmer was nominated and hearing no other nominations, Bruce N. Farmer, was unanimously approved to be Moderator of this Special Town Meeting.

The Resolution was opened for discussion, hearing none, a motion was made and seconded to approve the resolution. A voice vote unanimously passed the Resolution.

**RESOLVED:** to accept a grant in the amount of \$110,000 from the Connecticut Port Authority (CPA) pursuant to the power to administer State grant-in-aid for the Small Harbor Improvement Projects Program (SHIP) for a project entitled Engineering & Design – Town Marina Boat Ramp and Associated Dredging. The First Selectman is authorized to sign all such grant applications, reports and related documents to effect the acceptance and expenditure of the forgoing grant.

The Resolution was opened for discussion, hearing none, a motion was made and seconded to approve the resolution. A voice vote

# GENERAL GOVERNMENT

---

unanimously passed the Resolution.

**RESOLVED:** to approve the appropriation of the sum of \$123,950 from the undesignated fund balance for the acquisition of a Police Marine Patrol Vessel.

The Resolution was opened for discussion, after a brief discussion, a motion was made and seconded to approve the resolution. A voice vote was taken with 233 yes and 1 opposed, 0 abstentions. The Resolution Passed.

**RESOLVED:** to approve an Ordinance Prohibiting the Storage, Disposal or Use of Waste from Oil and Gas Explorations or Extraction Activities or Any Derivative Thereof in the Town of Clinton, Connecticut

The moderator moved that the matter of establishing a Fracking Ordinance for the Town of Clinton be adjourned to referendum pursuant to the Town Charter on May 17, 2018, to be held at the William Stanton Andrews Memorial Town Hall, Green Room, 54 East Main Street, Clinton, CT, with the polls to be open between the hours of 12 noon - 8:00PM.

A motion was made and seconded to set a date for the Proposed Ordinance Referendum.

The Resolution was opened for discussion, hearing none; a motion was made and seconded to approve the resolution.

A voice vote unanimously passed the Resolution.

## xxx-01 Definitions for the Purposes of this Ordinance:

1. For the purposes of this Ordinance, the following terms, phrases, and words shall have the meanings given here, unless otherwise clearly indicated by the context:

2. "Hydraulic fracturing" shall mean the fracturing of underground rock formations, including shale and non-shale formations, by manmade fluid-driven techniques for the purpose of stimulating oil, natural gas, or other subsurface hydrocarbon production.

3. "Natural gas extraction activities" shall mean all geologic or geophysical activities related to the exploration for or extraction of natural gas, including, but not limited to, core and rotary drilling and hydraulic fracturing.

4. "Oil extraction activities" shall mean all geologic or geophysical activities related to the exploration or extraction of oil, including, but not limited to, core and rotary drilling and hydraulic fracturing.

5. "Natural gas waste" shall mean: a) any liquid or solid waste or its constituents that is generated as a result of natural gas extraction activities, which may consist of water, brine, chemicals, naturally occurring radioactive materials, heavy metals, or other contaminants; b) leachate from solid wastes associated with natural gas extraction activities; c) any waste that is generated as a result of or in association with the underground storage of natural gas; d) any waste that is generated as a result of or in association with liquefied petroleum gas well storage operations; and e) any products or byproducts resulting from the treatment, processing, or modification of any of the above wastes.

6. "Oil waste" shall mean: a) any liquid or solid waste or its constituents that is generated as a result of oil extraction activities, which may consist of water, brine, chemicals, naturally occurring radioactive materials, heavy metals, or other contaminants; b) leachate from solid wastes associated with oil extraction activities; and c) any products or byproducts resulting from the treatment, processing, or modification of any of the above wastes.

7. "Application" shall mean the physical act of placing or spreading natural gas waste or oil waste on any road or real property located within the Town of Clinton.

## xxx-02 Prohibitions:

1) The application of natural gas waste or oil waste, whether or not such waste has received Beneficial Use Determination or other approval for use by the Department of

Energy & Environmental Protection ("DEEP") or any other regulatory body, on any road or real property located within the Town of Clinton for any purpose is prohibited.

2) The Introduction of natural gas waste or oil waste into any wastewater treatment facility within or operated by the Town of Clinton is prohibited.

3) The introduction of natural gas waste or oil waste into any solid waste management facility within or operated by the Town of Clinton is prohibited.

4) The storage, disposal, sale, acquisition, transfer, handling, treatment and/or processing of waste from natural gas or oil extraction is prohibited within the Town of Clinton.

xxx-03 Provision to be included in bids and contracts related to the construction or maintenance of publicly owned and/or maintained roads or real property within the Town of Clinton:

1) All bids and contracts related to the retention of services to construct or maintain any publicly owned and/or maintained road or real property within the Town of Clinton shall include a provision stating that no materials containing natural gas or oil waste shall be utilized in providing such a service.

2) All bids and contracts related to the purchase or acquisition of materials to be used to construct or maintain any publicly owned and/or maintained road or real property within the Town of Clinton shall include a provision stating that no materials containing natural gas or oil waste shall be provided to the Town of Clinton.

3) The following statement, which shall be a sworn statement under penalty of perjury, shall be included in all bids related to the purchase or acquisition of materials to be used to construct or maintain any publicly owned and/or maintained road or real property within the Town of Clinton and all bids related to the retention of services to construct or maintain any publicly owned and/or maintained road or real property within the Town of Clinton: "*We hereby submit a bid for materials, equipment and/or labor for the Town of Clinton. The bid is for bid documents titled. We hereby certify under penalty of perjury that no natural gas waste or oil waste will be used by the undersigned bidder or any contractor, sub-contractor, agent or vendor agent in connection with the bid; nor will the undersigned bidder or any sub-contractor, agent or vendor agent thereof apply any natural gas waste or oil waste to any road or real property within the Town of Clinton as a result of the submittal of this bid if selected.*"

## xxx-04 Penalties

This ordinance shall apply to any and all actions occurring on or after the effective date of this ordinance. In response to a violation of this ordinance, the Town of Clinton is empowered to a) issue "Cease and Desist" orders demanding abatement of the violation, b) seek any appropriate legal relief, including immediate injunctive relief, as a result of any violation of this ordinance; c) file a complaint with any other proper authority; and d) require remediation of any damage done to any land, road, building, aquifer, well, watercourse, air quality or other asset, be it public or private, within the Town of Clinton. The Town of Clinton may recoup from the offending person(s), jointly and severally, all costs, including experts, consultants and reasonable attorney's fees, that it incurs as a result of having to prosecute or remediate any infraction of this ordinance. Any person who violates this ordinance shall be liable for a fine of \$250 per CT Statute. The Town of Clinton may also pursue other penalties as applicable defined in CT General Statutes.

## xxx-05 Enforcement:

Any designee authorized by the First Selectwoman/Selectman of the Town of Clinton may pursue penalties against any person(s) who commits violations of this ordinance. The involvement of any Clinton officials will not require testing of waste products to determine chemical contents, this work will be done via contacting CT DEEP or other 3rd party analytical laboratories as is current practice of the Town of Clinton for other exposures to potentially hazardous chemical situations. Any designee authorized by the First Selectwoman/Selectman of the Town of Clinton may request the Commissioner of CT DEEP pursue civil penalties defined by CT General Statutes, as

# GENERAL GOVERNMENT

applicable.

## xxx-06 Severability

If any clause, sentence, paragraph, subdivision, section or part of this local law or the application thereof to any person, individual, corporation, firm, partnership, entity or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, effect or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law or in its application to the person, individual, corporation, firm, partnership, entity or circumstance directly involved in the controversy in which such order or judgment shall be rendered. To further this end, the provisions of this Chapter are hereby declared to be severable.

A motion was made and seconded to adjourn this Special Town Meeting at 6:24pm.

The Registrar of Voters Checked in 234 People entitled to vote in Town Meetings

Dated at Clinton, Connecticut on the 26th day of April, 2018.

### BOARD OF EDUCATION FOOD SERVICES

The food services program is self-sustaining and directly funds the salaries of a director, supervisor, three managers, and twelve part-time staff. The Board of Education is responsible for the benefits for six eligible staff members.

### BOARD OF EDUCATION BENEFITS AND CONTRACTS

The Board of Education offers health, dental, and life insurance to eligible employees. Health benefit options through Cigna include a High Deductible Health Plan with Health Savings Account (HSA), Preferred Provider Option (PPO), and Comprehensive Mix Plan. Cost-share percentages are determined by the collective bargaining agreements and range from 14% to 20.5% in the 2017-2018 fiscal year. Other benefits include 10-13 paid holidays, 15-20 sick days with accumulation to 90-180 days (some with partial payout at retirement), 2-5 personal days, and 10-30 vacation days as determined by contract.

Group	Contract Span	Increase	Expiration
Teachers (EAC)	Year 1 of 3	3.00%	6/30/2020
Administrators (CAA)	Year 3 of 3	2.75%	6/30/2018
Secretaries (MEUI)	Year 2 of 3	3.66%	6/30/2019
Paraeducators (SEIU)	Year 3 of 3	2.53%	6/30/2018
Terms of Employment	Yearly	2.0 – 2.5%	6/30/2018

# PUBLIC WORKS

---

## DEPARTMENT OF PUBLIC WORKS

The Clinton Department of Public works has sixteen full time employees and one-part time employee comprised of one Director, one Administrative Assistant to the Director, one Assistant Director, two Crew Leaders and eleven employees serving in a variety of positions.

The Department is responsible for the operation of the Transfer Facility and Bulky Waste site, the exterior maintenance at all Town Buildings including Board of Education buildings, all athletic complexes including Board of Education fields, all parks, the Town Beach and Town Marina. The Department is also in charge of the maintenance and repair of seventy-nine miles of roads, seventeen miles of sidewalks (including all snow removal), and all storm water drainage infrastructures. The Department completes many drainage projects throughout the Town that range from small repairs to the installation of major storm water systems. The Department also installs sidewalks, retaining walls, scoreboards at athletic complexes and any number of projects for the Town, the Parks and Recreation Department and Board of Education. Over the past year we have added carpentry and have completed several renovations of Town facilities during the winter. We are always available to assist any town agency with any needs that arise.

We continue to offer free electronic recycling including all battery types and fluorescent bulbs. Typical gas grill propane tanks which we previously charged for are now accepted free of charge. Our free mattresses and box spring recycling program has further reduced the amount of materials entering the waste stream and has been very successful. Information on this recycling program is available on the Town web site.

After extensive research it was recommended to and adopted by the Board of Selectmen to offer free Transfer Station passes to residents sixty-five years of age or older. This program has been in effect for several years and has been a very successful. The number of participants in this program has been increasing yearly. We continue to provide disposal of leaves at no cost to both residents and landscape companies. Leaves are composted, screened and given away to our residents free of charge. Last year we processed several thousand yards of leaves into four hundred yards of compost. Many residents took advantage of this program and the entire production for the year was given away. This composted material has proven beneficial for the community gardens in town.

We are also in our first year of supervising custodial services in town hall, town hall annex and police headquarters. We have moved all cleaning supplies to a biodegradable option with dispensers placed in all buildings to provide a consistent mix ratio, as well as inventory these buildings to update our Safety Data Sheets library

(SDS) as well as moving it online for ease of updating. This transition is also assisting us with better long-range planning of building maintenance needs.

Several large projects were implemented in this budget year. The Peter's Complex received a Grant to rebuild the concession stand/bathrooms and enhance handicap access to the grandstand bleachers. Plans were drafted, with input from the Parks and Recreation Commission, and the project was bid out and awarded. The riverbank stabilization project at Fire Department Headquarters was also awarded. Completion will be in 2018. Completed projects included the dredging of the town marinas as well as the LED upgrade to all streetlights.

The Department continues to work with the Board of Education, the Parks and Recreation Commission and other Town agencies to provide needed support. Many small projects have been completed to enhance both Board of Education and Town facilities. Use of the sports field has nearly doubled in the past several years resulting in an increase demand for Department services at these facilities. We continue to provide routine maintenance as well as preventive maintenance to all Town and Board of Education facilities.

The department has significantly increased its tree trimming program since the purchase of its own bucket truck a few years ago. Crews are systematically working through town in conjunction with power company crews to try to minimize any problems in times of stormy weather. The purchase of this truck has greatly maximized our tree removal budget, as the need for outside contractors has decreased, as well as giving us the ability to respond quicker to tree issues.

In preparation for winter operations, Department crews surveyed all roads for hazards. Many home owners received letters requesting the removal of portable basketball hoops on town roads and trees along roadways were trimmed to prevent damage to town trucks. Efforts were made to encourage people to move their vehicles off of Town roads during snow emergencies to help facilitate snow removal operations.

The Department continues to revise its mission to meet the needs of the Town during these economic times. With the support of the Board of Selectmen, Board of Finance and the Capital Expenditure Committee we continue to improve our capability to provide enhanced services to the Town as we are called upon more and more to provide support for a variety of services and projects throughout the Town.

*Peter Neff, Director of Public Works  
Michael Shove, Chairman, DPW Commission*

# PLANNING & ENVIRONMENT

## PLANNING & ZONING COMMISSION

We held our regular monthly meetings as scheduled to address all applications submitted to the Commission. Public hearings were held as required by State statute when considering special exceptions or changes to the regulations. We did not have any subdivision applications this year, so there were no public hearings for them. As in the past, the Planning and Zoning Commission took into account all public concerns while administering its Regulations. In addition, the Commission has continued to work on addressing changes in the Zoning Regulations dictated by the Town Plan of Conservation and Development. The Committee will continue to work on rewriting several sections of the regulations. Throughout the year, the Planning and Zoning Commission worked extremely hard administering its Regulations fairly and evenly on all applications brought forth.

## ZONING BOARD OF APPEALS

The Zoning Board of Appeals meets on the Third Wednesday of each month unless otherwise noted on the Calendar. For Fiscal Year ending June 30, 2018, the Board received 27 applications. The following actions were taken:

### Applications

Applications for Certificate of Variance.....	20
Coastal Area Management Application (CAM).....	5
Certificate of Approval of Location .....	1
Appeal of Decision of Zoning Enforcement Officer.....	1

### Application Decisions

Appeal of Zoning Enforcement Officer Decision Upheld.....	1
Variances Granted As Requested .....	9
Variances Granted with Modifications.....	6
Variances Granted with Conditions.....	2
Variances Failed to Carry (less than 4 positive votes) .....	1
Variances Denied .....	1
Variances Withdrawn .....	1

CAM Applications Approved.....	3
CAM Application withdrawn.....	1
CAM Application with No Decision (Variance Denied).....	1
Certificate of Approval of Location Approved .....	1

The number of applications increased from 20 in Fiscal Year ending June 30, 2017 to 27 for Fiscal Year Ending June 30, 2018.

### Resignations and Appointments:

February 2018 – Alternate Jay Ciarleglio resigned.

April 2018 – Maureen Noonan was appointed as an Alternate.

May 2018 – Zoning Enforcement Officer Eric Knapp resigned.

Mark Richards, Chairman

## INLAND WETLAND COMMISSION

July 1, 2017 - June 30, 2018

The Clinton Inland Wetlands Commission, and/or their authorized agent made the following decisions on applications:

Commission Applications: Approvals of Regulated Activities with Conditions .....	10
Applications Withdrawn .....	1
Amendment to Regulations/IWC Official Map – approved .....	1
WEO Approvals: Regulated Activities within 100 Feet of Wetlands .....	9
WEO Approvals: Regulated Activities within 100 Feet of Wetlands with Conditions:.....	3

### Total Applications with Decisions .....

23

The Commission was pleased to welcome the return of former member Edward Alberino and Student Member Caleb Andrews-Hull. Student Member Daniel Radka took a leave of absence from September 2017 through January 2018 to be a Page in Washington, D.C. for Senator Chris Murphy.

In May June 2018 Wetlands Enforcement Officer Eric Knapp resigned. David Radka and Bertram Schmitz were appointed Interim Wetlands Enforcement Officers.

As part of our public education program we encourage any student residing in the Town of Clinton to apply to become a student member when openings become available. We believe the Clinton Inland Wetland Commission experience underscores our belief that such membership provides an unparalleled opportunity for both education and service

Scott Harley, Chair

# PLANNING & ENVIRONMENT

---

## THE CLINTON TOWN TREE COMMITTEE

The Clinton Town Tree Committee formally met 8 times between July 1, 2017 and June 30, 2018.

The committee also met for 3 walks: Evaluating trees along Route 1, Identifying trees on the Elliot Preserve and evaluating our Arbor Day tree location. Members also pruned and checked the town trees recently planted.

In August we hosted an informational booth at the Congregational Church and touted the planting of trees in Clinton. In November the 12th annual Trees of Connecticut Art Show was held at the Henry Carter Hull Library and displayed 45 pieces of artwork and information about the various invasive insects of the local area.

The Arbor Day celebration at the end of April was attended by the selectmen and 50 Pierson School students. The students helped plant the White Oak that was planted in front of Town Hall. At this event we welcomed a new Tree Warden. Following the celebration the students walked around the Town Hall and learned the unique characteristics and identifying factors of our special trees. Arbor Day signs were placed in front of the 18 trees we have planted for that occasion.

A red maple was planted in front of the Henry Carter Hull Library building and a Thundering Cloud Plum was planted in the triangle next to the Town Green. Our annual planning meeting was held in June, 2018.

The committee decided to retool and revamp the tree walk around Town Hall and include the Elliot Preserve. It was also decided as a result of two grant trees being removed that we needed to identify grant and Arbor Day trees with a tag that would alert the remover that it should not be cut down.

We continue to plan and enhance the town with trees.

Carol Geiser, Chair

## THE DESIGN REVIEW BOARD

The Design Review Board evaluates applications for signage and building development or redesign. We try to assure that applications conform to Clinton's Design Standards which attempt to uphold Clinton's aesthetic—for example, restrictions on the use of neon signage.

Between 7/1/17 and 6/30/18 we met 15 times-approved 23 signs and plans for 5 buildings.

To aid with compliance to Clinton's Design Standards, we instituted an ongoing list of concerns that we revisit at each meeting. This method, along with the attention/action of our new ZEO has been successful in correcting non-compliance.

submitted by  
Sondra S. Allen  
Chair, Clinton Design Review Board

## ECONOMIC DEVELOPMENT COMMISSION (EDC)

### Annual Report for fiscal year 2017 - 2018

The EDC's overarching mission is to retain and grow Clinton's current business base and attract new businesses and developers. In 2017-2018 we were quite active in executing on this objective.

#### Clinton Economic Development Corporation-April

The EDC analyzed various Economic Development Corporations in towns across CT and developed recommendations for the creation of a Clinton Economic Development Corporation; presented to the BOS and P&Z including alternate forms of a Development Corporation, creation of TIF Districts, Funding Sources, property identification and ongoing management.

We began a very productive engagement with CERC in spring of 2017; Partnering with them on a series of initiatives including business outreach and branding:

#### Business Resource Forum-May

The event was attended by 40 local business owners/managers as well as BOS and EDC members.

It provided local businesses exposure to the many resources that exist to help them plan, manage and fund their businesses. Our panel of speakers included representatives from the CT Department of Economic & Community Development, the US Small Business Administration, the CT Economic Resource Center, the Community Investment Corporation, Workforce Alliance, and the Middlesex Revitalization Committee.

This event also offered an opportunity to network with municipal officials and commission members as well as delegates from federal, state, and local agencies, all tasked with supporting Clinton's business community.

The EDC began setting a Manufacturing Roundtable up in June of 2018 in conjunction with the BOS. Manufacturing is a major contributor to the town's economy. We identified and met with key manufacturers in town, asking them their key concerns, complaints and issues as well as any interest in meeting as a group to listen to each other and determine common areas where the town could be of assistance. The initial meeting was to determine these areas and begin to develop an ongoing way forward to best to address them, identify resources and prioritize steps, etc.

CERC provided the expertise, resources and objective perspective for the EDC and BOS to develop the proper process to address our business needs. Their professional staff and experience in helping towns throughout CT expedited the process. Clinton's needs are not all that unique. CERC has helped many CT towns with similar issues and can apply and tailor these cases to solving ours.

#### EDC Marketing

We have placed advertising posters at Clinton Crossing prior to the summer and Christmas in Clinton and continue to produce regular merchandising monthly or quarterly brochures that promote what's happening in Clinton; with distribution throughout town and at Clinton Crossing

We continue to maintain regular contact with Regional EDC folks including Middletown, Old Saybrook, Branford, Chester, Essex, Farmington, Berlin, Old Lyme, Hamden. We are now well represented on the Middlesex Chamber of Commerce.

submitted by  
John V Allen  
Chair, Clinton Economic Development Commission

## PLANNING & ENVIRONMENT

### WATER POLLUTION CONTROL COMMISSION 2017-2018

The Clinton Water Pollution Control Commission (WPCC) is an appointed, bipartisan group of Clinton citizens that includes individuals with environmental science, construction, planning and local government experience and is directly responsible for overseeing the Town's On-Site Wastewater Management Ordinance. By Statute, the Commission is also tasked with preparing a Facilities Plan which examines the need for future community water pollution control facilities in the Town of Clinton. This includes measures to protect public health and the welfare of the Town through the identification and prevention of public health nuisances and hazards and environmental degradation.

The past year has been marked by several successes and setbacks. In the 'success' column the long awaited Facilities Plan, that describes, outlines and provides solutions for Clinton's ongoing wastewater problem has been granted conditional approval by the CT Department of Energy and Environmental Protection (DEEP). The Facilities Plan will provide the foundation by which the previously-identified areas that are considered to have problems with threatened or polluted groundwater, private well water issues, and ineffective or failing septic systems.

Another tremendous 'success' for the WPCC was the long-awaited closure of the Town's former septic lagoons on Knollwood Drive. The process started more than a decade ago when the WPCC first requested the permission to close from the CT DEEP. The closure was completed in 2018 through the concerted efforts of the WPCC and the Department of Public Works. The commission thanks WPCC members Matthew Kennedy and Hal Dolan, as well as Public Works Director Pete Neff for the many hours of work, labor and professional expertise they dedicated in order to make the project a success.

As for 'setbacks', implementation of the Town's Rocky Ledge Water Main Project was delayed this year. Anticipated public utility funding stalled and the Commission decided that until the financial support for the project became more clear cut, they would work on other more readily implementable portions of the Facilities Plan. In the meantime, the Water Main Plan is designed, engineered and ready for construction, once the public utility and town financial contributions can be firmed up.

The Commission has also been working on prioritizing the Facilities Plan into manageable phases that will address each 'area of concern' individually using criteria that included: greatest need, most problematic and greatest positive impact to Town as a whole. The Downtown Area has been prioritized as most beneficial to the entire Town and a project that will most impact economic development in Clinton. The WPCC hopes to receive the necessary approvals to begin testing of suitable sites for "Downtown" wastewater treatment in the very near future.

By now residents should be familiar with the On-site Wastewater Maintenance Ordinance (the "pump out ordinance") and some have likely received notices reminding them to service their septic systems at least once every five (5) years. The WPPC's system of facilitating the pump out ordinance is running smoothly and a board of appeals, established by the Board of Selectmen, meets regularly to review reasonable appeals or extensions that are requested due to unusual circumstances or hardships. The ordinance is enforceable and fines

have been levied. Maintaining your septic system protects surface and groundwater, public health and saves you money from costly repairs.

For further information, on WPCC activities, please visit the website or come to our meetings. We meet the second and fourth Tuesdays of the month at 7PM in the Rose Room of the William Stanton Andrews Memorial Town Hall. Always check the WPCC web page on the Town of Clinton's web site (<https://clintonct.org/205/Water-Pollution-Control>) for any changes. You can also call the WPCC office at 860-669-9349 during town hall hours and speak to our Administrative Assistant with any questions or concerns you may have.

*Matthew Kennedy, Chairman*

### CLINTON SHELLFISH COMMISSION

#### Annual Report July 2017 through June 2018

During the 2017/2018 fiscal year the commission continued to make progress on its educational, commercial and recreational goals.

The commission has started to work with Indian River Shellfish and The Madison Shellfish commission on areas in the Hammonasset river that can be farmed as natural oyster beds. The commission continued to monitor its commercial licensee Indian River Shellfish in the Hammonasset River and was pleased with the progress that they had made in developing the resources in the river. The commission continues to see Clinton oysters in local restaurants and across the state. The commission has also been trying to make progress with Indian River and the Town in making local oysters available via the Farm to Table program.

In June of 2017, The shellfish commission met with the state Department of Agriculture/Bureau of Aquaculture (DA/BA) regarding water quality, shoreline factors and the possibility of changing the classification of shellfish beds in Clinton waters to allow for recreational shell fishing. DA/BA provided hopeful indicators regarding the possibility but the needed to complete a Shoreline Survey as part of their triennial assessment. DA/BA asked that the commission think about all of the work required to open a recreational area and also about the additional resources required to do so. They also requested that the commission begin to take monthly water samples and provide shellfish meat samples to help with the assessment.

The commission continued to work with DA/BA throughout 2017 and 2018 and completed the necessary samples, Marina survey information and other elements required for them to compile the Triennial assessment of Clinton Waters. Conversation with DA/BA in June of 2018 indicated that the data supported an upgrade to the shellfish bed classification in at least part of the Harbor. With that information the commission began to prepare for the real possibility of a recreational opening in late 2018 or early 2019 for at least part of the year.

As part of its educational activities, the commission participated in Pierson schools marine science day and provided water sample and GPS data to the environmental Science curriculum at The Morgan School

For information regarding The Clinton Shellfish Commission, its activities and for information regarding shellfish bed openings and closures, you can contact them via phone or email at 860 664 6444 and at [shellfish@clintonct.org](mailto:shellfish@clintonct.org).

*Wayne Church, Chairman*

# PUBLIC SAFETY

## POLICE DEPARTMENT & BOARD OF POLICE COMMISSIONERS

The Clinton Police Department is a dedicated, full time law enforcement agency that provides a complete range of services to the Clinton community 24 hours-a-day, 7 days-a-week, 365 days-a-year. The Police Department is responsible for the public safety of all who live and work in Clinton as well as the many visitors who come to enjoy the Town's shopping, beaches and boating. Police operations are comprised of three major components, each having its own budget: Police, Communications and Municipal Animal Control (MACO).

The police department is comprised of 27 sworn officers, whom are certified through the Connecticut Police Officer Standards and Training Council (POSTC). The Department also has 10 full-time and 4 part-time civilian employees that perform many crucial tasks that help keep the department delivering top-quality services to the community. Civilian positions include: Communications, Records, Administrative Assistance, Building Maintenance and Animal Control. In Fiscal Year 2017 / 2018, the Department logged over 19,000 incidents or "Calls for Service". Officers responded to calls varying from vandalism and motor vehicle accidents to sexual assaults, larcenies, burglaries and narcotics violations. Clinton Police Officers are also designated First Responders and respond to all calls for medical assistance. They are trained and equipped to provide first-aid and Basic Life Support (BLS) until more advanced care or transport to a hospital can occur. Since the summer of 2016, all officers have been trained and equipped to administer NARCAN, a drug which counteracts opioid overdoses.

The police department restructured its organizational staffing model in 2018. The new organizational structure will allow for more thorough oversight of operations, proper command succession planning, mentoring of subordinates and increased accountability. Eight of the Department's personnel were promoted in 2018 after a grueling testing and selection process administered by the South Central Criminal Justice Association.

The department regularly performs a wide-range of services to the community outside of its traditional law enforcement role. These programs are proactive and designed to promote public safety and improve the quality of life here in Clinton. They include:

- Child Safety Seat Installations.
- DARE (5th & 7th Grade curriculums).
- Citizen's Police Academy.
- Police and Youth Group.
- Juvenile Review Board (alternative program to state court for some minor juvenile offenses).
- Medication Drop-box Program.
- CT Special Olympics (Tip-A-Cop & Torch Run).
- Scam Patrol (monthly information radio show on iCRV radio).
- R.A.D. (Rape and Aggression Defense Training).

The department is organized into two divisions; Operations and Administrative Services. The Operations Division is under the direct command of Captain Joseph Flynn and is comprised of the Patrol, K-9, Marine and Bicycle patrol units as well as the Investigative Section, which includes the Youth Officer and School Resource Officer (SRO). The Investigative Section handles numerous complex investigations ranging from the sale of narcotics to fraud and robbery as well as burglary and serious assaults. The Youth Officer specializes in crimes committed by and against children and must navigate the many complex laws of the State of Connecticut concerning juveniles. The School Resource Officer is assigned to the Morgan School during the school year and provides immediate safety and security to all on the campus. He also handles many non-criminal issues and provides a comfortable point of

contact for faculty, school administrators, students and their families, throughout the district. 2018 also saw the implementation of the Crisis Advisory Board (CAB), which is comprised of school administrators, faculty, public safety personnel and medical and mental health care professionals. The CAB meets monthly, to work on improving school safety and security procedures, protocols and training as well as building design and other measures to continuously improve the safety of the staff and students in our school system.

The Administrative Services Division is under the direct command of Captain Scott Jakober and is responsible for oversight and administration of the many functions required to keep the Department running at peak operational efficiency and insuring compliance with the many legislative mandates directly effecting Connecticut Law Enforcement. The Administrative Services Division oversees the Records Unit, The Communications Center, Animal Control, building safety, security and maintenance, vehicle and vessel fleet maintenance, armory and weapons, equipment, legal compliance, evidence storage and scheduling. Captain Jakober also acts as the Custodian of Record for the Department.

The Records Unit is staffed by one full-time and one part-time civilian and is responsible for maintaining all department records, insuring compliance with State and Federal regulations, complying with Freedom of Information (FOI) Requests and maintaining a liaison role with the Superior Court.

Communications is housed in Clinton Police Department headquarters and is staffed by a staff of six full-time and two part-time dispatchers, who answer and dispatch all emergency and non-emergency calls for the Police, Municipal Animal Control, Fire and EMS services in Clinton. Communications is staffed around-the-clock to provide seamless interface between the public and emergency services. During Fiscal Year 2017 / 2018, Communications answered 4,882 emergency 9-1-1 calls and tens of thousands of non-emergency calls and inquiries. Municipal Animal Control (MACO) is staffed by one full-time and two part-time Animal Control Officers. They are trained and certified by the State of Connecticut. MACOs respond to all calls for service related to animals, from nuisance complaints to dog bites and any number of unusual animal encounters. The Department shares a regional dog pound facility with the Towns of Westbrook and Madison. It is located at the Clinton Department of Public Works property on Nod Road. In Fiscal Year 2017 / 2018 Animal Control Officers in Clinton responded to 671 animal related incidents.

The men and women of the Clinton Police Department are always striving to improve the quality of services that we provide the Clinton community. In 2018 many Department personnel were recognized by a number of different organizations for their dedication and professionalism: Sergeant Todd Carlson, Corporal Kyle Strunjo, Officers Gregory Matakaetis and Nicholas Torino were all awarded the 2018 Medal of Valor by the Connecticut Police Chiefs Association (CPCA) for their heroic actions in extricating two victims from burning rubble after their home was leveled in an explosion. Corporal Joseph Popovich, was recognized by the Clinton PTA for his four years of professional service as the District's School Resource Officer. Corporal Jason Frey was honored by the Clinton Chamber of Commerce with the 2018 Award of Distinction in Public Service and Chief Vincent DeMaio was presented with the 2018 Community Policing Award by the United States Attorney's Office.

Submitted by,  
Vincent DeMaio, Chief of Police  
Peter Niles, Chairman, Clinton Police Commission

# PUBLIC SAFETY

## VOLUNTEER FIRE DEPARTMENT

As first responders to fires, public safety, medical emergencies and disasters the Clinton Volunteer Fire Department, Inc. protects the lives and property of the Town of Clinton residents and visitors. The Department advances public safety through training in fire prevention, investigation and education programs. The Core Values of the department are SERVICE, ETHICS, BRAVERY, SAFETY, HONOR, DEDICATION and PREPAREDNESS. By combining all of the components of our core values, the department will maintain its constant state of readiness to meet all threats and challenges, traditional and new.

The department as a whole responded to over 2200 calls for service, including but not limited to, brush and house fires, alarms, motor vehicle and boating accidents, marine rescues, hazardous material spills, medical emergencies and other public service calls. (7/1/17 – 6/30/18)

Our members spend countless hours away from family and friends to meet the demands of our ever expanding services. Continuing education both hands on and classroom sessions are constantly increasing to meet the requirements for certification, which are governed by state and OSHA regulations.

The department continues to participate in local events; Christmas in Clinton, supporting the food pantry with Fill a Fire Truck and members continue to deliver exceptional fire prevention program to community groups of all ages.

The Members would like to thank the town's people for the continued support.

## HUMAN SERVICES DEPARTMENT

### YOUTH & FAMILY SERVICES

As the Town's designated Youth Service Bureau, we not only provide basic programs but attempt to respond to emergent trends impacting our children such as suicide, substance abuse, stress and anxiety, family dysfunction, juvenile delinquency, issues with gender identity and career and vocational concerns and interests. Much of our work involves working with Clinton Public Schools and the Clinton Police Department.

In 2017-2018 we continued with many of our signature positive youth development programs including Peer Advocates, Fantastic Friends, Mother Daughter Night Out, Home Alone, the Juvenile Review Board, Girl-to-Girl initiative and other topical programs throughout the year. We also continued working with small groups of girls at Eliot and Morgan who benefitted from ongoing, weekly meetings to discuss adjustment and family concerns.

Our **Job Shadow** program provided 90 high school juniors with direct observation and in some cases, hands-on experience in a career of high interest. Students observed various Connecticut professionals in careers ranging from aviation, engineering, and nursing, to graphic design, teaching, and philosophy. This program was provided to Morgan students through the generous support of the Middlesex United Way.

Several low cost summer programs were available throughout the summer, including **Hiking** at Peters Woods, **Fishing Trip** on the Lucky Lady, and Enrichment Camp, a new 8-session initiative which offered activities in photography, songwriting, fitness, cooking, and more to children aged 8-12. Nine high school students also served as counselors-in-training during these summer programs.

Another new program launched in 2018 was our **Youth Open Mic Night**, which debuted in February at the Annex Building. Youth Open Mic brings together local adult mentors and young musicians from Clinton and other Shoreline towns, in order to collaborate and perform music in a relaxed, supportive environment.

Our **DMHAS grant**, via Partners in Community (see separate report) is in the process of rolling out several substance abuse prevention initiatives and continues to work on developing a strong positive peer culture among our young people in order to discourage the use of drugs and alcohol. The primary drug that this grant focuses on is the reduction of marijuana use and the perception of harm of this drug.

**Professional level individual and family counseling** with our licensed Marriage Family Therapist (MFT) remain a core service we offer to residents. In many instances, our services are the first line of help for families to sort through the many complexities of modern family life: divorce, stress, school failure, substance abuse, truancy, as well as helping families navigate the complex maze of the mental health field. On an annual basis we serve an average of 30 to 40 family cases.

### SOCIAL SERVICES

Clinton Social Services is a division of Clinton Human Services. Social Services is committed to helping income-eligible residents with basic needs such as food, clothing, and shelter, and assists residents in applying to appropriate local, state and federal programs. Those programs may include but are not limited to energy assistance, SNAP (food stamps), renters rebate, access to state health insurance and general advocacy for those residents who need a voice in navigating these often complex systems or need help with difficult family situations. We assist when we can with certain situations involving homelessness, relocation due to unsafe living situations, eviction prevention and from time to time some help with one-time rent assistance to needy families on a case-by-case basis. The department works with Youth and Family Services in providing camp scholarships and other programs to children in need. On the first Monday of

each month the Connecticut Food Bank Truck comes to Clinton to distribute food, and other various service providers may participate during this Help Day.

We assist our veterans, the elderly and single-parent families with many of the aforementioned programs. Below are some of the other programs we assist residents with, some of which are in conjunction with many of our other local providers and non-profit organizations such as Families Helping Families, Warm the Children, Brilliant and Entertaining Women of Clinton, Lions Club, and other local organizations. This past fiscal year, with the help of many, we served a total of 207 children representing 482 households representing 1011 family members.

*Other programs include:*

- Back to School Back Pack Program, providing backpacks and school supplies to children
- Holiday Giving Program for Children/Adopt a Family, Warm the Children
- Muir Trust, Rotary Cancer Relief Fund, Operation Fuel, Soldiers', Sailors' and Marines' Fund
- Emergency Food, Clothing, Housing and Transportation
- Work with the State Elderly Protective Services program as needed
- Information on Employment and Training Initiatives, Partnered with Workforce Alliance Summer Youth Employment Program to employ 7 Clinton Youth.

Assistance with affordable/senior/disabled housing and rent assistance are persistent critical needs for many of our families. As our local population ages we see an increasing need in this area as well as transportation, socialization and other basic needs. Our Social Services office is staffed by Cheryl Church and a part time assistant, Melissa Warner. Cheryl Church is the Municipal Agent for the Elderly and Veteran's Affairs.

### PARTNERS IN COMMUNITY

Partners in Community (PiC) is Clinton's coalition that focuses its work on preventing youth substance abuse. Our mission is to promote an environment that supports a healthy, drug-free lifestyle and positive development for our youth. Members of all sectors of the Clinton community meet together monthly to create opportunities to inspire positive attitudes and empower healthy choices in our youth and adults. Examples of PiC's initiatives include: hosting Medication Take Back events, advising REACT at Morgan, Eliot and Pierson Schools, and educating the community on drug use trends and new research.

The needs assessment that was completed by PiC in 2015 determined that the largest threats to Clinton's young people are marijuana and alcohol, fueled by an environment of high stress and peer acceptance of substance use. The perception of harm of use of marijuana was at an all-time low, increasing the likelihood that young people will use the drug.

The strategic planning committee of PiC decided that grant money from the Department of Mental Health and Addiction Services would be used to target marijuana use by teens. Throughout 2017-18, initiatives were planned and implemented to increase education of teens and parent about the harms of marijuana use, to help them understand the risks and consequences of use, and to provide healthy stress reduction techniques.

- Morgan REACT: hosted their 9th annual haunted hallways, raising a record \$1670 for social services; hosted a marijuana-education poster campaign; completed a self-defense course; supervised Eliot and Pierson REACT members at Christmas in Clinton; and monitored the younger REACT groups throughout the year. 2 REACT members testified at the State Capitol against the legalization of recreational marijuana. 1 REACT member served on the Governor's

## HEALTH & HUMAN SERVICES

Prevention Partnership, advising a youth council on prevention matters in Connecticut. 15 REACT members attended the International Youth 2 Youth Conference at Bryant University in Rhode Island. 1 of these students was selected to be a Staff Member at the Conference. 2 Morgan REACT members designed and taught a workshop about Youth in Prevention to 32 CT Prevention Professionals (adults). 4 Morgan REACT members planned and executed a 100-participant youth leadership conference along with peers from Old Saybrook, Madison, Guilford, Haddam-Killingworth and Westbrook. 1 Morgan REACT student designed a "Reducing the Stigma of Mental Health" workshop that has been delivered to over 200 participants.

- Eliot REACT & Pierson REACT: completed a full year of asset training and activities, hosted the Elf on the Shelf game at Christmas in Clinton, marketed and supported two Medication Take Back events in conjunction with the Clinton Police, and took part in a parent/child zip lining adventure at EMPOWER. Pierson REACT members took part in filming clips for a "No vaping" video.
- LEAD conference: PiC co-organized the youth-led and designed shoreline LEAD conference for students in Old Saybrook, Westbrook, Clinton, Madison, Guilford, New Haven, Durham, East Haddam, East Hampton, Chester, Deep River, Norwich, Middletown, Rocky Hill and Haddam-Killingworth. 4 Morgan students worked with students from Madison, Haddam-Killingworth, Durham and Old Saybrook to design the entire conference content through the year. 14 students from Clinton attended, and 3 of these presented workshops to their peers on time management and leadership styles. REACT members were integral to the management and organization of the conference, which was attended by almost 100 students.
- Medication take-back days were held in April 2018 and October 2018 at the Police Department and Shop Rite.
- PiC funded 3 billboards on Route 1 about the dangers of using marijuana and driving, the dangers of opioid use and abuse and CT's social host law (supplying alcohol to minors).
- PiC organized a monthly "Therapy Dog Day" at Morgan, bringing 5-10 teams of therapy dogs and their handlers to the students during school.
- PiC spoke alongside the Community Foundation of Middlesex County on iCRV radio about the REACT program and the importance of developmental assets.
- PiC partnered with Clinton Human Services staff to deliver QPR training to Morgan staff (suicide prevention), as well as the Remembrance Vigil in November 2018.
- PiC co-hosted Dr. Ruth Potee to speak at Morgan about brain science and substance use.
- PiC co-hosted Generation Leadership trainer Aric Jackson at Morgan twice.
- PiC sponsored Cara Filler to speak at Morgan about the dangers of distracted driving.
- PiC hosted a Narcan administration training.
- PiC presented at the CT Prevention Conference in Nov 2018- workshop on including sectors in prevention work and another on a Coalition Evaluation Tool.
- PiC recruited students to attend the Community Foundation of Middlesex County's BullyFree Day in Middletown in 2018. The Morgan School was awarded a spotlight award for their efforts in creating positive school climate and acclimating freshmen to the school. One Morgan student (and REACT member) was chosen to work on behalf of the Foundation at the event and run cooperative challenges with participants.

If you are interested in joining PiC's ongoing efforts to support youth and prevent substance abuse, please contact our office at 860-664-1142. All community members are welcome!

David Melillo, Director

## LOWER CONNECTICUT RIVER VALLEY COUNCIL OF GOVERNMENTS

RiverCOG, one of Connecticut's nine Councils of Governments, is governed by the chief elected officials of its 17 member towns: Chester, Clinton, Cromwell, Deep River, Durham, East Haddam, East Hampton, Essex, Haddam, Killingworth, Lyme, Middlefield, Middletown, Old Lyme, Old Saybrook, Portland and Westbrook. The RiverCOG is responsible for planning of regional land use, transportation, emergency preparedness, environmental conservation, economic development and homeland security. RiverCOG also provides regional services such as household hazardous waste collection.

Current officers for RiverCOG are Bonnie Reemsnyder (Old Lyme), serving as Chairperson, Michael Maniscalco (East Hampton) as Vice-Chairperson, Noel Bishop (Westbrook) as Secretary, and Carl Fortuna (Old Saybrook) as Treasurer.

Fiscal year 2016 was a year of changes for RiverCOG. It was Sam Gold's first full year as Executive Director, during which he established himself, learning from the chief elected officials and staff, while at the same time bringing to RiverCOG new management techniques, best practices and projects. RiverCOG continued a legacy of political engagement with the state and federal government on the behalf of our member municipalities, including a new tradition of holding a COG meeting with the region's legislators at the state capitol in Hartford during the legislative session.

The agency saw a number of staffing changes in the past year with Long-time serving Deputy Director Jeanne Davies stepped down after fifteen years with RiverCOG and CT River Estuary RPA. Jeanne is now Executive Director of the newly formed CT Resource Conservation and Development District. Jeremy DeCarli is now East Hampton's Town Planner and Erin Bogan left RiverCOG to start her own business. RiverCOG also welcomed a new planner, Jon Curtis, a recent Master's of Urban Planning graduate of the University of Pennsylvania. Torrance Downes was promoted to Deputy Director and Nate Hougrand to Associate Planner.

Under state statute, RiverCOG through its Regional Planning Committee (RPC), reviews proposed zoning text and map changes that affect property within 500 feet of municipal boundaries and subdivisions which touch or cross town lines, as well as, municipal plans of conservation and development. The RPC includes a representative and alternate from each municipal Planning Commission in the region. The RPC is working with staff on the first Regional Plan of Conservation of Development for the Lower Connecticut River Valley Region. This plan will be a regional land use policy document that guides regional efforts. The Regional Plan is expected to be completed in 2017. RiverCOG also received a grant from the UConn and the state Departments of Housing for a regional resiliency and long term disaster recovery plan. The Resiliency Plan work is being incorporated into the Regional Plan work and public involvement process.

RiverCOG also conducts regional transportation planning as a federally designated Metropolitan Planning Organization (River-MPO). As an MPO, RiverCOG is responsible for programming federal and state transportation funds provided to the region by the U.S. and Connecticut Departments of Transportation.

# HEALTH & HUMAN SERVICES

## CONNECTICUT RIVER AREA HEALTH DISTRICT

This report covers the period from July 1, 2017 through June 30, 2018.

The Connecticut River Area Health District (CRAHD) is a four-town local health district. CRAHD continues to provide core public health services to the towns of Clinton, Old Saybrook, Deep River and Haddam. The district is responsible for implementing programs and supporting policies that improve the health of its residents. The district provides a strong environmental health and code compliance program, targeted public health nursing services, health education and promotion activities, disease tracking and prevention, and public health preparedness planning. Currently, the district employs full-time professional staff as well as part-time contractual program professionals. The district is dedicated to carrying out its mission to maximize the highest quality local public health services possible given its current resource level.

### **Environmental Health:**

This fiscal year proved to be another busy one for the environmental health section. Our licensed Sanitarians performed a variety of environmental health functions and conducted a wide variety of inspections. In addition, Sanitarians offered advice to residents and the business community, and educated the public and targeted audiences on a variety of environmental health issues, code enforcement and code guidance. Inspection programs include state-mandated inspections for compliance with the Connecticut Public Health Code and local ordinances.

Inspections, permitting/licensing activities and targeted education are conducted in the following areas

**On-site sewage disposal:** soil site evaluations, installer and engineered plan reviews, permitting for new, upgraded, altered and repaired systems, installation inspections, as-built drawing review, issuance of permits to discharge.

**Food service establishments:** restaurants, caterers, food stores, school cafeterias, nursing homes, churches, vendors, temporary events and farmer's markets

**Body care establishments:** cosmetology shops, nail and beauty salons, barber shops, and tanning salons.

**Child day care centers** and group day care homes

**Overnight-stay facilities** such as hotels, motels, inns, bed & breakfasts

**Public swimming pools**, including spas and condominium pools

**Public bathing areas** including freshwater bathing and marine water beaches

**General Nuisance/Other Complaints:** CRAHD Sanitarians respond to a variety of citizens' complaints such as: housing, rodent infestation, garbage and odors, septic overflows, general nuisance, well and water supply issues, poor sanitary conditions, etc.

**Private water supplies** permitting, location approvals, testing, lab report reviews, advice on treatment and maintenance.

**Campgrounds:** Inspections to ensure minimum sanitary standards are met.

**Childhood Lead Poisoning Prevention:** Lead Paint hazard reduction, abatement orders, education to homeowners, tenants and landlords, RRP awareness and case follow up of childhood elevated blood lead levels

**Housing:** landlord-tenant issues related to minimum housing standards

### **Inspection activity during the 2017-2018 fiscal year**

#### **(July 1 to June 30) included:**

- 228 Properties tested for suitability for a septic system
- 295 Permits issued to repair existing septic systems
- 35 Permits issued for new septic systems

- 65 Engineer-designed septic system plans reviewed and approved
- 330 Applications reviewed for health code compliance for proposed building activities including, building expansions, additions to homes, in-ground and above-ground pools, accessory apartments, garages, decks, etc. (commonly referred to as B100a reviews)
- 422 Food establishment inspections
- 74 Body Care/Cosmetology inspections
- 12 Childhood Day care inspections
- 15 Overnight-stay facility inspections
- 15 Public pool inspections
- 147 Beach/bathing water samples taken and tested
- 63 Complaints: including general nuisances, animals, housing, sewage, etc.
- 35 New well permits issued
- 4 Family campground inspections

### **Number of septic system repairs by town:**

- Old Saybrook.....194
- Clinton .....67
- Deep River.....7
- Haddam .....27

### **Public Health Nursing:**

The Public Health Nurse (PHN) works closely with all four school districts conducting surveillance for flu-like illness, to assist in control of illness in the schools, and to support health education and promotion activities.

During 2017-18, the public health nurse is the lead staff person in the planning and execution of public health preparedness, and the PHN serves the district in the capacity of public health preparedness coordinator.

The PHN is responsible for tuberculosis case management, surveillance for reportable diseases, and follow-up of all reportable communicable diseases within the district towns.

The PHN manages the district's efforts to control childhood lead poisoning, both in prevention and response to elevated blood lead levels.

### **Health Education and Promotion:**

Presentations were conducted at various venues on shingles, food safety, gluten intolerance, flu prevention, heart health, hand-washing, nutrition, childhood lead poisoning prevention and public health preparedness.

Written educational pamphlets were developed and distributed on topics such as CRAHD services and Lyme disease.

Distribution of articles on public health topics to local newspapers and the local EVENTS publications, many of the articles recognizing observances of days/months with public health importance.

Through its Preventative Health Block Grant, CRAHD continues to offer educational programs focused on the prevention of skin cancer. Presentations were conducted to municipal and park and recreation staff, the elderly, as well as middle school students on the dangers of sun exposure, including tanning beds. The program uses elements of the EPA's Sun Wise curriculum guide. These education sessions are available to small community groups at no cost.

Sanitarians also provided food safety workshops for foodservice workers in the local school district(s).

### **Public Health Preparedness:**

CRAHD is the lead health department in Mass Dispensing Area #39, which includes the five health district towns as well as Westbrook, Essex, and Killingworth. We are in the process of updating and better operationalizing our mass dispensing plan, pandemic influenza

# HEALTH & HUMAN SERVICES

plan, and PH preparedness plan. CRAHD continues to meet with its Emergency Support Function (ESF) 8; Medical and Public Health partners in DEMHS region 2 and statewide to enhance regional capacity and to develop regional health care coalitions. CRAHD conducts local communications exercises on a quarterly basis and participates in regional and statewide drills and exercises.

CRAHD continued its efforts in volunteer management and closed points of dispensing (PODs) efforts. CRAHD continues to improve its Health Alert Network (HAN) capacity and usefulness.

## **Waste Water Management Activities:**

CRAHD is an integral part of its constituent towns' Water Pollution Control Agency planning and/or plan implementation.

In Old Saybrook, CRAHD plays a vital role in the town's Waste Water Management District (WWMD) program. The health district staff works closely with the Water Pollution Control Authority (WPCA) to ensure implementation of its upgrade ordinance. CRAHD is responsible for ensuring that all on-site conventional sewage disposal system upgrades that are installed meet the requirements of the CT Public Health Code and the program upgrade standards, through site evaluations, lot designations, plan reviews, installation permitting and inspections, and discharge permitting. In addition, the health district has been assisting the Clinton Water Pollution Control Commission (WPCC) in its planning for its respective and pending waste water management plan.

## **Disease Tracking and Prevention:**

CRAHD conducted community and school-based flu vaccination clinics for the 4th year, and this continues to grow. Clinics were held at public locations including libraries, town halls, schools and the district office.

Our PHN, under the guidance of the director of health, conducts active surveillance of all laboratory and physician reported diseases identified by the CT DPH. She also conducts follow-up investigations of selected illnesses reported to control the spread of these diseases in the community.

Outreach and education are continuously provided for diseases of importance such as hepatitis A, B, and C, elevated childhood lead levels, Lyme disease, West Nile virus, Zika, and other vector borne diseases. The district monitors for mosquito borne diseases and also manages the mosquito control activities in the towns that participate in control.

Chronic disease control and prevention such as skin cancer prevention education and radon and lung cancer information are provided by the district.

## **CRAHD Staff List and Board of Directors 2017-2018**

<b>Staff Position</b>	<b>Name</b>
Director of Health	Scott Martinson, MPH, MS, RS
Registered Sanitarian	Steve Yenco, RS
Registered Sanitarian	Ryan Grenon, MPA, RS
Contractual Sanitarian	Rebecca Drew, RS
Contractual Sanitarian	Mindy Chambrelli, RS
Contractual Sanitarian	Zach Faiella, MPH, RS
Office Manager	Chris Collier
Public Health Nurse	Sherry Carlson, RN
Health Educator	Daisy Hernandez
<b>Board Position</b>	<b>Director</b>
Chairmen	Michael Dunne, M.D.
Vice-Chairman	Angus McDonald
Director	Jeffrey Goldblatt, M.D.
Director	Rita Foster, RN, MSN
Director	Christine Goupil
Director	Lizz Milardo

## **CLINTON HOUSING AUTHORITY**

Members of the Clinton Housing Authority are John Neri, Chairman, Arthur Isaacson, Vice Chairman, Lawrence Pilcher, Treasurer, Regina Wohlke, Secretary, Victoria LeVasseur, Resident Commissioner and Wilhelmina Watrous, Director.

Due to the fact that our waiting list for occupancy is so long, new applicants are advised that we probably won't have an opening for at least three to four years. As of this date, the list consists of 42 elderly applicants, 20 young disabled applicants and 8 couples. This past year we only had one opening so we were able to welcome 1 new elderly resident. On the advice of CHFA, we did close the acceptance of new applicants for a few months this year.

Our two maintenance men keep the landscaping in good order and they take care of most of the necessary minor repairs which keeps the complex running smoothly. They are in the process of installing new exhaust fans in all of the apartments and deep cleaning all of the heat pumps.

The Visiting Nurse Association provides us with a nurse to do a blood pressure clinic on the second Monday of each month.

We continue to hold coffee hours every Monday morning and last Thanksgiving a couple of the residents cooked a dinner and delivered meals to those who did not go to family or friends for the holiday. As they have for the past few years, The Clinton Community Women hosted our Christmas dinner. Many residents attended and were very appreciative.

*John Neri, Chairman*

# HEALTH & HUMAN SERVICES

## ESTUARY TRANSIT DISTRICT

The Estuary Transit District (ETD) was formed in 1981 by the nine towns of the Connecticut River Estuary region. The nine towns include Clinton, Chester, Deep River, Essex, Killingworth, Lyme, Old Lyme, Old Saybrook, and Westbrook. ETD's mission is to provide local, coordinated public transportation for all residents of the area. To meet this goal, ETD operates public transit under the name 9 Town Transit (9TT).

The Estuary Transit District is governed by a board of directors. Each member town appoints one representative who serves in a voluntary capacity to adopt policy, set budgets and conduct long term planning for the district. Regular board meetings are held on the third Friday of every other month at 9:30 A.M. at the Estuary Transit District. All meetings are open to the public.

ETD's four deviated fixed routes serve the main corridors of the region and provide connections to public transit providers serving the surrounding regions. In addition, ETD provides door-to-door service throughout all nine towns of the Estuary region as well as the towns of Durham, East Haddam, and Haddam through its Dial-A-Ride service. All ETD services are open to all persons with no age or disability restrictions.

ETD's services are subsidized by federal, state and local funding. This allows for inexpensive fares of \$1.75 for deviated fixed routes, \$.85 for people with disabilities, and \$3.50 for Dial-A-Ride. ETD also receives a Title III grant through the area agency on aging which allows area senior citizens to ride any ETD service on a donation basis in lieu of the fare. Nearly 100,000 passenger trips we provided during the fiscal year. 80% of all trips are made by persons below 60 years of age, and over half of all trips are employment related.

After facing a cut of 15% in state funding, ETD did receive level funding in FY 2017-2018 and will receive a 2.5% increase in state funding for FY 2018-2019 thanks to actions by the state legislature.

In addition to an increase in funding for existing services, ETD will begin new deviated fixed-route service between Madison and Middletown, new ADA paratransit door-to-door service and a taxi voucher program in FY 2018-2019.

After completing a needs assessment and site selection for a new operating and maintenance facility in FY 2017-2018, plans were put on hold. ETD is now working with the Lower Connecticut River Valley Council of Governments on a study of the countywide transit needs and determine the best model for providing

## ESTUARY COUNCIL OF SENIORS, INC.

The Estuary Council of Seniors, Inc. (ECSI) is a non-profit regional senior center located at 220 Main Street in Old Saybrook with café sites also in Killingworth, Lyme/Old Lyme and Old Saybrook. Since 1974, the ECSI's mission has been to promote senior's quality of life, community involvement, and independent living. Last year the ECSI provided over 80,000 nutritious meals including nearly 58,000 home delivered Meals On Wheels, and over 20,085 congregate meals, 382 rides to medical outpatient appointments outside the nine-town Estuary Region. Also, 1,701 individuals received free preventative health screenings, and participated in social and exercise programs too numerous to count. Our "Choices" senior counseling position that helps seniors connect with other services available to them in the community as well as navigate the Medicare/Medicaid and Prescription Drug programs has been busier than ever especially at open enrollment time.

In addition to our essential senior service, ECSI is a fun place for mature residents to exercise, dance, play cards, go on trips together, get a massage or facial, hear an interesting lecture, attend an art exhibit, get a haircut, take a painting class, join a book club or writers group, volunteer, shop at the Thrift Shop, use our fitness center, or just sit and enjoy our beautiful view. ECSI has a lovely, large facility that welcomes residents of the Estuary region 50 years old or better. All in all we had over 110,229 visits to our center in the reported time frame for meals, activities, support and fun.

During the reporting period for the Town of Clinton, the Estuary served 76 residents a total of 11,681 home delivered meals and an additional 81 residents joined us for 1,393 congregate meals. Our Emergency Medical Outpatient Transportation provided 21 individuals with 65 rides to medical appointments. We had a total of 14,923 visits by a total of 1,028 people overall to the center from residents of Town of Clinton

ECSI is funded in part by contributions from the generosity of the nine towns in the Estuary Region, Senior Resources Agency on Aging with Title III funds made available under the Older Americans Act, grants, donations, and fund raising efforts. I would like to thank the Town of Clinton for your continued support of our programs. For information and schedules of our services and programs, please call 388-1611 weekdays from 8:00 a.m. – 4:00 p.m. and Saturday 9:00 a.m. – 12:00 p.m. or visit our website at [www.ecsenior.org](http://www.ecsenior.org). If you do not already receive our monthly newsletter, please call us and we'll be happy to add you to our mailing list or send it electronically. The newsletter is also downloadable from our website. We are pleased to continue to serve the residents of Town of Clinton and be an integral part of services for seniors in the Estuary Region.

*Sincerely Yours*  
Stan Mingione, Executive Director

# RECREATIONAL - CULTURAL - HISTORICAL

## PARK AND RECREATION COMMISSION

The Parks and Recreation Commission/Department are housed at the Indian River Recreation Complex, at 201 Killingworth Turnpike, Route 81, Clinton, CT. This facility includes on Turf field (with lights), which serves as a soccer field, lacrosse field (lined for both men's and women's games) along with a field hockey field, two additional soccer fields, a 90-foot baseball diamond (with lights), baseball and soccer concession stands, a 1.3 mile walking trail, an administrative building which houses the office of the Parks and Recreation Department, fishing along the Indian River banks, a pavilion along with a playground and a basketball court (with lights). In the summer of 2018, we added a pickle-ball court to the basketball court. We will be formulating a schedule for this in the spring of 2019. This facility is utilized by the Clinton School Systems Athletic Program, Harry Swaun Little League, Babe Ruth League, Clinton Huskies, 30+, 40+ and 50+ Soccer Leagues, Clinton Youth Lacrosse and our own P & R programs such as Clinton Youth Soccer and multiple Youth Clinics and Camps, just to name a few.

We continue to maintain and make improvements to existing facilities – Peters Recreation Complex (located on Glenwood Road), Clinton Town Beach (located at the end of Waterside Lane), Heser's Pond (located on Airline Road) and our Bailey's Dog Park (located on Glenwood Road). The Peters Complex is also utilized by the Clinton School Systems Athletic Program, the Joel School P.E. Program, Clinton Touchdown Club, Clinton Youth Lacrosse Program, Harry Swaun Little League, Men's Softball, Civic organizations and our own programs. The Peters Complex includes four Little League Fields, one Softball Field (with lights), Basketball Courts (with lights), a Skate Parks (with lights), Football Field (with lights) and a practice field with portable lighting. We secured a STEAP Grant which helped us make significant improvements to the Peters Complex in the spring of 2018. The Concession stand was upgraded and the bathrooms were expanded and made ADA compliant. The home side bleachers were upgraded to include handicap access and space.

The Department has a Field Refurbishing Program that overhauls one field per year to maintain quality playing surfaces. Along with overhauling and maintaining our fields for the best playing surface we can offer, it is important to us that we continue to try and identify spots inside of our recreation area to develop additional Mini-Parks/Passive Recreations areas similar to Heser's Pond, the playscape and pavilion at the Indian River Complex. The Department of Public Works (DPW) has the responsibility of maintaining our field in conjunction with the Director of the Parks and Recreation. With the help of DPW and the Director of the Parks and Recreation Department, our facilities and fields will continually be well maintained. This collaboration helps us to provide the best possible field and facility conditions possible to the community. A walk-over bridge was installed by DPW connecting Cream Pot Road and Indian River Recreation Complex. The funds for the materials and plans were collected by the Bike and Pedestrian Alliance Committee totaling a little over \$13,000.

We produced the musical "Sugar" last summer which was directed by John Lampe, with actors and a crew of volunteers from Clinton and surrounding towns. The production was sponsored by the Clinton Parks and Recreation Family Theatre Group. Another production is planned for next summer.

The Parks and Recreation Department continues to work with the Department of Human Services (Clinton Youth and Family Services and Social Services) in scheduling programs for our youth during school vacations and the summer months. We collaborated with the Friends of Clinton Youth and Family Service Bureau and had another very successful "Halloween Window Painting Contest". We continue to collaborate with the Clinton Land Trust and presented another very successful program: "Who's Been in my Backyard?" We hope to do more of this in the future.

Our program participation continues to grow in all areas. We rely heavily on volunteers to coach teams, build sets for our shows, make costumes, etc. Without these volunteers, some of our programs

would not be possible. We held our Annual "Clinton Family Day" on July 21st. We are already planning and looking forward to this wonderful day of family games, activities and pure fun for children ages 4-12 for next year.

We want to express our gratitude to all of the Town's Boards, Commissions and Departments for their support and assistance with the many projects that we partake in. We, at the Parks and Recreation Commission, are inspired by their dedication to the Clinton Community. The Parks and Recreation Commission is actively seeking additional space for passive and active recreational development. The Commission has active plans and projects to enhance our current facilities and is always open for suggestions to improve our facilities and to expand our programs. Our facilities and programs are second to none throughout the Shoreline. The Commission is supported by a number of participants that are actively involved. The Clinton Town Beach, our prize summer attraction, continues to be upgraded for more enjoyment during the beach season. The Parks and Recreation Commission introduced new facility policy changes to better serve the community.

Our sincere thanks go out to all who have given their time to the many programs and events made available to this fine community. We would not be able to offer some of our programs without our volunteers. Our thanks go out to all the local businesses and organizations that have made generous donations over the years, which have enabled us to enhance and upgrade our facilities. With your many contributions, the P & R Department has been able to go above and beyond our own expectations to provide the best possible recreational services, events, facilities and programs to the community.

Please be sure to check out our website: <https://parkrec.clintonct.org>. We also have an on-line registration system in place for your convenience

## HENRY CARTER HULL LIBRARY

### *The mission of the Henry Carter Hull Library is:*

*To provide an inviting and dynamic environment, where all members of our community may discover both information and inspiration.*

### Highlights from 2017-2018

In 2017 and 2018 the Henry Carter Hull Library provided many unique and valuable services to the community. Two certified passport agents on staff continue to process applications for U.S. Passports in the comfort and convenience of the library's meeting rooms. Our popular and user-friendly Wi-Fi Hotspot devices generate a secure wireless internet signal wherever you go, granting students, entrepreneurs, families, and individuals internet access at home or on the go at no cost. Among the great resources offered by the library are a wide variety classes and events funded entirely by charitable donations:

A new nature and wildlife series was presented by Master Wildlife Conservationist Richard Taylor over the course of eight months. Over 400 guests attended these free programs which explored the history and habitats of various wild animals in our state, including the black bear, bobcat, white-tailed deer, coyote, fisher cat and bald eagle.

On August 21, 2017, Henry Carter Hull Library participated in the historic 2017 Eclipse. While live coverage from NASA was streamed in our Community Room, guests shared eclipse glasses and other viewing tools to see the celestial event for themselves. Over 130 guests of all ages participated in this viewing, which was the first opportunity of its kind since 1979.

The library was pleased to collaborate with Changing Minds Advocacy Group for a reinvented Mental Health & Wellness Expo on Sunday, March 18th, where over ten local wellness advocacy groups and professionals supplied over 100 patrons with free health information and resources.

### Highlights from the Teen Room:

The Teen Space at HCH Library is a popular destination for youth in grades 6-12 that focuses on providing programs driven by the interests of Clinton teens while providing resources and activities that build personal, academic, or workplace skills. To meet these goals, the Teen Room hosted over 100 events that included crafts, gaming, robotics, STEAM activities, technology and social events. Highlights from the year include a 6-Session SAT Preparation Class, SAT and ACT Practice Exams, monthly Tween Time events in addition to yearly seasonal events.

### Highlights from the Children's Room:

The Children's room was delighted to welcome Coralie Williams as the new Head of Children's Services in October and in keeping with the strong programing history at HCH, the Children's Room continues to engage and entertain children of all ages with approximately ten regular programs per week and special monthly events. Imagination Station, Read to Daffodil the Therapy Dog, and Yoga & Mindfulness are a few of the new popular weekly events.

We would like to thank Clinton Insurance Company for sponsoring an extra special event in June with Susan Hood, author of the 2019 Nutmeg Nominee Ada's Violin, The Story of the Recycled Orchestra of Paraguay. Ms. Hood's book fit in perfectly to our "Librarians Rock!" summer reading theme.

This spring the Children's Room added a beautiful reading arbor, sensory table and easel to our Children's Garden which delighted our youngest patrons and inspired a program called .

For the latest updates and information, visit [www.hchlibrary.org](http://www.hchlibrary.org) to subscribe to our email newsletters and "Like" us on Facebook: [www.facebook.com/hchlibrary](http://www.facebook.com/hchlibrary). Stop by and visit anytime during regular hours to tour your library, update your account and see what's new at the HCH Library.

# PUBLIC SCHOOLS

## BOARD OF EDUCATION CHAIR & SUPERINTENDENT OF SCHOOLS

The following report represents a summary of the highlights of the 2017-18 school year, including established District goals and progress made, student achievement, and student and staff accomplishments and recognition.

The summer of 2017 signaled the launch of strategic planning for the district. The administrative team and the members of the Board of Education met and established a new mission statement: Empowering learners to embrace and influence the future with courage and compassion. In addition, five strategic priorities were identified as the key focal areas for improvement work. This framework was intended to provide the basis for the process of developing a comprehensive strategic plan for the district that would serve as a 3-year outline for the goals and initiatives for its schools and students. Throughout the school year the plan was developed through discussion, surveys, and feedback and the specific initiatives for improvement, development, and focus were determined and outlined. In June 2018, the Board of Education reviewed and approved the new Strategic Plan for Clinton Public Schools

### District Goals and Initiatives

#### 1. Provide personalized learning opportunities to develop engaged and reflective learners who can apply their learning.

Morgan and Eliot staff worked together throughout the year to explore and begin to utilize the District Foundation Skills and Competencies within their classrooms. Teachers developed experiences and methods for assessment of these important twenty-first century skills with the goal of establishing a student demonstration of mastery in eighth grade and 11th grade. The district also worked with teachers to expand the effective use of technology for learning. This included the first ever "Technology Expo" that provided an opportunity for teachers to share and explore effective learning through digital resources and platforms.

#### 2. Ensure academic achievement and learning for all students in all disciplines.

The district introduced a new online assessment, NWEA MAP Growth assessments in grades 3 through 8 in an effort to gather performance data that could be utilized to identify individual student achievement, as well as areas of need. Teachers can utilize that information to improve instruction and student achievement outcomes. These assessments were successfully implemented and are providing guidance to teachers in order to meet the individual needs of students. In addition, at the elementary schools, there was an overall focus on writing skill instruction and performance.

In the areas of curriculum development, the district established a District Curriculum Advisory Team to establish a new cycle for curriculum renewal, vetting of course proposals, and to develop a common district format for curriculum writing. Math curriculum and programming was an area that was reviewed and the need for a new math program in grades K-5 was identified. A team of teachers reviewed options and recommended a new math program to be piloted in the 2018-2019 school year. In Science, the curriculum team explored the Next Generation Science Standards curriculum units in grades K-9. Several teachers were involved in writing the units at the state level and piloted a unit with students in preparation for implementation of the new units in the 2018-2019 school year. Another area of focus for staff was in the area of instruction and programming provided to English Language Learners. Teachers received professional development to enhance the understanding of the instructional needs of English Language students and learned how to provide appropriate strategies and supports to these students.

#### 3. Develop a school community focused on establishing relationships and providing supports that foster the health and well-being of all.

This year, the schools focused on student leadership in promoting and creating a positive school culture and climate. This included programs for our elementary students to demonstrate leadership, community fundraisers and a kindness initiative at The Morgan School. This was also the first full year of implementation of the revamped DARE program at Pierson and Eliot. Officer Spencer Mangs taught our 5th grade students Officer Brian Corbin worked with our 7th grade middle school students.

#### 4. Communicate and promote understanding of the district mission and strategic priorities among all stakeholders.

The district launched new communication initiatives, including the implementation of each school's Weekly Blast. This electronic format provided timely information to parents on Fridays, and also included a paperless system for distributing flyers and announcements to families. The Board of Education and Superintendent instituted a newsletter that was utilized to share important and timely information about the work of the Board of Education and its subcommittees. In addition, the administration and board embarked on a review of its website and explored various vendors and options for a new website. Finally, the district launched the CPS Facebook page in an effort to highlight the various unique experiences provided to our students, to celebrate successes and honors received, and to announce important initiatives to the community.

#### 5. Provide and maintain district resources in a manner that maximizes efficiencies, ensures accountability, and supports the learning and development of all students.

The work this year involved a focus on the establishment of district procedures and finding new systems and methods to improve efficiency and outcomes. Some of the new initiatives implemented included paperless communications, online student conference scheduling at Eliot and Morgan, new methods for scheduling facilities for school and community use, adjusted cleaning protocols and responsibilities, human resource system changes, and online attendance reporting and substitute management. In budgetary considerations, the district reduced overtime costs, reviewed and initiated changes in vendor contracts, and began work in evaluating facility needs. In March 2018, the Board of Education established the Clinton Community Committee on Facility Needs with the purpose of reviewing and examining the use of Clinton school facilities in grades pK-8 through the lens of programming needs, space, and cost. The committee was tasked with considering and proposing various options for school facility use in Clinton and was asked to provide recommendations to the Board of Education in October 2018 for the future use of school district facilities.

### Student Achievement on State and National Assessments

Students in grades 3 through 8 participated in the Smarter Balanced Assessment in Mathematics and English Language Arts and our students continue to perform above the State average. All students in grades 9-11 took the PSAT assessment in October 2017 and all grade 11 students took the SAT in April 2018 as part of the state mandated assessment for high school students. Scores continue to show growth in math and our students are scoring above the State average in all areas.

### School and District Staffing and Student Recognition

As a result of retirements and resignations at the end of the 2016-17 school year, the following teachers were hired as replacements in 2017-18: at Eliot: Erin Hayes; at Morgan: Moheba Sayed and Justin Sylvia.

Ms. Lisa Corrone, a special education teacher at Joel School,

# PUBLIC SCHOOLS

was selected as Clinton's "Teacher of the Year." Mr. Narciso "Nelson" Garriga, custodian at Joel School, was chosen as the "Classified Employee of the Year." Mr. Phil Williams of Kenyon International was selected as the "Business Person of the Year" for the Clinton Public Schools.

Gabrielle Bussiere and Brett Martin from The Morgan School and Ella Guth and Aidan Madura from Jared Eliot Middle School were named as the Connecticut Association of Public Schools Superintendents award recipients for the 2017-2018 school year. These awards are based on community service, service to others, academic prowess, and leadership.

Valerie Gilcher and Thomas Vincellette were recognized for 25 years of service to Clinton Public Schools.

School Resource Officer Joe Popovich completed his 4 years of outstanding service and transitioned out of the role. Clinton Police Officer Spencer Mangs was selected as the new School Resource Officer and will serve as a vital resource and work to ensure the safety and security of the students and staff of the Clinton Public Schools for the next four years.

At the conclusion of the 2017-18 school year, six veteran educators retired from the district, representing many years of outstanding service: from Pierson, Jane Allen; from Eliot, Mike BonTempo, Gail Finucane, Valerie Gilcher, Barbara Lye; and from Morgan, Joanne Nunan.

Mrs. Claudia Norman, Principal of Joel Elementary School, retired after twelve years of dedicated service to Clinton Public Schools.

*Submitted by: Maryann O'Donnell, Superintendent of Schools  
& Erica Gelven, Chair, Board of Education s*

## EMERGENCY SCHOOL CLOSURES & DELAYS

In the event of inclement weather that prohibits the safe arrival of students and/or their safe return home, school may be canceled, delayed, or dismissed early. During such events, parents are notified via telephone utilizing the School Messenger system. Additionally, notice is posted on the district website at [www.clintonpublic.net](http://www.clintonpublic.net) and at [www.ctweather.com](http://www.ctweather.com). The following radio and television stations are notified and other stations may also pick up the communication on their feeds.

## SPECIAL SERVICES DEPARTMENT

During the 2017 – 2018 school year the Special Services Department of the Clinton Public Schools successfully implemented district-wide programs to meet the educational needs of students with disabilities (those with Individualized Education Plans and those with 504 Plans), and students identified as intellectually gifted and/or musically/artistically talented. The school year began in July 2017 with a four-week special education summer school program at Joel Elementary School. A preschool class, Learning Center classes, a Student Support Center, an Intensive Learning Center, an academic and vocational program for students ages 14 – 21 and related services of school nursing, speech and language therapy, occupational therapy and physical therapy were implemented for the district's most educationally needy students. Extended year programming for elementary aged English Language Learners with limited English proficiency was also provided at Joel Elementary School in order to enable the maintenance of acquired skills over the summer months. Additionally, several students continued in their out of district programs.

Certified and non-certified staff participated in Professional Development throughout the school year. Training topics for certified staff included Writing IEP Goals and Objectives in adherence with state mandates utilizing IEP Direct, Understanding the laws and accommodations related to students with Section 504 Plans, Physical and Psychological Management Training, Special Education Legal Issues, Addressing the needs of students with Executive Functioning Deficits, Co-Teaching, and training in conducting Futures Planning. Three special education teachers completed a year long, intensive training in order to become certified in the Wilson Structured Literacy Program "Just Words." All district 504 Coordinators were trained in utilizing the software system 504 Direct with implementation beginning at the start of the school year. Additionally, staff members attended trainings outside of the district on topics including dyslexia, assistive technology, training on the assessment and instruction of students with behavioral and emotional concerns, secondary

## PUBLIC SCHOOLS

---

transition assessment and program implementation, programming for gifted students, and developmentally appropriate programming for preschool aged students. The non-certified staff participated in Professional Development to enhance their understanding of the functions of behavior, and how to best intervene with students who experience social, emotional, and behavioral challenges. The Eliot and Morgan staff worked to align practices in the area of Secondary Transition by examining and refining their work in the areas of assessment, community participation, and self-advocacy.

The Special Services staff participated in a number of initiatives during the school year. School and Department goals were developed and implemented. School staff continued to work to enhance co-teaching practices, and to increase access to the general education curriculum for all students with disabilities. Special services staff members received continued support and training in implementing IEP Direct and in refining PPT procedures. A particular emphasis was placed on providing professional development for all district staff regarding the needs of students with social, emotional and behavioral difficulties. The School Psychologists, Social Workers, and district Board Certified Behavior Analyst worked with the Director of Special Services to develop a Behavioral SRBI District Document with supporting materials, such as those utilized for data collection. Unified Sports was continued at Eliot and implemented at Morgan. The Young Athletes program continued at the Joel School. The Peer Mentoring program at Morgan successfully continued, with the addition of well-attended evening socials.

Eliot School Psychologist, Steven Mendelsohn, President Elect of the CT Association of School Psychologists, was selected as a member of the CT delegation to attend the National Association of School Psychologists (NASP) Leadership Development Meetings and Convention. Upon his return he shared information with the district team regarding universal screening tools to be utilized at the secondary level to assess potential social, emotional and behavioral needs. The district subsequently identified a tool to be utilized during the 2018 – 2019 school year. The universal screening procedures for the district were then outlined in the district Behavioral SRBI District Document.

The Inclusive Preschool Program and the two JumpStart preschool programs worked with consultants from LEARN as they completed the process of seeking accreditation through the National Association for the Education of Young Children (NAEYC). Soon after the close of the school year the district was notified that NAEYC Accreditation had been granted. The official report highlights exceptionally strong scores in all areas assessed by the association, acknowledging Clinton's strong commitment to the highest level of programming in the area of early childhood and early childhood special education.

The 2018 – 2019 Special Services Improvement Plan will focus on a number of district and state initiatives. The Special Services staff will continue to improve and enhance the inclusion of students in the Least Restrictive Environment, with a particular emphasis on improving the ability to align standardized instruction and progress monitoring with specialized instruction in the area of reading. Three special education teachers will be participating in an intensive, year long program in order to receive Wilson Reading Level I certification. Staff working within the district's Student Support Centers will be utilizing Ross Greene's Collaborative Problems and Solutions approach when working with students who experience social, emotional and behavioral challenges. Regular, building level collaborative meetings will continue to take place for special services staff in order to increase teaming opportunities and to build capacity in the development of IEPs and specialized programming. The department will continue

to work with families to help facilitate long-term care plans and an understanding of disabilities benefits. A regional network was developed last year in order to develop and run evening parent meetings on topics specific to long-term planning. Clinton collaborates with several area districts in order to plan and host these events.

We look forward to a new school year and our continued commitment to increasing the academic achievement and the social and emotional well-being of all students.

*Kelly C. Enoch, Director of Special Services*

### LEWIN G. JOEL JR. SCHOOL

Joel School experienced another outstanding school year in 2017-2018! We were proud to have been recognized by the Connecticut State Department of Education as a School of Distinction for the second year in a row! Joel was recognized as a high performing school and fell within the top 10% of CT schools with respect to the states Accountability Index. Only 65 Connecticut schools at the elementary, middle and high school level received this honor!

This year staff utilized time and resources in furthering our success through established school goals that included several areas focused on piloting a writing assessment, implementing the preschool Creative Curriculum, utilizing CT English Language Proficiency (CELP) Standards to enhance instruction for our English Learners, providing electronic communication to parents on a weekly basis, and evaluating and refining behavior intervention communication to families and student leadership. As the only preschool through grade three elementary school in Clinton we are proud to be known as providing a family-like atmosphere; promoting positive relationships with our parents, students and the community; and focusing on educating the whole child.

This year, during professional development time, K-3 teachers and coaches focused on the implementation of our Writing Assessment, utilized the English Learners Assessment (LAS) in conjunction with the CELP standards to identify teaching strategies for students learning English, worked toward preschool accreditation through the National Association for the Education of Young Children (NAEYC), piloted a new on-line third grade Measure of Academic Progress (MAP) assessment, researched and provided grade level resources and on-line activities for parents, revisited the alignment of phonics instruction with a focus on syllabication, reviewed de-escalation techniques when assisting students in need, and attended Executive Function and Purposeful Play: Increasing Child Outcomes and Success in School and Life by E.A. Aschenbrenner.

The School Climate Committee focused on the continued implementation of monthly grade level town hall meetings and student leadership. Teachers selected students that consistently demonstrated respect, owning their decisions, caring and kindness, and safety. These students (Joel School ROCKERS) developed possible spirit days, voted on the spirit days that would be celebrated, and created posters to advertise the spirit days. The spirit days were to celebrate the school's participation in collections related to hurricane relief in Puerto Rico and wildfire relief in California. In addition, a spirit day was organized by these Joel ROCKERS to celebrate reaching their goal for Box Top collections in coordination with the Friends of Joel.

Throughout the school year, Joel School continued to pursue opportunities to give back to the community, instilling the ideas of goodwill and compassion within our students. Activities included Pennies for Patients, canned food drives for local food banks, and holiday collections. Our annual 100th Day Celebration was a success and students and staff went out of their way to support those in need. Student donations helped support Forgotten Felines, Families

## PUBLIC SCHOOLS

---

Helping Families, Food for All Garden, Our Soldiers, the Joel School Nurse, Shoreline Soup Kitchen, Little Miracles and A Place Called Hope.

We were pleased to continue our relationship with the Connecticut Association of Schools (CAS). This year we were thrilled to have them select our assistant principal, Mr. Joseph Macrino as the 2018 CT Association of School's Elementary Assistant Principal of the Year. Mr. Macrino served as our assistant principal for the past four years. His hard work and dedication to enhancing our school climate and his passion for educating our youngest students were a few of the reasons he was selected. In the spring, Mr. Macrino accepted a principal position with the Waterford Public Schools. Beginning July first he will be the principal of the Oswegatchie Elementary School. Other changes in administration included the retirement of Principal Claudia Norman beginning June 30, 2018. Mrs. Norman served as principal of the Joel School community for the past twelve years. Mrs. Angela Guarascio will move from her position as principal of Pierson School to principal of Joel School beginning July 1, 2018. Hiring will occur for a new assistant principal at Joel and an interim principal for Pierson School during the summer months.

Joel offered families three nights of fun through two initiatives. The first initiative, Awesome Arts at Joel, allowed parents time to spend an evening exploring second graders' work within the arts. With the assistance from teachers Nancy McAllister, Gail Gosselin, and Carolyn Engle; students demonstrated music skill development in the cafeteria while student artwork lined our hallways for all to enjoy. The second initiative allowed parents a fun night playing a variety of unique and challenging games during two Family Math Game Nights organized by Gail Apgar, Heidi Hayes, NancyLynn Maselli, Christine West and Kate Madura.

Our school year also included many traditional events that we all look forward to such as our two third grade choral concerts, preschool Young Athletes event and K-3 Sports-a-thon, Fire Prevention Week with our Clinton Fire Volunteers, and visits from our local veterans and Clinton's VFW during our Veteran's Day Assembly. Our students benefitted from two other annual events in which kindergarten students received their very first public library card from the Henry Carter Hull Library and third graders received a brand new dictionary from the Clinton Rotary Club.

Joel School also benefitted from many cultural activities made possible by all of our parents and organized by our Friends of Joel. Students enjoyed presentations such as the Chinese Acrobats, Math Wizards, Irish Culture and Dance, Mindfulness, and High Touch High Tech Hands-on Science. Friends of Joel, well known for their Monster Mash Family Night, also sponsored a very successful fourth annual Ice Cream Social community night for Joel parents and our students. Lastly, Friends of Joel planned a very successful 'Book Swap' for all Joel students. This event nicely rounded out our year and provided students with up to 10 'gently used, but new to me' books to start their summer reading. Students enjoyed selecting from nearly 5,000 donated books! Overall, Lewin G. Joel, Jr. Elementary School was very busy with learning and filling buckets during the course of one school year. We continue to look forward to building upon our mission and vision of "Being and Doing Our Very Best – Live, Love, Laugh and Learn".

Submitted by Claudia Norman, Principal

### ABRAHAM PIERSON SCHOOL

Thanks to hard working students, dedicated and creative staff, supportive families, and involved community members the 2017-2018 school year at Abraham Pierson School was positive and productive. Pierson staff continued to focus on district and school goals to address student learning and effective instruction through the implementation of comprehensive Professional Learning Plans and via collaborative Data Dialogue, Faculty, and Professional Development meetings. Instructional methodology designed to support active and differentiated learning through the use of standards based curricula was supported through teacher participation in professional learning about effective instructional strategies and resources. Continued professional learning at the team, grade level, school, and district levels extended professional understanding about how students learn best notably through the implementation of Readers and Math Workshop models and embedding instructional technology into all learning experiences. All teachers received training to build their capacity to understand how executive function skills affect students in the classroom. Specialized and differentiated instruction to remediate and enrich student understanding continued to be supported through a Co-Teaching model of instruction. Through the collaborative process the Pierson Student Assistance Team process continued to refine the use of diagnostic tools to support services provided at Tier 1, 2 and 3 levels in language arts, mathematics, and behavior. Students participated in the Smarter Balanced Consortium Assessment in Mathematics and English Language Arts, and Next Generation Science Standards. In addition, each teacher maintained an individual website designed to enhance home-school communication about Safe School Climate Goals.

The year was filled with special events and challenging programs designed to meet the diverse needs of students in grades four and five through integrated and multidisciplinary lessons that supported learning across the curriculum. The year began with a school wide field trip to see the movie Wonder based on the favorite children's book. This laid the foundation for a year- long focus to "Choose Kindness" across all settings. Grade four students completed multidisciplinary science "Expo" projects. Marine Studies Day at the Clinton Town Beach included exploration stations about oyster seeding, seining, and osprey observations. Grade five students participated in "Book Chats" where they applied critical thinking to their reading, the ever popular "Cow's Eye Dissection," technology based research projects through Integrated Studies, and the D.A.R.E program.

Students learned through several exciting school assemblies including visits by real authors, a CT judge, and a "Mystery Skype" with a live musher who works in Alaska! Field trips to Bushy Hill Nature Center, the Connecticut Science Center, and the Eli Whitney Museum also enriched student learning. The Pierson band and chorus once again performed beautifully during the winter and spring concerts. Students identified as intellectually gifted and musically and artistically talented were supported through extension and enrichment of the curriculum by writing articles for the school newspaper and attending a Leadership Conference at Norwich Community College.

Through the Pierson PM program students competed in "Invention Convention," "Geography, History, and Spelling Bees, "Continental Math League" and contributed to the raising of fresh produce in the "Food for All Jr." Community Garden. A creative musical theatre production of "My Son Pinocchio" showcased talented students and staff to the delight of students, families and the Clinton community! In addition, Pierson School was the recipient of several generous donations including funds to support the participation of students at national competitions and scholarships to Bushy Hill

## JARED ELIOT MIDDLE SCHOOL

Jared Eliot Middle School began the year welcoming back 448 students and 70 certified and non – certified staff members. New staff included Erin Hayes (Special Education – 6th grade); Maria Moran (Spanish) in 7th grade and Jodi Smith (nurse). At the first faculty meeting in August the school reviewed and set goals for the year. They included consistently implementing practices based on the district Foundation Skills with a focus on reflection; implementation of MAP assessments; evaluation of math, literacy, and social studies curriculum; identification and implementation of inclusionary practices; redefinition of the Student Assistance Team and SRBI practices; engaging secondary staff in articulating K-12 Habits of Mind; support of the implementation of inclusionary practices; support for the implementation of a weekly electronic newsletter and a new phone system with voice mail; implementing a new Open House format and Parent Conference scheduling format and review, evaluation, and refinement of the Eliot schedule in order to support systems of learning and maximize district resources.

During the month of September the 7th grade attended team building fieldtrips to Camp Hazen. Tryouts were also held for boys and girls soccer and Cross Country began practices in preparation for meets. Professional Development activities began with a focus on effective instructional strategies and inclusionary practices as well as intensely reviewing and discussing district Foundational Skills with a focus on the writing process. Additionally, a new Open House format was piloted and received tremendous positive feedback from parents and staff. Staff and students participated in the school wide Book Chat activity as well as a school wide assembly on September 1st by motivational speaker Ed Gerity. A successful security drill was held on September 13th supported by the school Resource Officer. In October, the After Hours program began providing enriching activities for students. District administrators also began the process of 'Rounds' which are focused visits to each other's buildings. Additional activities for the month included school photos, Vo-Ag and Vinal Tech presentations, Math and Literacy Department meetings, school – wide Rock & Walk-a-Thon, and MacKenzie Water Treatment Plant field trips for 6th graders. Also, the first After Hours session (6 weeks) began for the year. Offerings included arts and crafts, Homework Club, problem solving activities, and activities focused on interests in math, science, and engineering. Mrs. Stephanie Quarato provided a flipped classroom workshop to parents of Team 8.2 on October 4 and focus continued on Foundational Skills during the early dismissal on October 19. SBAC results were mailed home to parents in early October. Mr. Mike Bontempo was recognized with a service award as the School Coalition Member of the Year for the CT Association of Prevention Professionals at a ceremony held in Southington. In November, outdoor activities began to shift to winter offerings. Events included a very moving Veteran's Day Assembly, Parent Conferences, a Mobile Dental Clinic Day, Scholastic Book Fair, and a celebration of Jared Eliot's birthday with staff member Chris Horan greeting students in costume. 6th grade students also travelled to the Westbrook movie theatres to see Wonder, a book being read by the literature classes. In December, professional development continued to provide training and discussion opportunities based on differentiated instructional practices and district Foundational Skills. Other events for the month included Winter Concerts, School Social, and a Holiday Gift Sale for students. Through an Alternative Gift Giv-

ing Program, Jared Eliot staff provided holiday cheer to many needy families. Since beginning in 1998 over \$40,000 have been provided to Clinton families and students providing holiday comfort and cheer. Other activities included Friends of Eliot Ski Trips, and mid – term exams for 8th graders. In January students enjoyed winter sports such as basketball as well as FOE ski trips. The DARE program was also provided to 7th grade students through the Health classes. 8th grade students began mid- term exams on January 23rd. In February school activities included dodge ball tournaments, After Hours programs, and an 8th grade Chinese program (Morgan) presentation. In March, Spring Parent Conferences were held at Jared Eliot using the new electronic scheduling format. Professional Development activities continued to focus on differentiation, articulation between secondary staffs, and district Foundational Skills. Activities for the month included a continuation of the After Hours programs, CMT Science testing, Pasta Night for the Clinton community, and the beginning of spring sports. An Enrichment Night was held for TAG parents at the BOE conference room on March 6th. On March 5th high school course selections began for 8th grade students. An Algebra readiness information night for 7th grade parents was held at Eliot on March 8th. In April all students enjoyed Project Adventure activities in the gym. Eliot and district staff participated in the Junior Portfolio program at Morgan. Other events for the month included dodge ball tournaments, Book Fair, 8th grade Newport trip, and a very successful music trip to Hershey Park, Pa. where the band and chorus received excellent and superior ratings. In May all students participated in statewide SBAC testing and assessments. Also during the first week of the month the entire 6th grade was at Nature's Classroom while the 7th grade visited Mystic Seaport. The 6th grade also visited Boston Freedom Trail and Aquarium at the end of the month and the Summer Reading Kick-Off was enjoyed by the entire school in early June. At the annual Staff Reception, Mrs. Valerie Gilcher and Mrs. Jane Kennedy were recognized for their years of service to Clinton and their retirement. Also retiring this year were Mrs. Gail Finucane and Mr. Maurice Kennedy. We wish to thank them for their outstanding service to Jared Eliot Middle School students. On May 23rd, 8th grade students enjoyed a trip to the Good Speed Opera House ('Will Rogers Follies') and on June the 15th the class went to Holiday Hill. An Awards Assembly on June 18th recognized student achievements and Promotion was held during the evening of June 19th. 139 8th graders were promoted to the Morgan School.

Staff actively participated in professional development workshops or conferences during the year. Topics included supporting Visually Impaired Students, Orton – Gillingham Training, Just Words training, Wilson language training, Naviance review, The Atomic Conference, Developing FBA's and BIP's, CREC Instructional Coaching, Team Mentor Training, Psychotherapy for Psychosis, Differentiated Instruction in Middle School, Developing Coding Skills, Tier 2 Decision Rules, and a yearlong review of district Foundational Skills as well as the Impact of Social Media & Technology to name a few.

Goals of developing a continuum of effective instructional practices , enhancing communication and collaboration among the school community through the use of District technology tools such as Google Drive and Google Classroom, and support for consistent school attendance through the 'Strive for Five' program were achieved this year. The 2018/2019 school year will be the final year of a three year designation recognizing Jared Eliot as a NELMS 'Spotlight School'. Tentative goals for next year include reviewing articulation points at grades and between buildings with an emphasis on support for Foundational Skills, reviewing assessment types, use, and effectiveness, and developing a middle school schedule reflective of district grade changes.

# PUBLIC SCHOOLS

## THE MORGAN SCHOOL

The annual STEP program for incoming freshmen was held in late August. Over the three days, 145 freshmen met with Morgan students and staff and participated in a variety of activities intended to help ease the transition to Morgan.

The Morgan School welcomed 570 students in late August, beginning the 148th year of providing the youth of Clinton with an outstanding educational opportunity.

The annual Open House/Back to School program was a great start to the new school year. Parents attended a welcome back presentation with Mrs. Hagness and assistant principal, Tyler Webb, followed by our meet and greet in which members of various organizations, clubs and activities presented information as parents mingled and enjoyed refreshments provided by Mrs. Nunan's culinary class. The evening ended with parents following their child's schedule and meeting with teachers. Over 175 parent and guardians took the opportunity to come to Morgan and to learn about the exciting educational programs available to their children.

Morgan's annual "I Love This Book" program calls on faculty and staff at the high school to choose a book they love to share with students in the fall. Over forty teachers and para-professionals regularly participate in the program, thus offering students many choices of books from which to pick for summer reading. Instead of giving the usual quiz on the book, chat leaders engage students in a discussion, just as students' adult counterparts do in book clubs. Thus students are provided with more choices and with a more authentic learning experience.

The annual Veteran's Day Program, held on November 10, 2017 and sponsored by The Morgan School, was attended by the students and staff of Morgan and more than 40 Clinton veterans and their families. The audience was treated to a musical program put together by the Morgan chorus under the direction of John Lampe and the Morgan band under the baton of Ray Smith. The program was coordinated by The Morgan School and Senior Chief Joseph Dietrich, USN. Afterwards, our Morgan culinary program hosted a luncheon for the veterans and their families.

Homecoming 2017-18 was held during the week of October 23, 2017. The week was filled with spirit days and a Pep Rally. Staff and students showed their Morgan pride throughout the week culminating in our Homecoming Dance.

The Morgan School held its annual blood drive for staff and students on October 4, 2017. This event is hosted each year by our National Honor Society.

On November 8, 2017 the Rexford H. Avery Chapter of the National Honor Society inducted twenty-two new members. The inductees and their family gathered in the Morgan cafeteria for a delicious meal, provided by the cafeteria staff, followed by the induction ceremony. Congratulations to the following students: Caleb Adams-Hull, Beatrice Atengco, Rebecca Arribas-Cockley, Sydney Church, Amber DeLuca, Andrew Emack, Rachel Flanagan, Ella Franzoni, Simon Hua, Caitlin Jenkins, Katherine Kozak, Alyssa LeMay, Erin Lindsay, Taylor Marnett, Michael Menacho, Brianna Navarra, Matthew Newfield, James Nye, Edward O'Sullivan, Chelsea Piccirillo, Daniel Radka, Isabelle Ranaudo, Angela Recine, Kitty Shortt, Caitlin Turner, Joelle Vuilleumier

Congratulations to the following students who were inducted into The Morgan School's Spanish Honor Society on December 6, 2017: Caleb Adams-Hull, Mackenzie Anderson, Beatrice Atengco, Gabrielle Bussiere, Matthew Capece, Andraya Carse, Sydney Church, Katherine Daley, Emily Ellal, Madison Emmi, Ella Franzoni, Allison Gardner, Johanna Gutierrez, Calvin Jackson, Garrett Johnson, Nina Kelly, Cameron LeClaire, Erin LeViness, Erin Lindsay, Kaitlyn

Maurais, Olivia McCray, Morgan Mester, Sophia Muce, Nicholas Muratori, Hannah Nobitz, Chelsea Piccirillo, Brittany Rojas, Isabelle Ranaudo, Grace Roman, Madison Seeger, Kitty Short, Mary Kate Staunton, Anthony Tran, Miles Waterbury

Congratulations to the following students who were inducted into The Morgan School's National Technical Honor Society: Haley Smith, Grace DeVries, Grace Hull, Ashley Annicelli, Nick Bussiere, Hill, Alexander, Kate Kjos, Rachel Flanagan, Scott Accetta, Antonio Tran, Caitlin Jenkins, Tom Southwood, James Gibbs, Matthew Beauvais, Paul Rodriguez, Jhan Bermeo, Destiny Goding, Chad Davenport, Ray Rigat, Nick Caprio

On February 1, 2018, The Morgan School Counseling Department hosted College Knowledge Night. The evening offered families a host of valuable informational sessions focused on the college process.

Congratulations to the following students who were recognized as Morgan Scholar Athletes for 2017-2018 school year: Anes Gadun, Robyn Vuilleumier

The annual Financial Aid Workshop, presented by the Guidance Department, was held on October 17, 2017. It was again a great success! Nicholas Yoia, from Quinnipiac University, helped parents understand the sometimes complex world of college finance and how to maximize available benefits.

Families of incoming students attended our annual 8th grade Morgan Open House on November 28, 2017. Families were provided with a tour of Morgan led by Morgan students and were able to visit various classrooms to discuss courses and high school expectations with Morgan faculty. The event also included a question and answer panel comprised of Morgan students and staff members.

New members inducted into The Morgan School French National Honor Society: Joelle Vuilleumier, Simon Hua, David LaRiviere, Amber DeLuca, Alyssa LeMay, Daniel Radka, Matthew Zoner

Every March at The Morgan School, students play Morgan faculty in the Swoosh for Change basketball fundraiser. The Eliot Chamber Choir sang the National Anthem, there were exciting halftime festivities, a 50-50 raffle and a raffle for various themed baskets. All proceeds benefited Families Helping Families.

Katherine Kozak and Miles Waterbury received their Connecticut Association of Schools Outstanding Visual & Performing Artist awards at a banquet at the Aqua Turf Club in Southington CT.

Selected to receive the 2017-2018 CAPSS Student Leader award: Brett Martin and Gabrielle Bussiere

Katherine Daley and Anes Gadun were selected as this year's Connecticut Interscholastic Athletic Conference Scholar Athletes.

Every year, The Morgan School puts on a musical show. This year, the Morgan musical was She Loves Me. Year in and year out the musical brings a Broadway-level performance to brighten the community. The production was superb and the performance fantastic.

Administrators, guidance counselors and program chairs presented information about The Morgan School to parents of incoming freshmen on March 1, 2018 at The Morgan School. This is one of series of freshmen transition activities designed to support parents and students in their transition from middle school to high school.

143 juniors presented their work in front of a panel of Clinton administrators and teachers as part of their Junior Portfolio Exhibition on April 13, 2018. This was our fifth exhibition which is now a graduation requirement for all students. The event provided an opportunity for students to share their work and discuss how they are progressing as a learner relative to our academic expectations.

Morgan had many student trips this year. Over April break Mrs. Mularski took 20 students to Scotland while Mrs. Luther and Ms. Peterson took world language students to Spain. Mrs. Martino took

# PUBLIC SCHOOLS

16 French students to Quebec from March 8 to March 11 and Mr. Lampe, took 20 students to see Hello Dolly in NYC.

The annual cupcake war competition was held on April 5, 2018. Culinary Arts teacher Joanne Nunan conducts a cupcake competition between her culinary and foods classes. The judges consist of the Morgan faculty and each cook works with another cook to create the most delicious cupcakes. This year's winners were Ashlyn Harris and Cassidy Shepard who won with their Breakfast Delight cupcake.

Husky Helper Day was held on June 1, 2018. During the day, members of the Senior class help out around the town of Clinton. Locations this year included The Clinton Fire Department, Hammonasset Park, Boxes for Soldiers, Clinton Town Beach, The Shoreline at Clinton, Historical Society, Food for All Community Garden, and the Henry Carter Hull Library.

The Class of 2019 held its junior prom on May 18, 2018 at Water's Edge in Westbrook. On May 25, 2018 the Class of 2018 held their senior prom at Saint Clements Castle in Portland. Each venue was beautiful and the students and staff greatly enjoyed both occasions.

College Board Advanced Placement testing took place during the month of May. Our student participation rate was the highest it has ever been at The Morgan School: 89 students took a total of 184 tests.

The annual Senior Class Awards and Underclassmen Awards program were both held in June recognizing the academic, athletic, service activities and accomplishments of students at The Morgan School.

Class of 2017 Valedictorian: Kaitlyn Maurais, Salutatorian: Katherine Daley

Commencement Exercises for the Class of 2018 were held on June 20, 2018. 131 students were awarded their diplomas.

Keri Hagness, Principal

# TOWN SERVICES DIRECTORY

## MEETING DATES

All board and commission meetings are open to the public with the exception of executive sessions.

The Selectman's office, 860-669-9333, will provide information for scheduled meeting times and places of boards and commissions.

Agendas of upcoming meetings are posted on the bulletin board outside the Town Clerk's office and on the town's website [www.clintonct.org](http://www.clintonct.org).

Minutes of meetings are available for the public's reading in the Town Clerk's office as well as on the town's website [clintonct.org](http://www.clintonct.org).
